LOI DE 1987 SUR LES TRANSPORTS ROUTIERS

DEMANDES DE DÉLIVRANCE D'UNE LICENCE D'EXPLOITATION D'UNE ENTREPRISE DE CAMIONNAGE INTRA-PROVINCIALE

On trouvera ci-après la liste des demandes de licences d'exploitation présentées en vertu de la partie III de la *Loi de 1987 sur les transports routiers*, L.C. 1987, chapitre 35. On a jugé que les personnes ayant présenté ces demandes se conformaient aux critères d'aptitude prévus à l'article 6 de la *Loi sur le camionnage*, L.R.O. 1990, chapitre T.22. L'office des transports de l'Ontario propose donc de délivrer ces licences à moins que, dans les trente jours suivant la publication des présentes, une personne signifie à l'auteur de la demande et dépose auprès du registrateur des véhicules automobiles, accompagnée des droits prescrits, une demande écrite pour la tenue d'une audience portant sur l'aptitude de l'auteur à détenir une licence, conformément au paragraphe 7 (4) de la *Loi sur le camionnage*, L.R.O. 1990, chapitre T.22.

LOI SUR LE CAMIONNAGE

On trouvera ci-après la liste des demandes de permis d'exploitation présentées en vertu de la *Loi sur le camionnage*, L.R.O. 1990, chapitre T.22. On a jugé que les personnes ayant présenté ces demandes se conformaient aux critères d'aptitude prévus à l'article 6 de la Loi. Le registrateur des véhicules automobiles propose donc de délivrer ces permis à moins que, dans les trente jours suivant la publication des présentes, une personne signifie à l'auteur de la demande et dépose auprès du registrateur des véhicules automobiles, accompagnée des

droits prescrits, une demande écrite pour la tenue d'une audience portant sur l'aptitude de l'auteur à détenir un permis, conformément au paragraphe 7 (4) de la Loi.

Les personnes suivantes ont demandé l'autorisation d'offrir les services de transport décrits ci-après entre divers endroits en Ontario :

NOTICE "C" E.B.R.O. 486

NOTICE OF REVIEW AND
NOTICE OF APPLICATION

The Ontario Energy Board ("The Board") notified Union Gas Limited ("Union") on December 29, 1993 of its intent to inquire into and determine whether Union's rates and other charges for the sale, distribution, transmission and storage of gas are just and reasonable (the "Review") for the period commencing on April 1, 1994 and ending March 31, 1995 (the "1995 Fiscal Year"). As a result, Union will be filing its projected results for the 1995 Fiscal Year in support of the Review.

In addition, Union has filed with the Board an Application dated July 22, 1994, under section 19 of the Ontario Energy Board Act, R.S.O. 1990, c. O.13. Union requests approval of new rates and other charges commencing April 1, 1995 and ending March 31, 1996 (the "1996 Fiscal Year") following public hearings. For the 1996 Fiscal Year, Union requests recovery of a proposed revenue deficiency of approximately \$20 million.

The hearing of the Application will be combined with the Review under Board File No. E.B.R.O. 486.

Any customer of Union may be affected by the determination of these matters by the Board.

This Notice does not constitute service but is published as a matter of record only.

AVIS «C» E.B.R.O. 486

AVIS DE RÉVISION ET
AVIS DE PRÉSENTATION D'UNE DEMANDE

Le 29 décembre 1993, la Commission de l'énergie de l'Ontario («la Commission») a avisé Union Gas Limited («Union») de son intention

d'examiner les tarifs et les autres coûts facturés par Union pour la vente, la distribution, le transport et le stockage du gaz, et de fixer des tarifs justes et raisonnables (la «révision») pour la période commençant le 1^{er} avril 1994 et se terminant le 31 mars 1995 (l'«exercice 1995»). Par conséquent, Union déposera ses résultats prévus pour l'exercice 1995 pour étayer la révision.

En outre, Union a déposé, auprès de la Commission, une demande datée du 22 juillet 1994 en vertu de l'article 19 de la Loi sur la Commission de l'énergie de l'Ontario, L.R.O. 1990, chapitre O.13. Union souhaite faire approuver de nouveaux tarifs et d'autres coûts qui s'appliqueraient à la période allant du 1^{er} avril 1995 au 31 mars 1996 (l'«exercice 1996»), à la suite d'audiences publiques. Pour l'exercice 1996, Union cherche à combler une insuffisance des revenus prévue d'environ 20 millions de dollars.

L'audience relative à la demande sera regroupée avec la révision sous le numéro de dossier E.B.R.O. 486 de la Commission.

Il est possible que certains des abonnés de Union soient touchés par la suite que la Commission donnera à ces questions.

Le présent avis n'est publié qu'à titre de fait enregistré, et son contenu ne doit pas être considéré comme ayant été signifié.

Fait à Toronto le 5 août 1994.

2. (1) November 23, 1993 is the date prescribed for the purpose of subsection 5 (3) of the Act, clause 33 (2) (f.2) of the Act and paragraphs 2, 3 and 4 of subsection 105 (1.1) of the Act for any rental unit,

- (a) in respect of which, before November 23, 1993, an order had been made finding that any rental unit in the residential complex in which the rental unit is located was subject to rent regulations under the Act or a predecessor of the Act;
- (b) that was subject to rent regulation under the Act on November 22, 1993; and
- (c) that is in a residential complex that was a care home on November 23, 1993.

(2) For any rental unit to which subsection (1) applies but is not rented on November 23, 1993, the first day after November 23, 1993 that the unit is rented is the date prescribed.

(3) For a rental unit that was rented as a rental unit not in a care home on or after November 23, 1993 but becomes a rental unit in a care home, the day that the rental unit is first rented as a rental unit in a care home is the prescribed date for the purposes of,

- (a) subsection 5 (3) of the Act;
- (b) clause 33 (2) (f.2) of the Act; and
- (c) paragraphs 2, 3 and 4 of subsection 105 (1.1) of the Act.

3. The information package referred to in section 9.1 of the Act is required to contain the following information:

1. List of the different types of accommodation provided and the alternative packages of care services and meals available as part of the total charge.
2. List of the total charges for each combination of type of accommodation and alternative package of care services and meals available.

3. Description of the care services and meals provided in each of the alternative packages listed, any limitations on the availability of the care services and meals, and the charge for each of the alternative packages.
4. Information on the frequency of increases to the charge for each of the alternative packages listed.
5. List and fee schedule of the additional services and meals available from the landlord on a user pay basis.
6. Minimum staffing levels and qualifications of staff.
7. Details of the emergency response system, if any, or a statement that there is no emergency response system.
8. Internal procedures, if any, for dealing with complaints, including a statement as to whether tenants have any right of appeal from an initial decision.
9. Statements that:
 - i. Rent does not include charges for care services and meals.
 - ii. Generally, a landlord cannot increase the rent by more than the guideline that is set each year by the Ministry of Housing.
 - iii. A landlord must give the tenant a notice of rent increase at least 90 days before the date of the rent increase. A landlord can only increase the rent if 12 months have passed since the last rent increase for the unit. However, if the tenant rents

part of the unit, the landlord can only increase the rent if 12 months have passed since the last rent increase for that part of the unit.

- iv. If a landlord intends to increase the charge for providing care services or meals to a tenant, the landlord must give the tenant a notice to increase the charges for care services or meals at least 90 days before the date of the increase.
- v. A tenant may cancel a tenancy agreement by telling the landlord in writing within five days after signing the tenancy agreement that the agreement is cancelled.

4. The maximum rent for a rental unit described in subsection 10 (2.1) of the Act, where there are fewer tenants occupying the rental unit on the initial rent date than the rental unit was intended to accommodate on the initial rent date, is determined by applying the following formula:

$$\frac{\{(\text{rent} - \text{tsc}) \times \text{intended number of tenants}\}}{\text{actual number of tenants}} + \text{tsc}$$

where rent is the amount that is reasonably allocated to rent of the amounts actually charged for that rental unit and for the care services and meals provided to the tenants of that rental unit on the initial rent date, tsc is the total separate charges that are those amounts that the landlord charges separately.

LOI DE 1992 SUR LE CONTRÔLE DES LOYERS

pris le 20 juillet, 1994

déposé le 3 août 1994

modifiant le Règl. de l'Ont. 415/92
(Formules)

Remarque : Le Règlement de l'Ontario 415/92 n'a pas été modifié en 1994. Pour les modifications antérieures, voir la Table des règlements qui figure dans les Lois de l'Ontario de 1993.

1. Le paragraphe 2 (1) du Règlement de l'Ontario 415/92 est modifié par adjonction des alinéas suivants :

- b.1) après le 1^{er} janvier 1995, selon la formule 21, dans le cas d'un logement locatif situé dans une maison de soins si, selon le cas :
 - (i) la totalité de l'augmentation ne peut être demandée ni perçue :
 - (A) soit avant que l'agent des loyers n'ait rendu une ordonnance en vertu de la Loi par suite d'une requête en vue d'augmenter le loyer maximal du logement locatif d'un pourcentage supérieur au taux légal, ou qu'un avis de report ne soit délivré en vertu de la Loi,

(B) an order has been made under the *Residential Rent Regulation Act* or a notice of phase-in has been given under that Act, or

(ii) at the time the notice is given there is an application outstanding under the Act or the *Residential Rent Regulation Act* to increase the maximum rent by more than the guideline for any rental unit in the residential complex in which the rental unit affected by the notice is located;

(b.2) after January 1, 1995, in Form 22 for a rental unit in a care home if clause (b.1) does not apply; or

2. Subsection 7 (3) of the Regulation is revoked and the following substituted:

(3) A statement of care home information under subsection 104.1 (1) of the Act shall be in Form 20.

(4) After January 1, 1995, a notice of increased charges for care services or meals shall be in Form 23.

3. Forms 3, 11 and 13 of the Regulation are revoked and the following substituted:

(B) soit avant qu'un arrêté ne soit pris en vertu de la *Loi sur la réglementation des loyers d'habitation* ou qu'un avis d'inclusion progressive ne soit donné en vertu de cette loi,

(ii) au moment où l'avis est donné, il n'a pas été statué sur une requête présentée en vertu de la Loi ou de la *Loi sur la réglementation des loyers d'habitation* en vue d'augmenter d'un pourcentage supérieur au taux légal le loyer maximal d'un logement locatif situé dans l'ensemble d'habitation où se trouve le logement locatif visé par l'avis;

b.2) après le 1^{er} janvier 1995, selon la formule 22, dans le cas d'un logement locatif situé dans une maison de soins si l'alinéa b.1) ne s'applique pas;

2. Le paragraphe 7 (3) du Règlement est abrogé et remplacé par ce qui suit :

(3) La déclaration de renseignements sur la maison de soins visée au paragraphe 104.1 (1) de la Loi est rédigée selon la formule 20.

(4) Après le 1^{er} janvier 1995, l'avis d'augmentation des charges relatives aux services en matière de soins ou aux repas est rédigé selon la formule 23.

3. Les formules 3, 11 et 13 du Règlement sont abrogées et remplacées par ce qui suit :

NOTICE OF TEMPORARY EXEMPTION
FROM RENT CONTROL

Rent Control Act, 1992

Unit No.
Postal Code

Under the *Rent Control Act, 1992*, rental units in new residential buildings or complexes can be exempt from certain parts of the rent control law for five years from the date that the first unit in the new building or complex was first rented. As your landlord, I believe that your unit is covered by this exemption until _____.

(insert date)

However, during this exemption, certain parts of the law still apply to your unit. Section 3, subsection (7), of the *Rent Control Act, 1992*, says that I must tell you that sections 6, 7, 7.1, 8, 9.1, 103, 107, 108 and 109 still apply to your unit. Below, the Ministry of Housing has provided important information about these sections of the law.

Important Information About This Notice

1. If you are moving into a unit that is temporarily exempt from rent control, the landlord must give this Notice to you before making a tenancy agreement. If not, your unit is not exempt and the entire *Rent Control Act, 1992* will apply to your unit.

2. For units that are temporarily exempt from rent control, the landlord can increase the rent by any amount. However, the landlord must first give you written notice of any rent increase at least 90 days before the date the proposed increase take effect. If you receive a notice of rent increase and you do not

write to your landlord to say that you are moving out of your unit, you are considered to have accepted the rent increase.

3. The landlord can only increase the rent if 12 months have passed since the date of the last rent increase. If a unit is being rented for the first time, the landlord cannot increase the rent in the first 12 months. If your unit is in a care home and you only rent part of the unit, the landlord can only increase the rent if 12 months have passed since the last rent increase for that part of the unit.

4. If you are moving into a care home unit, the landlord must also give you a care home information package before making a tenancy agreement. Until this package is given to you, the landlord cannot give a notice of rent increase or a notice to increase the charges for care services and/or meals.

5. If you live in a care home unit, the landlord must also give you written notice of any increase in charges for care services and/or meals at least 90 days before the date of the proposed increase.

6. During the time that the building is exempt, the landlord does not have to file a list of rents for the building with the Ministry of Housing. However, the landlord must file certain other information with the Rent Registry in Ontario and must keep this information accurate and up-to-date. You can get a copy of this information by contacting the Rent Control Office in your area.

En vertu de la *Loi de 1992 sur le contrôle des loyers*, les logements locatifs d'immeubles ou d'ensembles d'habitation neufs peuvent être soustraits à l'application de certaines parties de la Loi pendant cinq ans à partir de la date à laquelle le premier logement de l'immeuble ou de l'ensemble neuf est loué pour la première fois. En tant que votre locateur, je crois que votre logement est touché par cette exemption jusqu'au _____.

(insérez la date)

Toutefois, certaines parties de la Loi s'appliquent toujours à votre logement pendant que l'exemption est en vigueur. D'après le paragraphe (7) de l'article 3 de la Loi, je dois vous informer que les articles 6, 7, 7.1, 8, 9.1, 103, 107, 108 et 109 s'appliquent toujours à votre logement. Renseignements importants concernant le présent avis

1. Si vous emménagez dans un logement qui est temporairement exempté du contrôle des loyers, le locateur doit vous donner le présent avis avant de conclure un bail. S'il ne le fait pas, votre logement n'est pas exempté et l'ensemble de la *Loi de 1992 sur le contrôle des loyers* s'appliquera à votre logement.
2. Le locateur peut augmenter de n'importe quel montant le loyer des logements temporairement exemptés du contrôle des loyers. Toutefois, il doit d'abord vous donner un avis écrit de toute augmentation de loyer au moins 90 jours avant la date à laquelle l'augmentation proposée doit entrer en vigueur. Si vous recevez un avis d'augmentation de loyer et que vous n'écrivez pas au locateur pour lui faire savoir que vous déménagez, vous êtes réputé(e) avoir accepté l'augmentation de loyer.
3. Le locateur ne peut augmenter votre loyer que si 12 mois se sont écoulés depuis la date de la dernière augmentation de loyer. Dans le cas d'un logement loué pour la première fois, le locateur ne peut augmenter le loyer pendant les 12 premiers mois. Si votre logement est situé dans une maison de soins et que vous ne louez qu'une partie de ce logement, le locateur ne peut augmenter le loyer que si 12 mois se sont écoulés depuis la dernière augmentation de loyer pour cette partie du logement.
4. Si vous emménagez dans un logement situé dans une maison de soins, le locateur doit aussi vous donner une trousse d'information sur la maison de soins avant de conclure un bail. Le locateur ne peut donner d'avis d'augmentation de loyer ni d'avis d'augmentation des charges relatives aux repas ou aux services en matière de soins avant de vous avoir remis cette trousse.
5. Si vous habitez dans un logement situé dans une maison de soins, le locateur doit aussi vous donner un avis écrit de toute augmentation des charges relatives aux repas ou aux services en matière de soins au moins 90 jours avant la date de l'augmentation proposée.
6. Tant que l'immeuble est exempté, le locateur n'est pas tenu de déposer une liste des loyers de l'immeuble auprès du ministère du Logement. Toutefois, il doit quand même déposer certains autres renseignements au registre des loyers de l'Ontario et veiller à ce que ces renseignements restent exacts et à jour. Vous pouvez obtenir une copie de ces renseignements en communiquant avec le Bureau de contrôle des loyers de votre région.

²¹Loyer de base demandé. S'entend du montant du loyer demandé à la «date du loyer initial» qui est imputé à la partie «logement» des charges totales du loyer à l'exclusion de celles relatives aux repas et aux services en matière de soins. Ce montant ne comprend pas les charges relatives aux repas et aux services en matière de soins.

Part 3: Information about the "Initial Rent Date"

This part of the statement asks for information about the "initial rent date" you listed in column 3 of Part 2. If you used an "initial rent date" other than November 23, 1993 for any unit in the complex, continue with Question # 1 below. If you used the "initial rent date" of November 23, 1993 for all units listed in Part 2, go on to Part 4 (Page 5 of this form).

1. Why did you use an "initial rent date" other than November 23, 1993? Check one of the following:

- "not rented" - the rental unit was not rented on the "initial rent date" and you used the first date that the unit was rented after that,
- "exempt" - the rental unit was exempt on the "initial rent date" and you used the first date that the "Rent Control Act, 1992 applied to the unit,
- "ordered" - a rent review order was issued on any unit finding any unit in the complex subject to the Rent Control Act, 1992 (or any previous rent control legislation) prior to November 23, 1993 and the rental unit was subject to the Rent Control Act, 1992 on November 22, 1993,
- "converted" - the rental unit was subject to the Rent Control Act, 1992 on November 23, 1993 and has since been converted to a care home,
- "other" - you don't know the "initial rent date" or what the rent was on that date

Unit	Not Rented	Exempt	Ordered	Converted	Other

If you checked "other" for any unit listed in Question # 1 answer Questions 2, 3, 4 and 5 below. If you checked only "not rented", "exempt", "ordered" or "converted" in Question # 1, go to Part 4 of the Statement (Page 5 of this form).

2. When did the landlord become the landlord of the unit(s)?

Day	Month	Year

* Loyer de base demandé ; S'entend du montant du loyer demandé à la « date du loyer initial » qui est imputé à la partie « logement » des charges totales du loyer à l'exclusion de celles relatives aux repas et aux services en matière de soins. Ce montant ne comprend pas les charges relatives aux repas et aux services en matière de soins.

Partie 3 : Renseignements sur la «date du loyer initial»

Cette partie de la déclaration demande des renseignements sur la «date du loyer initial» que vous avez inscrite dans la colonne 3 de la partie 2. Si vous avez utilisé une date autre que le 23 novembre 1993 comme «date du loyer initial» à l'égard de tout logement de l'ensemble, passez à la question 1 ci-dessous. Si vous avez utilisé le 23 novembre 1993 comme «date du loyer initial» à l'égard de tous les logements énumérés à la partie 2, passez à la partie 4 (page 5 de la présente formule).

1. Pourquoi avez-vous utilisé comme «date du loyer initial» une date autre que le 23 novembre 1993?

Cochez une des raisons suivantes :

- «non loué» - le logement locatif n'était pas loué à la «date du loyer initial» et vous avez utilisé la première date à laquelle le logement a été loué après cette date,
- «exempté» - le logement locatif était exempté à la «date du loyer initial» et vous avez utilisé la première date à laquelle la Loi de 1992 sur le contrôle des loyers s'est appliquée au logement,
- «décision» - un arrêté, un ordre ou une ordonnance de révision des loyers a été pris, donné ou rendu à l'égard de tout logement de l'ensemble, qui déclare tout logement de l'ensemble assujetti à la Loi de 1992 sur le contrôle des loyers (ou à toute loi précédente sur le contrôle des loyers) avant le 23 novembre 1993 et le logement locatif était assujetti à la Loi de 1992 sur le contrôle des loyers le 22 novembre 1993,
- «converti» - le logement locatif était assujetti à la Loi de 1992 sur le contrôle des loyers le 23 novembre 1993 et, depuis, a été converti en logement dans une maison de soins,
- «autre» - vous ne connaissez pas la «date du loyer initial» ou vous ne savez pas à combien s'élevait le loyer à cette date.

Logement	non loué	exempté	décision	converti	autre

Si vous avez coché la case «autre» pour un logement inscrit à la question 1, répondez aux questions 2, 3, 4 et 5 ci-dessous. Si vous n'avez coché que la case «non loué», «exempté», «décision» ou «converti» à la question 1, passez à la partie 4 de la déclaration (page 5 de la formule).

2. Quand le locateur est-il devenu le locateur du ou des logements?

Jour	Mois	Année
------	------	-------

3. Pourquoi le locateur ne connaît-il pas la «date du loyer initial» ou le loyer payé à cette date?

Partie 3 : Renseignements sur la «date du loyer initial» (suite)

4. Quelles démarches ont été faites pour obtenir des renseignements des personnes suivantes sur la «date du loyer initial» ou le loyer payé à cette date? Donnez les détails complets, y compris les dates auxquelles vous avez essayé de communiquer avec ces personnes, le résultat de vos démarches et les renseignements obtenus.

Locateurs précédents

Annexez de nouvelles feuilles, au besoin.

Locataires actuels ou précédents

Annexez de nouvelles feuilles, au besoin.

Concierger ou gérant actuel ou précédent de l'ensemble

Annexez de nouvelles feuilles, au besoin.

5. Quelles autres démarches ont été faites pour obtenir des renseignements sur la «date du loyer initial» ou le loyer payé à cette date et quels renseignements ont été obtenus?

Annexez de nouvelles feuilles, au besoin.

Partie 4 : Liste d'envoi pour les avis émanant du registre

Si l'adresse d'un immeuble de l'ensemble est une route rurale ou un numéro de route, ou si l'immeuble est situé dans un secteur où le courrier n'est pas livré à la porte, inscrivez le numéro du logement et les nom et adresse postale du locataire. Sinon, inscrivez la mention «sans objet» et passez à la partie 5.

Veuillez utiliser une nouvelle feuille pour chaque immeuble de l'ensemble. Vous pouvez photocopier cette feuille, au besoin.

FORM 21

NOTICE OF RENT INCREASE - CARE HOMES

Use this form if the rental unit is in a care home and if either the rent increase needs approval or if there are any pending applications to raise the maximum rent by more than the guideline for any unit in the complex. See instructions for complete details about when to use this form.

TO: [TENANT'S NAME AND ADDRESS]

YOUR NEW RENT & WHAT YOU SHOULD PAY UNTIL A DECISION IS MADE

On _____, 19____, your rent will increase to \$_____ per _____.

(Month, Week, etc)

This new rent does not include charges for care services and/or meals.

Until a decision is made on my application(s) to raise maximum rent, or until I receive a Notice of Carry Forward, I cannot charge or collect rent from you that is more than the law allows.

Beginning on the date of your rent increase, the rent you should pay is \$_____ per

(Month, Week, etc)

For your information, if you include the charges for care services and meals, the total amount you should pay is \$_____ per _____.

(Month, Week, etc)

Your CURRENT RENT is \$_____

Your RENT INCREASE is \$_____

and Your NEW RENT will be \$_____

YOUR NEW RENT INCLUDES SEPARATE CHARGES FOR THE FOLLOWING ITEMS:

Parking (List Number of Spaces)		Other Charges (Not including Care Services and/or Meals)
Indoor	Outdoor	(Specify Type of Charge)

**PROPOSED
MAXIMUM
RENT**

For your information, if my application is approved or if I receive a Notice of Carry Forward, the new maximum rent for your unit would be \$_____.

If there is more than one person in the rental unit then the total charged to all tenants in the unit cannot exceed this amount. Future rent increases for the unit may be based on this amount. However, there are rules about how much rent a landlord can charge each tenant sharing a unit.

**OPERATING
COSTS
(Check One)**

- ☐ The operating costs for a two-year period are shown on Schedule A, which is attached to this Notice.
- ☐ The operating costs are not attached for this unit because there has been no Order under the *Rent Control Act, 1992* that raised the maximum rent by more than the guideline for any unit in the complex.

**IMPORTANT
INFORMATION**

1. After the Order or Notice of Carry Forward is issued, the tenant may have to pay the difference between what has already been paid and what a landlord can charge.
2. A capital component is an amount allowed for capital expenditures in an Order or a Notice of Carry Forward under the *Rent Control Act, 1992*. Your rent may include a capital component. Even though it is part of the rent, it cannot be increased by the guideline.
3. A landlord must give the tenant this notice at least 90 days before the date of the rent increase. A landlord can only increase the rent if 12 months have passed since the last rent increase for the unit. However, if the tenant rents part of the unit, the landlord can only increase the rent if 12 months have passed since the last rent increase for that part of the unit.
4. A tenant does not have to renew a lease. If a tenant decides not to sign a new lease, the tenant does not have to move, but the tenancy becomes "month-to-month." If a tenant plans to move, the tenant must give the landlord written notice at least 60 days before the end of a monthly or yearly rental, or 28 days before the end of a weekly rental.
5. When a tenant moves into a care home, a landlord must also give a care home information package. Until this package is given to the tenant, the landlord cannot give a notice of rent increase or a notice to increase the charges for care service and/or meals.
6. If a landlord intends to increase the charge for providing care services and/or meals to a tenant, the landlord must give the tenant a notice to increase the charges for care services and meals at least 90 days before the date of the increase.
7. If you have any questions about this Notice or the rent you should pay, contact the Rent Control Office in your area.

AVIS D'AUGMENTATION DE LOYER - MAISONS DE SOINS

Utilisez la présente formule si le logement locatif est situé dans une maison de soins et soit que l'augmentation de loyer doit être approuvée ou qu'il existe des requêtes en cours visant à augmenter d'un pourcentage supérieur au taux légal le loyer maximal de tout logement de l'ensemble. Voyez les instructions pour savoir quand utiliser la présente formule.

DESTINATAIRE : [NOM ET ADRESSE DU LOCATAIRE]

VOTRE NOUVEAU LOYER ET CE QUE VOUS DEVREZ PAYER
EN ATTENDANT QU'UNE DÉCISION SOIT PRISE

Le _____ 19 _____, votre loyer passera à _____ \$ par _____
(mois, semaine, etc.)

Ce nouveau loyer ne comprend pas les charges relatives aux repas et aux services en matière de soins.

Jusqu'à ce qu'une décision soit prise concernant ma ou mes requêtes visant à obtenir une augmentation du loyer maximal, ou jusqu'à ce que je reçoive un avis de report, je ne peux vous demander ni percevoir de vous un loyer supérieur au montant permis par la loi. À partir de la date d'augmentation de votre loyer, vous devrez payer _____ \$ par _____
(mois, semaine, etc.)

À titre d'information, si vous incluez les charges relatives aux repas et aux services en matière de soins, le montant total que vous devrez payer est de _____ \$ par _____
(mois, semaine, etc.)

Votre LOYER ACTUEL est de _____ \$

Votre AUGMENTATION DE LOYER est de _____ \$

Votre NOUVEAU LOYER sera de _____ \$

VOTRE NOUVEAU LOYER COMPREND DES CHARGES DISTINCTES
AU TITRE DES ÉLÉMENTS SUIVANTS :

Stationnement (inscrivez le nombre de places)		Autres charges (Repas et services en matière de soins non compris)
intérieur	extérieur	(précisez la catégorie de charges)

**LOYER
MAXIMAL
PROPOSÉ**

À titre d'information, le nouveau loyer maximal de votre **logement** sera de _____ \$ si ma requête est approuvée ou si je reçois un avis de report.

Si plus d'une personne habite dans le logement locatif, le montant total demandé à tous les locataires du logement ne peut dépasser ce montant. Les augmentations de loyer futures relatives à ce **logement** pourront se fonder sur ce montant. Toutefois, il existe des règles régissant le loyer qu'un locateur peut demander à chacun des locataires d'un logement.

**FRAIS
D'EXPLOI-
TATION
(cocher
une case)**

- ☐ Les frais d'exploitation pour une période de deux ans sont indiqués à l'annexe A jointe au présent avis.
- ☐ Les frais d'exploitation relatifs à ce logement ne sont pas indiqués en annexe parce qu'aucune ordonnance augmentant d'un pourcentage supérieur au taux légal le loyer maximal de tout logement de l'ensemble n'a été rendue en vertu de la *Loi de 1992 sur le contrôle des loyers*.

**RENSEIGNE-
MENTS
IMPORTANTS**

1. Après que l'ordonnance a été rendue ou l'avis de report délivré, le locataire peut être tenu de payer la différence entre le montant déjà payé et celui que le locateur peut demander.
2. Un élément d'immobilisations est un montant reconnu au titre des dépenses en immobilisations dans une ordonnance rendue ou dans un avis de report délivré en vertu de la *Loi de 1992 sur le contrôle des loyers*. Votre loyer peut comprendre un élément d'immobilisations. Même si cet élément fait partie du loyer, il ne peut être augmenté selon le taux légal.
3. Le locateur doit donner le présent avis au locataire au moins 90 jours avant la date de l'augmentation de loyer. Il ne peut augmenter le loyer que si une période de 12 mois s'est écoulée depuis la date de la dernière augmentation du loyer du logement. Toutefois, si le locataire loue une partie du logement, le locateur ne peut augmenter le loyer que si une période de 12 mois s'est écoulée depuis la date de la dernière augmentation de loyer relative à cette partie du logement.
4. Le locataire n'est pas tenu de renouveler le bail. Si le locataire décide de ne pas signer un nouveau bail, il n'est pas obligé de déménager, mais la location devient une location au mois. Le locataire qui a l'intention de déménager doit en aviser le locateur par écrit au moins 60 jours avant la fin d'une location au mois ou à l'année, ou au moins 28 jours avant la fin d'une location à la semaine.
5. Lorsqu'un locataire emménage dans une maison de soins, le locateur doit aussi lui donner une trousse d'information sur la maison de soins. Le locateur ne peut donner d'avis d'augmentation de loyer ni d'avis d'augmentation des charges relatives aux repas ou aux services en matière de soins avant d'avoir remis cette trousse au locataire.
6. Le locateur qui a l'intention d'augmenter les charges relatives à la fourniture de repas ou de services en matière de soins à un locataire doit donner à celui-ci un avis d'augmentation de ces charges au moins 90 jours avant la date de l'augmentation.
7. Si vous avez des questions sur le présent avis ou sur le loyer que vous devrez payer, veuillez communiquer avec le Bureau de contrôle des loyers de votre région.

MAXIMUM
RENT

The most rent a landlord can charge for a unit is the maximum rent. According to my information, on the date your rent will increase, the "maximum rent" for the unit will be \$_____.

If there is more than one person in the rental unit then the total charged to all tenants in the unit cannot exceed the maximum rent. There are rules about how

much rent a landlord can charge each tenant sharing a unit.

**OPERATING
COSTS
(Check One)**

- ☐ The operating costs for a two-year period are shown on Schedule A, which is attached to this Notice
- ☐ The operating costs are not attached for this unit because there has been no Order under the *Rent Control Act, 1992* that raised the maximum rent by more than the guideline for any unit in the complex.

**IMPORTANT
INFORMATION**

1. Generally, a landlord cannot increase the rent by more than the guideline which is set each year by the Ministry of Housing.
2. A capital component is an amount allowed for capital expenditures in an Order or a Notice of Carry Forward under the *Rent Control Act, 1992*. Your rent may include a capital component. Even though it is part of the rent, it cannot be increased by the guideline.
3. A landlord must give the tenant this notice at least 90 days before the date of the rent increase. A landlord can only increase the rent if 12 months have passed since the last rent increase for the unit. However, if the tenant rents part of the unit, the landlord can only increase the rent if 12 months have passed since the last rent increase for that part of the unit.
4. A tenant does not have to renew a lease. If the tenant decides not to sign a new lease, the tenant does not have to move, but the tenancy becomes "month-to-month." If a tenant plans to move, the tenant must give the landlord written notice at least 60 days before the end of a monthly or yearly rental, or 28 days before the end of a weekly rental.
5. When a tenant moves into a care home, the landlord must also give a care home information package. Until this package is given to the tenant, the landlord cannot give a notice of rent increase or a notice to increase the charges for care services and/or meals.
6. If a landlord intends to increase the charge for providing care services and/or meals to a tenant, the landlord must give the tenant a notice to increase the charges for care services and meals at least 90 days before the date of the increase.
7. If you have any questions about this Notice or the rent you should pay, contact the Rent Control Office in your area.

☐ Les frais d'exploitation pour une période de deux ans sont indiqués à l'annexe A jointe au présent avis.

☐ Les frais d'exploitation relatifs à ce logement ne sont pas indiqués en annexe parce qu'aucune ordonnance augmentant d'un pourcentage supérieur au taux légal le loyer maximal de tout logement de l'ensemble n'a été rendue en vertu de la *Loi de 1992 sur le contrôle des loyers*.

**RENSEIGNE-
MENTS
IMPORTANTES**

1. En général, le locateur ne peut augmenter le loyer d'un pourcentage supérieur au taux légal fixé tous les ans par le ministère du Logement.
2. Un élément d'immobilisations est un montant reconnu au titre des dépenses en immobilisations dans une ordonnance rendue ou dans un avis de report délivré en vertu de la *Loi de 1992 sur le contrôle des loyers*. Votre loyer peut comprendre un élément d'immobilisations. Même si cet élément fait partie du loyer, il ne peut être augmenté selon le taux légal.
3. Le locateur doit donner le présent avis au locataire au moins 90 jours avant la date de l'augmentation de loyer. Il ne peut augmenter le loyer que si une période de 12 mois s'est écoulée depuis la date de la dernière augmentation de loyer du logement. Toutefois, si le locataire loue une partie du logement, le locateur ne peut augmenter le loyer que si une période de 12 mois s'est écoulée depuis la date de la dernière augmentation de loyer relative à cette partie du logement.
4. Le locataire n'est pas tenu de renouveler le bail. Si le locataire décide de ne pas signer un nouveau bail, il n'est pas obligé de déménager, mais la location devient une location au mois. Le locataire qui a l'intention de déménager doit en aviser le locateur par écrit au moins 60 jours avant la fin d'une location au mois ou à l'année, ou au moins 28 jours avant la fin d'une location à la semaine.
5. Lorsqu'un locataire emménage dans une maison de soins, le locateur doit aussi lui donner une trousse d'information sur la maison de soins. Le locateur ne peut donner d'avis d'augmentation de loyer ni d'avis d'augmentation des charges relatives aux repas ou aux services en matière de soins avant d'avoir remis cette trousse au locataire.
6. Le locateur qui a l'intention d'augmenter les charges relatives à la fourniture de repas ou de services en matière de soins à un locataire doit donner à celui-ci un avis d'augmentation de ces charges au moins 90 jours avant la date de l'augmentation.

ONTARIO REGULATION 524/94
made under the
RENTAL HOUSING PROTECTION ACT

Made: July 20, 1994
Filed: August 3, 1994

GENERAL

1. All municipalities are exempt from the Act except those listed in Schedule 1.

2. (1) A rental property or part thereof that is subject to demolition under subsection 10 (4) of the *Building Code Act*, demolition under the *City of Toronto Act, 1936*, chapter 84, an order for clearance of buildings and structures under clause 31 (7) (b) of the *Planning Act* or an order for removal under clause 18 (2) (a) of the *Fire Marshals Act* is exempt from clause 4 (1) (a) of the Act.

(2) A rental property or part thereof that is the subject of an order under section 10 of the *Building Code Act*, an order for repairs under clause 31 (7) (b) of the *Planning Act*, an order for repairs under section 18 of the *Fire Marshals Act* or an order for repairs under the *City of Toronto Act, 1936*, chapter 84 is exempt from clause 4 (1) (c) of the Act for repairs so ordered.

3. (1) A rental property listed in Schedule 2 is exempt from the Act.

(2) A rental unit listed in Schedule 3 is exempt from the Act.

4. (1) In this section, "application" means an application,

- (a) for approval under section 51 of the *Planning Act* of a description made for the purposes of the *Condominium Act*; or
- (b) for an exemption under subsection 50 (3) of the *Condominium Act* from the requirement for the approval.

(2) A rental property is exempt from the Act if, before any residential unit in it is occupied as a rental unit other than by persons who, in good faith, have entered into an agreement or an option to purchase their unit,

- (a) an application is made;
- (b) a prospectus, prepared in accordance with the *Securities Act*, containing a statement of intent to apply to register the rental property as a condominium is filed with the Director of the Ontario Securities Commission and a receipt for it obtained;
- (c) an offering memorandum containing a statement of intent to apply to register the rental property as a condominium is prepared and delivered to the Ontario Securities Commission in accordance with the *Securities Act*; or
- (d) notification of start of construction of a condominium project is given in accordance with the *Ontario New Home Warranties Plan Act*.

(3) A rental property is exempt from the Act if a draft approval under section 51 of the *Planning Act* of a description made for the purpose of the *Condominium Act* was obtained after July 9, 1986 and before June 30, 1989 in respect of that property.

(4) A rental property is exempt from the Act if an application in respect of the property was made before this section came into force and if, at the date of the application, not more than half of the residential units in the property had even been occupied as rental units other than by persons who, in good faith, had entered into an agreement or an option to purchase their units.

5. (1) Every rental property owned, operated or managed by a government or a Crown agency non-profit housing corporation is exempt from the Act.

(2) A rental property or part thereof is exempt,

- (a) from clause (4) (1) (a) of the Act if it is demolished under a non-profit housing program administered by the Ministry of Housing;
- (b) from clause 4 (1) (b) of the Act if it is converted to a non-profit co-operative as defined in the *Co-operative Corporations Act* under a non-profit housing program administered by the Ministry of Housing; or
- (c) from clause 4 (1) (c) of the Act if it is renovated or repaired under,
 - (i) the Low Rise Rehabilitation Program administered by the Ministry of Housing,
 - (ii) the Rental Residential Rehabilitation Assistance Program administered by the Canada Mortgage and Housing Corporation, or
 - (iii) a non-profit housing program administered by the Ministry of Housing.

(3) Every rental property owned or operated by the Ontario Housing Corporation or any housing authority corporation created under subsection 7 (2) of the *Housing Development Act* that acts as agent for the Ontario Housing Corporation is exempt from the Act.

(4) Every rental property owned by a private non-profit housing corporation and managed by a housing authority corporation described in subsection (3) under a management agreement with that housing authority corporation and the Ontario Housing Corporation is exempt from the Act.

(5) Every rental property owned by a non-profit housing corporation where the majority of voting shares are owned by a municipality or where the board of directors is elected or appointed subject to the prior approval of a municipality is exempt from the Act.

6. (1) If adjoining rental units in a rental property that is a care home are to be merged into one rental unit or if one rental unit in a rental property that is a care home is to be divided into two or more rental units, the rental property is exempt from the Act for these purposes so long as one of the following conditions are met:

- 1. The affected units are vacant and none of these vacancies have been obtained by means of serving a notice of termination under section 105 of the *Landlord and Tenant Act*.
- 2. The current tenants of the units who will occupy the reconfigured units have agreed to the reconfiguration and the current tenants of the units who will not occupy the reconfigured units have agreed to be relocated to other comparable units with similar rents and charges for care services and meals.

(2) If any rental units in a rental property that is a care home are to be converted into use as facilities for the provision of care services or meals to the tenants of the rental property, the rental property is exempt from the Act for the purpose of this conversion so long as one of the following conditions are met:

- 1. The affected unit or units are vacant and none of these vacancies have been obtained by means of serving a notice of termination under section 105 of the *Landlord and Tenant Act*.
- 2. The tenants of the units have agreed to be relocated to other comparable units with similar rents and charges for care services and meals.

7. (1) If land contains a rental property and an application is made for consent under section 53 of the *Planning Act*, subsection 5 (1) of the Act does not apply if, after the conveyance,

- (a) a rental property that is subject to the Act is located on each severed portion; or
- (b) a rental property is located on one severed portion and the other portion is either vacant or any buildings located on it contain no residential units.

(2) A conveyance that consists only of an easement or right of way is exempt from subsection 5 (1) of the Act.

8. (1) The council of a municipality shall not approve an application under the Act unless the council is satisfied that at least one of the following criteria is met:

- 1. Council finds that,
 - i. a rental property for which an application is made for demolition is structurally unsound, or
 - ii. a rental property for which an application is made for renovation or repair is structurally unsound at the time of the application and will continue to be structurally unsound if the renovation or repair proposed by the applicant is not carried out and, in the case where tenants are in occupation of the unit, that vacant possession is required to effect the renovation or repair.
- 2. The applicant agrees,
 - i. to provide the same number of new rental units in a similar rental range and in the same area as those for which approval is given, and
 - ii. to provide rental accommodation in the same area of similar quality and rent, either in the new rental units or in other existing rental property, to any tenant who is required to give up possession of a rental unit as a result of the approval.

- 3. In the opinion of council, the proposal does not adversely affect the supply of affordable rental housing in the municipality.

(2) Subsection (1) does not apply to an application for conversion to,

- (a) a condominium if the number of residential units, including rental units, in the rental property is four or fewer or if the rental property is in a municipality that is not listed in Schedule 1; and
- (b) a co-operative if the rental property is in a municipality that is not listed in Schedule 1.

(3) Subject to subsection (4), the council of a municipality shall not approve an application if a rental property that is a care home is the subject of the application and,

- (a) the application is for a conversion of a care home or a part of a care home to use as a rental property other than as a care home; or
- (b) the care home is located in a municipality that is not listed in Schedule 1.

(4) The application may be approved if the applicant agrees to provide rental accommodation in a care home in the same area of similar quality and rent and with similar charges for care services and meals to any tenant of the care home who is required to give up possession of a rental unit as a result of the approval.

(5) The council of a municipality shall not approve an application if a rental property that is a care home is the subject of the application and the application is other than one referred to in subsection (3), unless the following conditions are met:

- 1. The council is satisfied that the criterion set out in either paragraph 1 of subsection (1), subparagraph i of paragraph 2 of subsection (1) or paragraph 3 of subsection (1) has been met.
- 2. The applicant agrees to provide rental accommodation in a care home in the same area of similar quality and rent and with similar charges for care services and meals to any tenant who is required to give up possession of a rental unit as a result of the approval.

LOI DE 1987 SUR LES TRANSPORTS ROUTIERS

LICENCES D'EXPLOITATION D'UNE ENTREPRISE DE CAMIONNAGE DEMANDÉES EN VERTU DE LA PARTIE II

On trouvera ci-après la liste des demandes de licences d'exploitation d'une entreprise de camionnage extra-provinciale présentées en vertu de la partie II de la *Loi de 1987 sur les transports routiers*, L.C. 1987, chapitre 35. On a jugé que les personnes ayant présenté ces demandes se conformaient aux critères d'aptitude prévus au paragraphe 8 (2) de la Loi. L'office des transports de l'Ontario propose donc de délivrer ces licences si aucun avis d'objection n'est signifié à l'auteur de la demande et déposé auprès du registrateur des véhicules automobiles dans les trente jours suivant la publication des présentes.

made under the
PLANNING ACT

Made: August 5, 1994
Filed: August 12, 1994

**ZONING AREAS—GEOGRAPHIC TOWNSHIP
OF HAGGART, TERRITORIAL DISTRICT
OF COCHRANE**

INTERPRETATION

1. In this Order,

“dwelling unit” means one or more habitable rooms occupied or capable of being occupied as an independent and separate housekeeping establishment in which separate kitchen and sanitary facilities are provided for the exclusive use of the occupants;

“lot” means a parcel of land shown as a lot or block on a registered plan of subdivision;

“seasonal dwelling” means a building containing only one dwelling unit capable of being occupied for recreation but not as a permanent residence.

2. One seasonal dwelling together with accessory buildings and structures may be erected, located and used on each lot on the land described in section 3.

3. This Order applies to that parcel of land in the geographic Township of Haggart in the District of Cochrane being part of the east half of Lot 19 in Concession VIII, being lots 1 to 10 inclusive, on Plan 6M-462 registered in the Land Registry Office for the Land Titles Division of Cochrane (No. 6).

LOI DE 1987 SUR LES TRANSPORTS ROUTIERS

LICENCES D'EXPLOITATION D'UNE ENTREPRISE DE CAMIONNAGE DEMANDÉES EN VERTU DE LA PARTIE II

On trouvera ci-après la liste des demandes de licences d'exploitation d'une entreprise de camionnage extra-provinciale présentées en vertu de la partie II de la *Loi de 1987 sur les transports routiers*, L.C. 1987, chapitre 35. On a jugé que les personnes ayant présenté ces demandes se conformaient aux critères d'aptitude prévus au paragraphe 8 (2) de la Loi. L'office des transports de l'Ontario propose donc de délivrer ces licences si aucun avis d'objection n'est signifié à l'auteur de la demande et déposé auprès du registrateur des véhicules automobiles dans les trente jours suivant la publication des présentes.

DEMANDES DE DÉLIVRANCE D'UNE LICENCE D'EXPLOITA- TION D'UNE ENTREPRISE DE CAMIONNAGE EXTRA- PROVINCIALE

Les personnes suivantes ont demandé l'autorisation d'offrir des services de transport de marchandises à destination, en provenance ou à l'intérieur de l'Ontario :

ONTARIO REGULATION 530/94 made under the PLANNING ACT

Made: August 5, 1994
Filed: August 17, 1994

Amending O. Reg. 279/90
(Restricted Areas—Sault Ste. Marie North
Planning Area, District of Algoma)

Note: Ontario Regulation 279/80 has not been amended in 1994. For prior amendments, see the Tables of Regulations in the Statutes of Ontario, 1991, 1992 and 1993.

1. Section 3 of Ontario Regulation 279/80 is revoked and the following substituted:

3. No land shall be used and no building or structure shall be erected or used except in accordance with the terms of this Order, but nothing in this Order prevents the use of any land, building or structure for the purpose prohibited by this Order if such land, building or structure was lawfully used for such purpose on the day this Order comes into force so long as it continues to be used for the same purpose for which it was erected.

2. The Regulation is amended by adding the following section:

132. (1) Despite section 4, the lands described in subsection (2) are, for the purposes of this Order, lands in an Environmental Protection Zone.

(2) Subsection (1) applies to the lands on Map Numbers 47, 77, 83 and 84 being the lands within the dotted lines depicting the outer limits of the flood plain of the Goulais River.

Made: August 15, 1994
Filed: August 17, 1994

ZONING AREAS—UNINCORPORATED TOWNSHIP OF EAST MILLS, DISTRICT OF PARRY SOUND

1. In this Order,

“commercial use” means the use of land, buildings or structures for the purpose of buying and selling commodities or supplying services;

“dwelling unit” means one or more habitable rooms occupied or capable of being occupied as an independent and separate household

in which separate kitchen and sanitary facilities are provided for the exclusive use of the unit;

“seasonal dwelling” means a separate building containing only one dwelling unit used for recreation and not occupied as a permanent residence;

“single dwelling” means a building containing only one dwelling unit.

2. This Order applies to that parcel of land in the Unincorporated Township of East Mills, District of Parry Sound, being composed of part of Lot 1, Concession 9, designated as lots 1 to 7 inclusive on Plan 42M-601, registered in the Land Registry Office for the Land Titles Division of Parry Sound (No. 42).

3. Every use of land and every erection or use of buildings or structures is prohibited on lots 1 to 6, Plan 42M-601 except one seasonal dwelling per lot and uses, building and structures normally incidental or subordinate to a seasonal dwelling.

4. Every use of land and every erection or use of buildings or structures is prohibited on Lot 7, Plan 42M-601 except,

- (a) one seasonal dwelling;
- (b) one single dwelling;
- (c) one commercial building; and
- (d) uses, buildings and structures normally incidental or subordinate to the above-noted uses.

5. Nothing in this Order prevents the reconstruction of any building or structure that is damaged or destroyed by causes beyond the control of the owner if the dimensions of the original building structure are not increased and its original use is not altered.

6. Nothing in this Order prevents the strengthening or restoration to a safe condition of all or part of any building or structure.

(3) Subsections 5 (3), (4), (5), (6) and (7) of the Regulation are amended by striking out “collector” wherever it appears and substituting in each case “registered dyer”.

(4) Section 5 of the Regulation is amended by adding the following subsections:

(8) Every registered dyer shall ensure that dye furnished by the Minister to colour fuel which is in the possession of the registered dyer is kept in a sealed container in a secure place and is used only for the colouring of fuel in the prescribed manner and for no other purpose.

(9) Every registered dyer shall immediately report to the Minister any breakdown or malfunction of the equipment or any failure to follow any of the methods and procedures prescribed by the Minister to be observed in the colouring of fuel or in the storage, transportation or delivery of coloured fuel.

(10) Every person who owns or operates equipment used to colour, store, transport or deliver coloured fuel shall ensure that the equipment bears the identifying labels or seals as prescribed in section 11.

8. The Regulation is amended by adding the following section:

6.2 (1) Every exporter shall deliver to the Minister, at least 10 days before the delivery of fuel in bulk to a person carrying on business outside Ontario, a return in Form 31 and an amount equal to the tax payable under section 2 of the Act as security with respect to the fuel to be delivered outside Ontario.

(2) Despite subsection (1), the Minister may extend or abridge the time for making the return before the time of export.

(3) On or before the 25th day of every month, every exporter shall deliver to the Minister a return in Form 32 with supporting schedules, with respect to the fuel delivered outside Ontario in the immediately preceding calendar month.

(4) When fuel in bulk is exported out of Ontario to the United States using a motor vehicle or railway equipment, the return required under subsection (3) shall be supported by,

- (a) a photocopy of the front and back of the U.S. Customs Proforma Invoice prepared by a Canadian customs broker and stamped by the U.S. Customs Service;
- (b) U.S. Customs document Form 7533;
- (c) all petroleum loading tickets;
- (d) all receipted invoices from the exporter's supplier as proof of payment of Ontario tax on the fuel exported, if a refund is being applied for;
- (e) a copy of a properly completed straight bill of lading;
- (f) all export sales invoices issued by the exporter; and
- (g) any other evidence deemed necessary by the Minister to prove delivery of product to a location outside Ontario.

(5) When fuel in bulk is exported out of Ontario to another province or territory using a motor vehicle or railway equipment, the return required under subsection (3) shall be supported by,

- (a) all receipted invoices from the exporter's supplier as proof of payment of Ontario tax on fuel exported, if a refund is being applied for;
- (b) a copy of a properly completed straight bill of lading;

(c) all export sales invoices issued by the exporter; and

(d) any other evidence deemed necessary by the Minister to prove delivery of product to a location outside Ontario.

(6) When fuel in bulk is exported out of Ontario through a pipeline, the return required under subsection (3) shall be supported by,

- (a) all receipted invoices from the exporter's supplier as proof of payment of Ontario tax on fuel exported, if a refund is being applied for;
- (b) a copy of the pipeline report showing the amount of fuel loaded into the pipeline and the location where the fuel left the pipeline;
- (c) all export sales invoices issued by the exporter; and
- (d) any other evidence deemed necessary by the Minister to prove delivery of product to a location outside Ontario.

(7) When fuel in bulk is exported out of Ontario by a vessel, the return required under subsection (3) shall be supported by,

- (a) all receipted invoices from the exporter's supplier as proof of payment of Ontario tax on fuel exported, if a refund is being applied for;
- (b) a copy of each survey report prepared when the fuel is loaded onto the vessel and when it is off-loaded at the delivery point;
- (c) all export sales invoices issued by the exporter; and
- (d) any other evidence deemed necessary by the Minister to prove delivery of product to a location outside Ontario.

(8) Upon receipt of the return required under subsection (3) and the required evidence to prove delivery of product to a location outside Ontario, the Minister may refund the tax paid on fuel exported from Ontario.

9. (1) Subsections 7 (1) and (2) of the Regulation are amended by striking out “collector” wherever it appears and substituting in each case “registered dyer”.

(2) Section 7 of the Regulation is amended by adding the following subsection:

(3) A dyer's registration may be cancelled by the Minister at the end of any 12-month period during which the dyer's total sales of coloured fuel from all dye points owned or operated by the dyer are less than 51 per cent of the dyer's total sales of coloured fuel.

10. (1) Subsection 8 (1) of the Regulation is amended by striking out “subsections 8 (2) and 11 (5)” in the first line and substituting “subsections 3.1 (1) and 4.3 (1)”.

(2) Subsections 8 (2) and (3) of the Regulation are revoked and the following substituted:

(2) For the purposes of subsection 10 (1) of the Act, every importer who is a registered importer shall remit the tax and security collected under subsection (1) and the tax payable by the importer under section 2 of the Act in accordance with subsection 10 (1.2).

(3) Every importer who is not a registered importer shall, on or before the 25th day of the month following the month in which the fuel was imported into or received in Ontario, deliver to the Minister a return in Form 9 together with,

- (a) the tax and security collectable and payable by the importer in respect of the sales of fuel under subsection (1); and

(b) the tax payable by the importer under section 2 of the Act.

11. (1) Subsection 9 (1) of the Regulation is amended by inserting "registered dyer, exporter, interjurisdictional transporter" after "registered consumer" in the first line.

(2) Clause 9 (1) (f) of the Regulation is amended by inserting "registered dyers, exporters" after "importers" in the third line.

(3) Clause 9 (2) (e) of the Regulation is amended by striking out "five" in the first line and substituting "seven".

12. (1) Section 10 of the Regulation is amended by adding the following subsections:

(1.1) On or before the 25th day of each month, every collector who is not a registered dyer shall deliver to the Minister a return in Form 8-A with respect to the taxes collectable and payable by the collector in the immediately preceding calendar month, and with the return the collector shall remit the tax collectable and the tax payable by the collector for the period referred to in the return.

(1.2) On or before the 25th day of each month, every registered importer shall deliver to the Minister a return in Form 9 with respect to the taxes collectable and payable by the registered importer in the immediately preceding calendar month, and with the return the registered importer shall remit the tax collectable and the tax payable by the registered importer for the period referred to in the return.

(2) Subsections 10 (1) and (6) of the Regulation are amended by striking out "collector" wherever it appears and substituting in each case "registered dyer".

(3) Subsection 10 (3) of the Regulation is amended by striking out "certificate, other than an Ontario trip registration certificate" in the fourth line and substituting "decal".

(4) Subsection 10 (5) of the Regulation is amended by striking out "certificate, other than a registration certificate issued with respect to a single trip" in the third, fourth and fifth lines and substituting "decal".

(5) Subsection 10 (7) of the Regulation is amended by inserting "registered dyer, exporter, interjurisdictional transporter" after "registered consumer" wherever it appears.

(6) Subsections 10 (8) and (9) of the Regulation are amended by inserting "registered dyer, importer, exporter, interjurisdictional transporter" after "registered consumer" wherever it appears.

(7) Subsection 10 (10) of the Regulation is amended by inserting "registered dyer, importer, exporter, registered consumer, interjurisdictional transporter" after "collector" in the second line.

- Please answer all questions on this application.
- If this application or the required returns will be prepared and certified by an agent acting on behalf of the applicant, an "Agent's Direction and Authorization (FT 806)" form must also be completed and submitted with this application.

GENERAL INFORMATION

- A fuel acquisition permit issued by this Branch gives its holder the authority to acquire clear fuel exempt of tax. It will contain specific conditions necessary to ensure the proper use of all untaxed clear fuel purchased.
- Under the Fuel Tax Act, the holder of a fuel acquisition permit is a registered consumer who will be required to file monthly returns with the Branch.
- A fuel acquisition permit will be issued to the following qualified persons:
 - (a) Operators of railway equipment operated on rails as part of a public transportation system.
 - (b) Industrial manufacturers who require clear fuel as a raw material to be wrought into or become part of goods for sale, provided such fuel is not used to generate power in a motor vehicle.
 - (c) Packagers of kerosene, who
 - (i) package the kerosene into containers of not more than 25 litres each for the purpose of resale to consumers to be used for lighting, heating and cooking, or
 - (ii) package the kerosene into containers of not more than 210 litres each for resale to consumers to be used for lighting, heating and cooking (the dealer will not be permitted to acquire more than 200,000 litres of tax exempt kerosene annually, unless he/she receives additional authorization from the Branch).
- A separate permit will be issued for each location requiring untaxed clear fuel. The permit must be presented to the fuel supplier each time untaxed clear fuel is purchased.
- The permit expires on December 31. However, if you applied for a permit for a duration of less than one year, the permit expires on the date shown on the permit.

INSTRUCTIONS

- Veuillez répondre à toutes les questions.
- Si la présente demande ou les déclarations exigées sont remplies et certifiées par un mandataire agissant pour le compte du requérant, il faut également remplir et joindre à la présente demande un formulaire FT 806, Instructions au mandataire et autorisation.

RENSEIGNEMENTS GÉNÉRAUX

- Un permis d'acquisition de carburant délivré par la Direction autorise son titulaire à acheter du carburant incolore sans avoir à payer la taxe. Les conditions d'utilisation du carburant incolore détaxé sont stipulées dans le permis.
- Aux termes de la Loi de la taxe sur les carburants, le titulaire d'un permis d'acquisition de carburant est un consommateur inscrit qui est tenu de faire parvenir mensuellement des déclarations à la Direction.
- Un permis d'acquisition de carburant sera délivré aux personnes admissibles ci-après:
 - (a) les exploitants de matériel ferroviaire circulant sur des rails dans le cadre d'un réseau de transport en commun.
 - (b) les fabricants ayant besoin de combustibles incolores comme matière première entrant dans la fabrication de produits, à la condition que ce carburant ne serve pas à faire fonctionner un véhicule automobile.
 - (c) Les conditionneurs de kérosène qui, selon le cas,
 - (i) conditionnent le kérosène dans des contenants d'une capacité égale ou inférieure à 25 litres aux fins de sa vente à des consommateurs comme combustible à des fins d'éclairage, de chauffage ou de préparation de nourriture;
 - (ii) conditionnent le kérosène dans des contenants d'une capacité égale ou inférieure à 210 litres chacun à des fins de revente comme produit de consommation, à titre de carburant d'éclairage, de chauffage ou de préparation de nourriture (le distributeur n'est pas autorisé à acheter plus de 200 000 litres de kérosène exonéré par année, à moins qu'il (elle) n'en reçoive l'autorisation de la direction).
- Un permis distinct sera délivré pour chaque installation nécessitant du carburant incolore détaxé. Il faudra présenter ce permis au fournisseur de carburant lors de chaque achat de carburant incolore détaxé.
- Ce permis expire le 31 décembre. Cependant, si vous avez présenté une demande de permis pour une durée inférieure à un an, le permis expirera à la date qui y est indiquée.

ONTARIO REGULATION 533/94
made under the
HIGHWAY TRAFFIC ACT

Made: August 17, 1994
Filed: August 18, 1994

Amending Reg. 629 of R.R.O. 1990
(Vehicles for the Transportation of
Physically Disabled Passengers)

Note: There are no prior amendments to Regulation 629.

1. Regulation 629 of the Revised Regulations of Ontario, 1990 is amended by adding the following section:

11. (1) Low floor urban transit buses are prescribed as a class of vehicle to which subsection 102 (3) of the Act applies.

(2) A low floor urban transit bus shall be used only to provide public transportation as defined in subsection 93 (1) of the *Public Transportation and Highway Improvement Act*.

(3) Up to and including June 30, 1995, a low floor urban transit bus shall have,

- (a) a minimum length of 9.144 metres and a bus chassis as originally provided by the chassis manufacturer;
- (b) at least two passenger doors on the right side, the front door being at least 762 millimetres wide and the other door being at least 813 millimetres wide;
- (c) a mostly level floor that, either by design or by the use of a "kneeling" feature, is approximately at the level of a typical urban curbside or bus passenger platform during loading or unloading of passengers;
- (d) a ramp having a slope of no more than 4 to 1 to allow passengers to bridge the gap between the bus and the curbside or platform;
- (e) at least two readily accessible spaces designated for personal mobility devices;
- (f) a system for securing personal mobility devices consisting of devices anchored to the bus or of compartments, or a combination of both, that limit the forward, backward, rotational, lateral and vertical motion of every personal mobility device in the bus at their points of contact with the bus while it is in normal operation, including full throttle acceleration and maximum braking.

(4) The specifications for physically disabled passenger vehicles set out in section 2, clauses 3 (1) (d) and (k) and subsection 3 (2) in relation to the axe and clawbar and sections 6, 7 and 8 do not apply to low floor urban transit buses.

CHARITABLE INSTITUTIONS ACT

Made: August 17, 1994

Filed: August 19, 1994

Amending Reg. 69 of R.R.O. 1990
(General)

Note: Since January 1, 1994, Regulation 69 has been amended by Ontario Regulations 236/94, 314/94, 368/94 and 371/94. For prior amendments, see the Table of Regulations in the Statutes of Ontario, 1993.

1. The definitions of “private room”, “semi-private room” and “standard room” in section 1 of Regulation 69 of the Revised Regulations of Ontario, 1990 are revoked and the following substituted:

“private room” means a room with one bed, other than a room that is designated by an approved corporation as a standard room;

“semi-private room” means a room with two beds, other than a room that is designated by an approved corporation as a standard room;

“standard room” means,

(a) a room with three or more beds, or

(b) a room with less than three beds that is designated by an approved corporation as a standard room.

2. (1) Clause 43 (2) (b) of the Regulation is amended by striking out “the form titled “Application for Reduction in Long-Term Care Facility Accommodation Fees” and dated May 30, 1994, published by and available at the Ministry of Health” in the second, third and fourth lines and substituting “a reduction application in the form provided by the Minister”.

(2) Subsections 43 (3), (4) and (5) of the Regulation are revoked and the following substituted:

(3) If a long-stay resident whose affairs are managed by the Public Trustee has applied for a reduction under subsection (1) before October 1, 1994 or applies for a reduction under subsection (1) on or after October 1, 1994,

(a) the maximum monthly amount that may be demanded or accepted by or on behalf of the approved corporation for providing the resident with basic accommodation for a full month during the period described in subsection (5) is the greater of,

(i) the monthly amount determined in accordance with the Public Trustee reduction application, and

(ii) \$819.53; and

(b) the maximum daily amount that may be demanded or accepted by or on behalf of the approved corporation for providing the resident with basic accommodation for less than a full month during the period described in subsection (5) is the greater of,

(i) the daily amount determined in accordance with the Public Trustee reduction application, and

(ii) \$26.94.

(4) If a long-stay resident whose affairs are not managed by the Public Trustee has applied for a reduction under subsection (1) before October 1, 1994 or applies for a reduction under subsection (1) on or after October 1, 1994,

(a) the maximum monthly amount that may be demanded or accepted by or on behalf of the approved corporation for providing the resident with basic accommodation for a full month during the period described in subsection (5) is the greater of,

(i) the monthly amount determined in accordance with the reduction worksheet, and

(ii) \$819.53; and

(b) the maximum daily amount that may be demanded or accepted by or on behalf of the approved corporation for providing the resident with basic accommodation for less than a full month during the period described in subsection (5) is the greater of,

(i) the daily amount determined in accordance with the reduction worksheet, and

(ii) \$26.94.

(5) The period referred to in subsections (3) and (4),

(a) begins on,

- (i) October 1, 1994, if the resident has submitted his or her reduction application to the administrator of the home before October 1, 1994, or
 - (ii) the first day of the month in which the resident submits his or her reduction application to the administrator of the home, if the resident submits his or her reduction application to the administrator of the home on or after October 1, 1994; and
- (b) ends on the earlier of,
- (i) the first June 30 following the submission of the reduction application, and
 - (ii) the last day of the month immediately preceding the month in which the resident submits his or her next reduction application to the administrator of the home.

3. Clause 54 (b) of the Regulation is amended by striking out “81 (1) (d)” in the first line and substituting “53 (1) (d)”.

4. Table 5 of the Regulation is revoked and the following substituted:

TABLE 5

GENERAL

PART I
APPOINTMENT OF NON-COUNCIL MEMBERS
TO COMMITTEES OF THE COLLEGE

1. This Part applies with respect to the appointment of members who are not members of the Council to a committee of the College.

2. The term of office of a committee member is three years.

3. A member is eligible for appointment to a committee if, on the date of appointment,

- (a) the member is practising or resident in Ontario;
- (b) the member is not in default of payment of any prescribed fees;
- (c) the member is not the subject of any disciplinary or incapacity proceedings;
- (d) the member's certificate of registration has not been revoked or suspended in the six years preceding the date of the appointment; and
- (e) the member's certificate of registration is not subject to a term, condition or limitation other than one prescribed by regulation.

4. (1) The Council shall disqualify a member appointed to a committee from sitting on the committee if the member,

- (a) is found to have committed an act of professional misconduct or is found to be incompetent by a panel of the Discipline Committee;
- (b) is found to be an incapacitated member by a panel of the Fitness to Practise Committee;
- (c) fails, without cause, to attend two consecutive meetings of the committee or of a subcommittee of which he or she is a member;
- (d) fails, without cause, to attend a hearing or review of a panel for which he or she has been selected; or
- (e) neither practises nor resides in Ontario.

(2) A member who is disqualified under subsection (1) from sitting on a committee ceases to be a member of the committee, and the Council shall appoint a successor as soon after the disqualification as feasible.

(3) The term of office of a person who is appointed as a successor under subsection (2) expires when the term of office of the person being replaced would have expired.

PART II
FEES

5. (1) Every member shall pay an annual fee.

(2) The annual fees are,

- (a) for a member holding a general or academic certificate of registration, \$450;
- (b) for a member holding an initial or non-practising certificate of registration, \$225;
- (c) for a member holding a teaching certificate of registration, \$450, prorated according to the number of months in a year that the member holding the certificate teaches the profession and based on a fee of \$37.50 a month.

(3) The annual fee for a year must be paid on or before October 1 in the year.

(4) The annual fee paid by a member in the year of the member's first application shall be prorated according to the portion of the year between the date the certificate of registration is issued and September 30 in the year.

6. (1) Upon application for registration, a person shall pay the following fee:

- | | |
|--|----------|
| 1. For graduates of Ontario university programs | \$ 75.00 |
| 2. For graduates of university programs outside of Ontario | \$100.00 |

(2) Upon being notified by the Registrar that the application for registration has been approved, a member shall pay a registration fee of \$200.

7. No later than 60 days before the annual fee is due, the Registrar shall notify the member of the amount of the fee and the day on which the fee is due.

8. (1) A member shall pay a penalty of 20 per cent of the annual fee payable by the member if the member fails to pay the annual fee on or before the day on which the fee is due.

(2) A member who chooses to pay the annual fee quarterly must also pay an administrative fee as set by the Registrar.

(3) The quarterly payments shall fall due on October 1, January 1, April 1 and July 1 in the year.

(4) Subject to section 24 of the Health Professions Procedural Code, if the annual fee or first quarterly instalment is not paid within four months after October 1, the member's certificate of registration shall be suspended.

(5) The Registrar shall lift a suspension under subsection (4) upon payment of the annual fee payable by the member plus a reinstatement fee of 35 per cent of that fee.

(6) If the annual fee is not paid in full within 12 months after October 1, the member's certificate of registration shall be revoked.

(7) A member whose certificate of registration has been revoked under subsection (6) may apply for a new certificate of registration but shall pay a registration fee in addition to the annual fee payable by the member.

9. Where a person requests the Registrar to do anything that the Registrar is required or authorized to do by statute or by regulation, the person shall pay the prescribed fee or the fee set by the Registrar for doing so.

PART III
REGISTRATION

10. The following are prescribed as classes of certificates of registration:

Class	Description
General	The member has met all the requirements for registration and has successfully completed the period of initial registration.
Initial	The member has met the academic, clinical and language requirements for a general certificate and is working under the supervision of a member who holds a general certificate.
Non-practising	The member holds a general certificate but is not practising in Ontario during a full year.
Academic	The member is registered to practise to the extent required by the teaching or research requirements of the professorial appointment in speech-language pathology and/or audiology in an Ontario university.
Teaching	The member practises speech-language pathology and/or audiology in another jurisdiction and is registered to practise in Ontario for up to one year under the authorization/supervision of a member who holds a general certificate of registration.

11. (1) A person may apply for the issue of a certificate of registration by submitting an application to the Registrar together with the prescribed fee.

(2) When the applicant has met the requirements for registration and paid the registration fee and annual membership fee, the name of the person shall be entered onto the register and a certificate issued.

12. (1) The following are the registration requirements for a certificate of registration of any class:

1. The applicant must provide details of any of the following that relate to the applicant:
 - i. A conviction for a criminal offence or an offence related to the regulation of the practice of the profession.
 - ii. A finding of professional misconduct, incompetency or incapacity in Ontario in relation to another health profession or in another jurisdiction in relation to the profession or another health profession.
 - iii. A current proceeding for professional misconduct, incompetency or incapacity in Ontario in relation to another health profession or in another jurisdiction in relation to the profession or another health profession.
2. The applicant must provide proof of having professional liability insurance,
 - i. of at least \$1,000,000 per claim before April 1, 1994, and
 - ii. of at least \$2,000,000 per claim on or after April 1, 1994.
3. The applicant must be able to speak and write either English or French with reasonable fluency.

(2) The applicant is exempt from the requirement of paragraph 2 of subsection (1) if the applicant,

- (a) is applying for a non-practising certificate of registration; or
- (b) is applying for an academic or teaching certificate of registration and will not, within the scope of his or her practice, be directly

responsible for providing or deciding to provide any clinical service.

(3) The following are the conditions of a certificate of registration of any class:

1. The member shall provide the College with details of any of the following that relate to the member and that occur or arise after the registration of the member:
 - i. A conviction for a criminal offence or an offence related to the regulation of the practice of the profession.
 - ii. A finding of professional misconduct, incompetency or incapacity in Ontario in relation to another health profession or in another jurisdiction in relation to the profession or another health profession.
 - iii. A proceeding for professional misconduct, incompetency or incapacity in Ontario in relation to another profession or in another jurisdiction in relation to the profession or another health profession.

2. The member shall have adequate professional liability insurance in accordance with subsections (1) and (2).

13. (1) The following are non-exemptible registration requirements for a general certificate of registration:

1. The applicant must have a professional master's degree in speech-language pathology or audiology or both from a university in Ontario, or a degree or diploma granted by a university outside Ontario, that is determined to be equivalent to the Ontario degree by the Registration Committee in accordance with subsection (2).
2. The applicant must be a Canadian citizen or a permanent resident of Canada or be authorized by the *Immigration Act* (Canada) to engage in the practice of the profession.

(2) For the purposes of paragraph 1 of subsection (1), a degree or diploma is an equivalent degree or diploma if the program contains the following:

1. 270 hours of coursework in basic communication processes which include,
 - i. the anatomic and physiologic basis for normal development and use of speech, language and hearing,
 - ii. physical bases and processes of the production and perception of speech, and
 - iii. perceptual processes and psycholinguistic variables related to normal development and use of speech, language and hearing.
2. 200 hours of coursework in related areas which include,
 - i. study of human behaviour, both normal and abnormal,
 - ii. statistics, and
 - iii. administrative organization of speech language pathology and/or audiology programs.
3. 360 hours of coursework in the major professional area which provides in-depth study of disorders of speech and language or of hearing functioning and clinical evaluation and treatment of communication disorders.

4. 90 hours of coursework in the minor professional area which provides study in audiology for speech-language pathology majors and study in speech-language pathology for audiology majors.

5. 300 hours of supervised university accredited clinical practicum with both children and adults representing a wide variety of communication disorders in the area in which registration is sought and consisting of,

i. at least 225 hours of experience must be within the major professional area, and

ii. a minimum of 35 hours in the minor area.

(3) It is a requirement for a general certificate of registration that the applicant have held an initial certificate of registration for the length of time required under subsection 15 (4) or have satisfactorily completed two years of professional practice in another jurisdiction.

(4) It is a condition of a general certificate of registration that a member shall,

(a) provide 250 hours of patient care or related work in audiology or speech-language pathology annually or 500 hours over two years;

(b) complete a continuing education course approved by the College in accordance with the College's guidelines; or

(c) inform the Registrar immediately of any changes in status relevant to subsection (5).

(5) The Registrar shall revoke a member's general certificate of registration as soon as the Registrar has knowledge of the fact that the member has ceased to be a Canadian citizen or a permanent resident of Canada or is no longer authorized by the *Immigration Act* (Canada) to engage in the practice of the profession.

14. (1) A person who, on December 31, 1993, is practising as an audiologist or speech-language pathologist in Ontario is exempt from the requirement under subsection 13 (3) and shall be issued a general certificate of registration if the person meets the following requirements:

1. The applicant must meet the non-exemptible requirements under subsection 13 (1).

2. The applicant must certify in writing that he or she has practised audiology or speech-language pathology for a minimum of 250 hours over the preceding year or 750 hours over the preceding three years.

3. The applicant must pay the prescribed fees.

4. The applicant must submit a duly completed registration form.

(2) It is a condition of a certificate issued under subsection (1) that the member shall apply for a general certificate of registration within nine months of December 31, 1993.

15. (1) The following are non-exemptible registration requirements for an initial certificate of registration:

1. Subject to subsection (2), the applicant must satisfy the non-exemptible requirements for a general certificate of registration.

2. The applicant must be employed as a speech-language pathologist or audiologist.

(2) The College may issue an initial certificate of registration to an applicant who has not completed the coursework in a minor area of study if the applicant undertakes to complete the coursework during the term of the initial certificate of registration.

(3) It is a condition of an initial certificate of registration that the member shall practise under the supervision of a holder of a general certificate of registration in accordance with the policies of the College.

(4) The term of an initial certificate of registration shall be for a period of full-time employment of 12 months or for a period of no longer than 24 months from the initial application where the employment is part-time.

(5) The College may extend the term of an initial certificate of registration if, in the opinion of the College, the member does not have the skills or competency necessary to be issued a general certificate of registration.

16. (1) The following are non-exemptible registration requirements for a non-practising certificate of registration:

1. The applicant must be a member in good standing and hold a general certificate of registration or the member must be eligible to be issued a general certificate of registration.

2. The applicant must have completed a minimum of two years of practice within the scope of the profession.

(2) The following are conditions of a non-practising certificate of registration:

1. The member shall make an annual application for non-practising registration status.

2. The member may fulfill any continuing education requirements expected of holders of a general certificate of registration during the period of non-practising registration but must do so before issuance of a general certificate of registration.

3. The member shall not engage in professional practice in Ontario during this non-practising period.

17. (1) The following are non-exemptible registration requirements for an academic certificate of registration:

1. The applicant must have a professional Master's degree in speech-language pathology or audiology or both from a university in Ontario, or a degree or diploma granted by a university outside Ontario that is determined to be equivalent to the Ontario degree by the Registration Committee.

2. The applicant must be a Canadian citizen or a permanent resident of Canada or be authorized by the *Immigration Act* (Canada) to engage in the practice of the profession.

3. The applicant must have an appointment to the academic staff of a university in Ontario to teach in speech-language pathology or audiology.

(2) For the purposes of paragraph 1 of subsection (1), a degree is an equivalent degree if the program contains the following:

1. 270 hours of coursework in basic communication processes which include,

i. the anatomic and physiologic basis for normal development and use of speech, language and hearing,

ii. physical bases and processes of the production and perception of speech, and

- iii. perceptual processes and psycholinguistic variables related to normal development and use of speech, language and hearing.

2. 200 hours of coursework in related areas which include,

- i. study of human behaviour, both normal and abnormal,
- ii. statistics, and
- iii. administrative organization of speech-language pathology and/or audiology programs.

3. 360 hours of coursework in the major professional area which provides in-depth study of disorders of speech and language or of hearing functioning and clinical evaluation and treatment of communication disorders.

4. 90 hours of coursework in the minor professional area which provides study in audiology for speech-language pathology majors and study in speech-language pathology for audiology majors.

5. 300 hours of supervised university accredited clinical practicum with both children and adults representing a wide variety of communication disorders in the area in which registration is sought and consisting of,

- i. at least 225 hours of experience must be within the major professional area, and
- ii. a minimum of 35 hours in the minor area.

(3) The following are conditions of an academic certificate of registration:

- 1. The member shall be involved in clinical practice in a setting related to the academic appointment.
- 2. The member continues to hold an appointment in an Ontario university in speech-language pathology and/or audiology.

18. (1) The following are non-exemptible registration requirements for a teaching certificate of registration of up to one year in duration:

- 1. The applicant must hold a graduate degree in speech-language pathology or audiology and is qualified to practise as a speech-language pathologist or audiologist in his or her resident jurisdiction.
- 2. The applicant must have been invited to teach for a limited duration by an institution referred to in the Schedule.
- 3. A member who holds a general certificate of registration must have undertaken the supervision of the applicant and is responsible for providing continuing care for patients attended by the applicant in Ontario.

(2) The following are conditions of a teaching certificate of registration:

- 1. The member shall practise in his or her area of expertise only to the extent required for the purposes of the continuing education program or other limited teaching contract.
- 2. The member shall practise only under the supervision of the member who gave the undertaking.

- (3) A teaching certificate of registration shall expire on the date set out on the certificate which shall be no later than one year after the day it was issued.

ONTARIO REGULATION 544/94 made under the MESSAGE THERAPY ACT, 1991

Made: June 16, 1994
Approved: August 17, 1994
Filed: August 19, 1994

GENERAL

PART I APPOINTMENT OF NON-COUNCIL MEMBERS TO COMMITTEES OF THE COLLEGE

1. This Part applies with respect to the appointment of members who are not members of the Council to a committee of the College.

2. The term of office of a committee member appointed under this Part is two years.

3. A member is eligible for appointment to a committee if, on the date of the appointment,

- (a) the member practises massage therapy in Ontario, or if the member does not practise massage therapy, the member is resident in Ontario;
- (b) the member is not in default of payment of any prescribed fees;
- (c) the member is not the subject of any disciplinary or incapacity proceeding;
- (d) a period of three years has elapsed since the member complied with all aspects of an order of the Discipline Committee or Fitness to Practise Committee;
- (e) the member's certificate of registration is not subject to a term, condition or limitation imposed by the Discipline Committee or Fitness to Practise Committee;
- (f) the member has not been a voting member of the provincial board of directors of the Ontario Massage Therapists' Association or an appointed official of the Association within the year preceding the appointment.

4. (1) The Council shall disqualify a member appointed to a committee from sitting on the committee if the member,

- (a) is found by a panel of the Discipline Committee to have committed an act of professional misconduct or to be incompetent;
- (b) is found by a panel of the Fitness to Practise Committee to be an incapacitated member;
- (c) fails, without cause, to attend two consecutive regular meetings of the committee or of a subcommittee of which he or she is a member;
- (d) fails, without cause, to attend a hearing or review of a panel for which he or she has been selected;
- (e) no longer practises massage therapy in Ontario and is no longer a resident of Ontario;
- (f) ceases to be a member; or
- (g) breaches section 36 of the *Regulated Health Professions Act, 1991*.

(2) A member who is disqualified under subsection (1) from sitting on a committee ceases to be a member of the committee.

5. (1) If the seat of an appointed committee member becomes vacant before the expiry of the member's term of office, the Council may,

- (a) leave the seat vacant; or
- (b) appoint a replacement member to the committee.

(2) The term of a member appointed under clause (1) (b) shall be from the day of the appointment until the time the former committee member's term would have expired.

PART II ADVERTISING

6. (1) An advertisement with respect to a member's practice must not contain,

- (a) anything that is false or misleading;
- (b) anything that, because of its nature, cannot be verified;

- (c) an endorsement other than an endorsement by an organization that is known to have expertise relevant to the subject-matter of the endorsement; or
- (d) a testimonial by a client or a former client or by a friend or relative of a client or former client.

(2) An advertisement shall not refer to a member or to a member's certificate number in a way that implies that the member practises regularly and actively in a location if, in fact, this is not the case.

(3) An advertisement must be readily comprehensible to the persons to whom it is directed.

(4) Any member who is chiefly responsible for a practice that is the subject of an advertisement must identify himself or herself in the advertisement as a member of the College.

PART III RECORDS

7. (1) A member shall, in relation to his or her practice, take all reasonable steps necessary to ensure that records are kept in accordance with this Part.

(2) Reasonable steps under subsection (1) shall include the verification by the member, at reasonable intervals, that the records are kept in accordance with this Part.

8. A daily appointment record shall be kept that sets out the name of each client who the member examines or treats or to whom the member renders any service and the time of the appointment.

9. An equipment service record shall be kept that sets out the servicing of equipment used to examine or treat clients or to render any service to clients.

10. (1) A financial record shall be kept for each client.

(2) The financial record must contain,

- (a) the particulars of the treatment or procedure rendered;
- (b) the fee charged for the services provided; and
- (c) a copy or record of the receipt issued for payment of the services provided.

11. (1) A client health record shall be kept for each client.

(2) The client health record must include the following:

1. The client's name and address.
2. The date, time and duration of each of the client's visits to the member.
3. The name and address of the primary care physician and any referring health professional.
4. Any relevant medical history and a history of massage therapy.
5. Particulars of every examination performed by the member and particulars of every clinical finding and assessment made by the member.
6. Every written report received by the member with respect to examinations, tests, consultations or treatments performed by any other person.
7. Particulars of all advice given by the member.

8. Particulars of every referral of the client by the member to another health professional.
9. Particulars of every fee or other amount charged by the member.
10. A copy of every written consent.
11. A copy of every needs assessment.
12. A copy of any treatment plan.
13. Particulars of the treatment applied at each of the client's visits to the member and the name of the member who applied the treatment.

(3) Every part of a client health record must have a reference identifying the client or the client health record.

(4) Every entry in a client health record must be dated and the identity of the person who made the entry must be identifiable.

(5) Every client health record shall be retained for at least 10 years following,

- (a) the client's last visit; or
- (b) if the client was less than 18 years old at the time of his or her last visit, the day the client became or would become 18 years old.

(6) A member shall ensure that any destruction of client health records is done in such a way as to maintain client confidentiality.

12. (1) A record required to be kept under this Part may be kept by means of an electronic or optical storage system.

(2) The electronic or optical storage system referred to in subsection (1) shall be designed and operated so as to ensure that all reports are secure from loss, tampering, interference or unauthorized use or access.

13. (1) It is an act of professional misconduct for the purposes of clause 51 (1) (c) of the Health Professions Procedural Code for a member to fail to provide copies from a patient health record for which the member has primary responsibility as required by this section.

(2) A member shall provide copies from a client health record for which the member has primary responsibility to any of the following persons upon receiving a written request:

1. The client.
2. A personal representative who is authorized in writing by the client to obtain copies from the record.
3. If the client is dead, the client's legal representative.
4. If the client lacks capacity to give an authorization described in paragraph 2,
 - i. a committee of the client appointed under the *Mental Health Act*,
 - ii. a person to whom the client is married,
 - iii. a person of the opposite or same sex, with whom the client is living in a conjugal relationship outside marriage if the client and the person,

A. have cohabited for at least one year,

B. are together the parents of a child, or

C. have together entered into a cohabitation agreement under section 53 of the *Family Law Act*,

iv. the client's son or daughter,

v. the client's parent.

(3) It is not an act of professional misconduct under subsection (1) for a member to refuse to provide copies from a client health record until the member is paid a reasonable fee.

(4) A member may provide copies from a client health record for which the member has primary responsibility to any person authorized by a person to whom the member is required to provide copies under subsection (2).

(5) A member may, for the purpose of providing health care or assisting in the provision of health care to a client, allow a health professional to examine the client health record or give a health professional any information, copy or thing from the record.

(6) A member may provide information or copies from a client health record to a person if,

- (a) the information or copies are to be used for health administration or planning or health research or epidemiological studies;
- (b) the use of the information or copies is in the public interest as determined by the Minister; and
- (c) anything that could identify the client is removed from the information or copies.

ONTARIO REGULATION 545/94 made under the MEDICAL RADIATION TECHNOLOGY ACT, 1991

Made: July 14, 1994
Approved: August 17, 1994
Filed: August 19, 1994

GENERAL

PART I APPOINTMENT OF NON-COUNCIL MEMBERS TO COMMITTEES OF THE COLLEGE

1. This Part applies with respect to the appointment of members who are not members of the Council to a committee of the College.

2. (1) The term of office of a committee member is one year.

(2) A committee member is eligible for reappointment.

(3) Despite subsection (1), the term of office of a committee member appointed prior to the first election of all members to the Council shall terminate at the first regular meeting of the Council following the first election of all members to the Council.

3. A member is eligible for appointment to a committee by the Council if, on the date of the appointment,

- (a) the member practises as a medical radiation technologist in Ontario, or, if the member does not practise as a medical radiation technologist, the member is resident in Ontario;
- (b) the member is not in default of payment of any fees prescribed by regulation or any fine imposed under the Act or the *Regulated Health Professions Act, 1991*;
- (c) the member is not the subject of any disciplinary, incompetence or incapacity proceeding;
- (d) there has not been a finding of professional misconduct, incompetence or incapacity with respect to the member in the three years preceding the date of the appointment;
- (e) the member's certificate of registration has not been revoked or suspended in the six years preceding the date of the appointment;
- (f) the member holds a specialty certificate of registration in one or more specialties and the member's certificate of registration is not subject to a term, condition or limitation other than one prescribed by regulation; and
- (g) the member is not a member of the provincial governing board of a professional association of medical radiation technologists, an executive officer of a bargaining unit of a union representing medical radiation technologists or an executive officer of an association of managers of medical radiation technologists.

4. (1) The Council shall disqualify a member appointed to a committee from sitting on the committee, and the member shall cease to be a member of the committee if the member,

- (a) is found by a panel of the Discipline Committee to have committed an act of professional misconduct or to be incompetent;
- (b) is found to be an incapacitated member by a panel of the Fitness to Practise Committee;
- (c) fails, without cause, to attend two consecutive meetings of the committee or of a subcommittee of which such member is a member;
- (d) fails, without cause, to attend a hearing or review of a panel for which such member has been selected;
- (e) ceases to practise in Ontario and commences to practise outside of Ontario; or
- (f) ceases to be a member.

(2) Despite clause (1) (b), a member who is found to be an incapacitated member by a panel of the Fitness to Practise Committee shall not be disqualified from sitting on a committee nor cease to be a member of the committee if the Council determines that the incapacity of the member would not interfere with the performance of the member's responsibilities as a committee member and that the member is entitled to continue to sit on the committee.

(3) The Council shall disqualify a member appointed to a committee from sitting on the committee if the member becomes the subject of a

proceeding with respect to professional misconduct, incompetence or incapacity.

(4) Pending the outcome of the proceedings, a member disqualified from sitting on a committee under subsection (3) shall not be entitled to attend the meetings of the committee but shall not cease to be a member of the committee.

(5) If the proceeding referred to in subsection (3) results in a finding of professional misconduct or incompetence, the member shall cease to be a member of the committee.

(6) If the proceeding referred to in subsection (3) results in a finding of incapacity, the member shall cease to be a member of the committee unless the Council determines that the incapacity of the member would not interfere with the performance of the member's responsibilities as a committee member and that the member is entitled to sit on the committee.

(7) If the proceeding referred to in subsection (3) does not result in a finding of professional misconduct, incompetence or incapacity, the member's right to attend meetings of the committee shall be reinstated.

5. (1) The Council shall appoint a successor as soon as is feasible after a member has ceased to be a member of the committee under subsection 4 (1), (5) or (6).

(2) The term of office of a person who is appointed as a successor under subsection (1) expires when the term of office of the person being replaced would have expired.

(3) If a member is not entitled to attend the meetings of a committee under subsection 4 (4), the Council may appoint a substitute member to attend and vote at meetings of the committee.

(4) The term of office of a substitute member expires when,

- (a) a successor is appointed under subsection (1); or
- (b) the member's right to attend is reinstated under subsection 4 (7).

PART II ADVERTISING

6. (1) An advertisement with respect to a member's practice must not contain,

- (a) anything that is false or misleading;
- (b) anything that, because of its nature, cannot be verified;
- (c) subject to subsection (2), a reference to any area of practice or to any procedure or treatment;
- (d) an endorsement other than an endorsement by an organization that is known to have expertise relevant to the subject-matter of the endorsement;
- (e) a testimonial by a patient or former patient or by a friend or relative of a patient or former patient; or
- (f) a reference to a drug or to a particular brand of equipment or product used to provide health services.

(2) An advertisement with respect to a member's practice may contain a reference to a prescribed specialty or a procedure or treatment within the scope of a prescribed specialty, if the member holds a specialty certificate of registration in the specialty and the advertisement states that the member is a specialist in the specialty.

(3) An advertisement must be readily comprehensible to the persons to whom it is directed.

Environmental Assessment Act Loi sur les évaluations environnementales

NOTICE OF PROPOSAL TO AMEND AN APPROVAL

WHEREAS the Management Board Secretariat of Ontario (MBS) has been granted a Class Environmental Assessment Approval (Class Approval) under the Ontario Environmental Assessment Act for various types of Realty Group Activities, including land transfers, and

WHEREAS the Minister of Environment and Energy may approve an amendment of the Class Approval,

TAKE NOTICE that MBS has proposed that the Class Approval be amended so as not to require MBS to obtain consents under the Ontario Planning Act for land transfers from MBS or Ontario Government Agencies or Ontario Government related agencies to other Ontario Government or Ontario Government related agencies when both parties involved in such transfers intend to keep the land in government use.

TAKE NOTICE that upon the expiry of 45 calendar days following publication of this notice, and after reviewing the proposed amendment and any written submissions with respect to the proposed amendment received by the Minister of Environment and Energy during the 45 day period, the Minister will decide whether or not to approve the proposed amendment.

Written submissions on this proposed amendment should be directed to:

The property, municipally known as 110 Pelham Road, St. Catharines, Ontario, consists of a larger than average home for the area, and has been well looked after. The exterior of the property has been updated and an addition has apparently been added. There is also a single attached garage.

ALL of which I shall offer for sale by Public Auction, subject to such conditions as may be made known, on Thursday, October 13th, 1994, at 12 o'clock in the afternoon at the Courthouse, 59 Church St., St. Catharines, Ontario.

TERMS: Cash or Certified Cheque.
Immediate Payment of 10% of bid price at time of sale (Minimum \$500.00).
Ten days to arrange financing, failing which all payments are forfeited.
Delivery only on payment in full.

NOTE: No employee of the Ministry of the Attorney General may purchase any goods or chattels, lands or tenements exposed by a sheriff for sale under legal process, either directly or indirectly.

Pursuant to a Writ of Seizure and Sale issued out of the Ontario Court (General Division) and to me directed against the real and personal property of WILLIAM LAMPING, I have seized and taken in execution all right, title, interest and equity of redemption of WILLIAM LAMPING in the following:

Lot 132, Corporation Plan No. 6 and part of Lot 131, Corporation Plan No. 6, in the City of St. Catharines, in the Regional Municipality of Niagara, formerly in the Town of Merriton, in the County of Lincoln, and more particularly described as follows:

FIRSTLY: Lot No. 132 according to the compiled Plan of the Town of Merriton, filed in the Registry Office for the Registry Division of the County of Lincoln as Corporation Plan No. 6.

SECONDLY: In the City of St. Catharines, in the Regional Municipality of Niagara, formerly in the Town of Merriton, in the County of Lincoln, and being composed of part of Lot 131 being more particularly described as the easterly fifteen feet of even perpendicular width from north to south of Lot 131, Corporation Plan No. 6. As previously described in Instrument No. 484546, registered August 31st, 1984.

The property, municipally known as 122 Oakdale Avenue, St. Catharines, consists of an approximate 1400 square foot, wood framed, brick veneer, two storey dwelling with a single storey section attached to both the front and rear of the building. The single storey sections have flat tar and gravel roofs. There appears to be a raised basement under the entire house. Also featured is a single car attached garage, single paved driveway and wood framed double hung windows, some with aluminum storms and screens.

ALL of which said right, title, interest and equity of redemption of WILLIAM LAMPING I shall offer for sale by Public Auction, subject to such conditions as may be made known on Thursday, October 20th, 1994 at 12 o'clock in the afternoon, if not redeemed before that time, at the Courthouse, 59 Church St., St. Catharines, Ontario.

TERMS: Cash or certified Cheque.
Immediate Payment of 10% of bid price at time of sale (Minimum \$500.00).
Ten days to arrange financing, failing which all payments are forfeited.
Delivery only on payment in full.

NOTE: No employee of the Ministry of the Attorney General may purchase any goods or chattels, lands or tenements exposed by a sheriff for sale under legal process, either directly or indirectly.

ONTARIO REGULATION 553/94
made under the
INSURANCE ACT

Made: August 17, 1994
Filed: August 22, 1994

Amending Reg. 664 of R.R.O. 1990
(Automobile Insurance)

Note: Regulation 664 has not been amended in 1994. For prior amendments, see the Table of Regulations in the Statutes of Ontario, 1993.

1. Section 5 of Regulation 664 of the Revised Regulations of Ontario, 1990 is amended by adding the following subsection:

(4) An insurer shall not terminate a contract of automobile insurance because,

- (a) a group marketing plan within the meaning of section 17 terminates; or
- (b) the insured ceases to be a member of a group referred to in clause 16 (5) (a) or (b).

2. Section 16 of the Regulation is amended by adding the following subsections:

(5) No element of a risk classification system shall use membership in an organized group unless the group is,

- (a) a group of employees of the same employer; or
- (b) a group of persons that is,
 - (i) a labour union,

(ii) a professional or occupational association,

(iii) an alumni association, or

(iv) a non-profit organization that has been in existence for at least two years, except an organization that is formed primarily for the purpose of purchasing or providing goods or services.

(6) A group referred to in clause (5) (a) may also include retired employees of the same employer.

(7) A group referred to in clause (5) (a) or (b) may also include:

- 1. Spouses of members of the group.
- 2. Children of members of the group or of their spouses who are under 25 years of age and,
 - i. reside in the same dwelling as a member of the group or the spouse of a member of the group, or
 - ii. attend an educational institution on a full-time basis.

(8) In subsection (7), "spouse" means either of a man and a woman who,

- (a) are married to each other; or
- (b) are living together in a conjugal relationship outside marriage, if they have lived together,
 - (i) continuously for a period of at least one year, or
 - (ii) in a relationship of some permanence, if they are the natural or adoptive parents of a child or have demonstrated a settled intention to treat a child as a child of their family.

(9) No element of a risk classification system shall result in a member of a group referred to in clause (5) (a) or (b) being excluded from the group for the purpose of risk classification if,

- (a) the insurance is sold under a group marketing plan within the meaning of section 17; and
- (b) coverage is for a personal use private passenger vehicle within the meaning of the Plan of Operation established by the Facility Association under subsection 7 (3) of the *Compulsory Automobile Insurance Act*.

(10) No element of a risk classification system shall result in a change in the classification of an insured before the next renewal date of the insured's policy because,

- (a) a group marketing plan within the meaning of section 17 terminates; or
- (b) the insured ceases to be a member of a group referred to in clause (5) (a) or (b).

3. The Regulation is amended by adding the following section:

GROUP MARKETING PLANS

17. (1) In this section, "group marketing plan" means,

- (a) an arrangement between an insurer and a group of employees of the same employer to market automobile insurance to members of the group;
- (b) an arrangement between an insurer and an employer to market automobile insurance to a group of employees of the employer; or

- (c) an arrangement between an insurer and a group referred to in clause 16 (5) (b) to market automobile insurance to members of the group.

(2) An insurer shall not sell automobile insurance under a group marketing plan if any person is required to purchase insurance under the plan or is subject to a penalty for failing to purchase insurance under the plan.

(3) An insurer, agent or broker selling automobile insurance under a group marketing plan shall not accept an application from a person for insurance coverage unless the insurer, agent or broker has made full and fair disclosure to the person of all features of the group marketing plan and the insurance coverage, including,

- (a) the group marketing plan's provisions relating to group discounts, policyholder services, termination of the plan and termination of eligibility; and

- (b) the financial interests in the group marketing plan of the person or body that entered into the plan with the insurer.

(4) A person who collects premiums under a group marketing plan, other than an agent or broker, shall provide adequate administrative facilities for the collection of premiums and shall be deemed to be the agent of the insurer for the purpose of collecting premiums.

(5) All premium funds received or receivable by a person under a group marketing plan, other than by an agent or broker, shall be deemed to be trust funds held for the benefit of the insurer.

(6) A person who receives or is entitled to receive premium funds under a group marketing plan shall not assign, pledge, mortgage or in any way charge the funds.

(7) An assignment, pledge, mortgage or other charge of premium funds contrary to subsection (6) is void.

made under the
PETROLEUM RESOURCES ACT

Made: August 17, 1994
Filed: August 23, 1994

SPACING UNITS—BLANDFORD-BLENHEIM

1. In this Regulation,

"Plan" means the plan filed in the Petroleum Resources Centre of the Ministry of Natural Resources at London as Plan No. P.R.C. 94-4, and identified by the stamp of the Registrar of Regulations dated July 15, 1994;

"target area" means that part of a spacing unit that is no closer than 150 meters to any boundary of the spacing unit unless otherwise indicated on the Plan.

2. This Regulation applies only to wells drilled into a geological formation of Cambrian age.

3. The areas shown outlined in green on the Plan, being lots 1, 2, 23 and 24 in Concession IV, lots 1, 2 and 21 to 24 in Concession V, lots 1 to 8 and 19 to 24 in Concession VI, lots 1 to 8 and 19 to 24 in Concession VII, lots 1 to 8 and 19 to 24 in Concession VIII, lots 1 to 10 and 19 to 24 in concessions IX to XIII, and lots 1 to 9 and 19 to 24 in Concession XIV in the Township of Blandford-Blenheim, and lots 11 to 16 in Concession XVII, and lots 11 to 15 in Concession XVIII in the Township of East Zorra, all in the County of Oxford, being of approximately 40.47 hectares each unless otherwise indicated on the Plan, are designated as spacing units for the purpose of this Regulation.

4. No person shall,

(a) produce from more than one well in a spacing unit;

(b) bore or drill a well in a spacing unit outside the target area unless topographical, geological or other conditions make boring or drilling a well within the target area unfeasible; or

(c) produce oil or gas from a well in a spacing unit unless all the interests in the oil and gas in the spacing unit have been joined for the purpose of producing from the well.

5. Ontario Regulation 11/94 is revoked.

1. (1) In this Regulation,

“assessment parameter” means a parameter that is listed in Schedule 2 or 3;

“blowdown water” means water that is discharged from a recirculating cooling water system or a boiler system for the purpose of controlling the level of water in the system or for the purpose of discharging from the system materials contained in the system the further build-up of which would impair the operation of the system;

“cooling water effluent” means water and associated material that is used in an industrial process for the purpose of removing heat and that has not, by design, come into contact with process materials, but does not include blowdown water;

“cooling water effluent monitoring stream” means a cooling water effluent stream on which a sampling point is established under section 8;

“cooling water effluent sampling point” means a sampling point established on a cooling water effluent stream under section 8;

“Director”, in relation to obligations of a discharger, means a Director appointed under section 5 of the Act and responsible for the region in which the discharger’s plant is located and includes an alternate named by the Director;

“discharger” means an owner or person in occupation or having the charge, management or control of a plant to which this Regulation applies;

“eight-hour period” means all or part of any period between,

- (a) midnight and 8 a.m.,
- (b) 8 a.m. and 4 p.m.,
- (c) 4 p.m. and midnight;

“existing plant” means a plant that produced metal, metal concentrates or metal-bearing substances before this Regulation comes into force;

“limited parameter” means a parameter for which a limit is specified in Column 3 or 4 of Schedule 1;

“metal” means antimony, bismuth, cadmium, chromium, cobalt, copper, gold, iron, lead, manganese, mercury, molybdenum, niobium, nickel, palladium, platinum, silver, tantalum, tellurium, thorium, tin, titanium, tungsten, uranium, vanadium or zinc, or any combination thereof;

“metal mining plant” means any opening or excavation in, or working of, the ground for the purpose of winning any metal, metal concentrate or metal-bearing substance and includes all associated,

- (a) ways, works, machinery, buildings or premises below or above the ground,
- (b) waste disposal sites, wastewater treatment facilities, and
- (c) roasting or smelting furnaces, refineries, concentrators or mills, wherever located, that are used in connection with washing, crushing, grinding, sifting, reducing, leaching, roasting, smelting, refining or treating of any metal, metal concentrate or metal-bearing substance;

“minewater effluent monitoring stream” means a process effluent monitoring stream,

- (a) that flows from any opening or excavation in, or working of, the ground at the plant for the purpose of winning any metal, and
- (b) that does not flow from a tailings area or other wastewater treatment facility associated with a tailings area;

“new plant” means a plant that begins production of metal, metal concentrates or metal-bearing substances on or after the day on which this Regulation comes into force;

“overflow effluent” means effluent discharged from a tailings area through a spillway or other engineered structure designed to protect the tailings area from failure in the event of an extraordinary thaw or storm event;

“overflow effluent monitoring stream” means an overflow effluent stream on which a sampling point is established under section 8;

“overflow effluent sampling point” means a sampling point established on an overflow effluent stream under section 8;

“pick-up”, in relation to a sample, means pick-up for the purpose of storage, including storage within an automatic sampling device, and transportation to and analysis at a laboratory;

“process change” means a change in equipment, production processes, process materials or treatment processes;

“process effluent” means,

- (a) effluent that, by design, has come into contact with process materials,
- (b) blowdown water,
- (c) effluent that results from cleaning or maintenance operations at a plant during a period when all or part of the plant is shut down, and
- (d) any effluent described in clauses (a) to (c) combined with cooling water effluent or storm water effluent;

“process effluent monitoring stream” means a process effluent stream on which a sampling point is established under section 8;

“process effluent sampling point” means a sampling point established on a process effluent stream under section 8;

“process materials”, in relation to a discharger’s plant, means raw materials for use in an industrial process at the plant, manufacturing intermediates produced at the plant, or products or by-products of an industrial process at the plant, but does not include chemicals added to cooling water for the purpose of controlling organisms, fouling and corrosion;

“quarter” means all or part of a period of three consecutive months beginning on the first day of January, April, July or October;

“Schedule 2 assessment parameter” means a parameter that is listed in Schedule 2;

“Schedule 3 assessment parameter” means a parameter that is listed in Schedule 3;

“semi-annual period” means all or part of a period of six months beginning on the first day of January or July;

“storm water effluent” means run-off from a storm event or thaw that is not used in any industrial process;

“tailings area” means an area that is confined by artificial or natural structures or both and that is used for the disposal of finely divided solid waste materials produced as a result of the processing of metal, metal concentrates or metal-bearing substances;

“wastewater treatment facility” includes a tailings area.

(2) For greater certainty, this Regulation applies both to effluent streams that discharge continuously and to effluent streams that discharge intermittently.

(3) An obligation on a discharger to do a thing under this Regulation is discharged if another person has done it on the discharger’s behalf.

PURPOSE

2. The purpose of this Regulation is to monitor and control the quality of effluent discharged from the plants to which this Regulation applies.

APPLICATION

3. (1) This Regulation applies with respect to every plant that is a metal mining plant and that, on the day before the day on which this Regulation is filed or on any day after that day, discharges a total volume of process effluent, cooling water effluent and overflow effluent of more than 50 cubic metres.

(2) This Regulation continues to apply to a plant described in subsection (1) even if,

- (a) production at the plant is interrupted; or
- (b) the total volume of process effluent, cooling water effluent and overflow effluent discharged from the plant is subsequently reduced to less than 50 cubic metres.

(3) This Regulation does not apply with respect to the discharge of effluent to a municipal sewer.

REQUIREMENTS UNDER APPROVALS, ORDERS, ETC.

4. For greater certainty, the requirements of this Regulation are in addition to and independent of requirements in an approval, order, direction or other instrument issued under any Act.

NON-APPLICATION OF GENERAL EFFLUENT MONITORING REGULATION

5. This Regulation is not a Sectoral Effluent Monitoring Regulation within the meaning of Ontario Regulation 695/88.

BY-PASSES

6. (1) Beginning on August 26, 1997, a discharger shall not permit process effluent to be discharged from the discharger's plant unless the process effluent flows past a sampling point established on a process effluent stream in accordance with this Regulation before being discharged.

(2) A discharger shall not permit overflow effluent to be discharged from the discharger's plant unless it is unavoidable as a result of an extraordinary thaw or storm event.

SAMPLING AND ANALYTICAL PROCEDURES—GENERAL

7. (1) Subject to section 21, each discharger shall carry out the establishment of sampling point obligations of this Regulation and the sampling and analysis obligations of this Regulation, including quality control sampling and analysis obligations, in accordance with the procedures described in the Ministry of Environment and Energy publication entitled "Protocol for the Sampling and Analysis of Industrial/Municipal Wastewater", dated August, 1994.

(2) Each discharger shall maintain the sampling equipment used at the discharger's plant for sampling required by this Regulation in a way that ensures that the samples collected at the plant under this Regulation accurately reflect the level of discharge of each limited parameter and assessment parameter from the plant.

PART II
SAMPLING POINTS

ESTABLISHMENT AND ELIMINATION OF SAMPLING POINTS

8. (1) Each discharger shall establish, within the time requirements specified in subsections (7) and (8), a sampling point on each process effluent, cooling water effluent and overflow effluent stream at the discharger's plant, as necessary so that the plant loadings calculated under

sections 12, 13 and 14 for each limited parameter and assessment parameter and the concentrations determined under sections 15, 16 and 17 for each limited parameter and assessment parameter accurately reflect the level of discharge of each such parameter from the plant.

(2) Despite subsection (1), a discharger need not establish a sampling point on a by-pass.

(3) If circumstances change so that a new sampling point is necessary at a discharger's plant in order to permit the calculation of plant loadings under sections 12, 13 and 14 for each limited parameter and assessment parameter and the determination of concentrations under sections 15, 16 and 17 for each limited parameter and assessment parameter that accurately reflect the level of discharge of each such parameter from the plant, the discharger shall, within 30 days of the change, establish the new sampling point.

(4) A discharger may eliminate a sampling point established under subsection (1) or (3) if the sampling point is no longer necessary to permit the calculation of plant loadings under sections 12, 13 and 14 for each limited parameter and assessment parameter and the determination of concentrations under sections 15, 16 and 17 for each limited parameter and assessment parameter that accurately reflect the level of discharge of each such parameter from the plant.

(5) A plant loading for a parameter or a concentration for a parameter that is based on analytical results that are significantly affected by dilution or masking due to the merging of streams upstream of a sampling point at a plant is not a loading or a concentration that accurately reflects the level of discharge of the parameter from the plant.

(6) In determining what is necessary to meet a discharger's obligations to establish sampling points under this section, the discharger shall consider both which streams should have sampling points and where on a stream a sampling point should be located.

(7) Each discharger for an existing plant shall comply with subsection (1) within 90 days after the date on which this Regulation begins to apply to it.

(8) Each discharger for a new plant shall comply with subsection (1) before discharging a total volume of process effluent, cooling water effluent and overflow effluent of more than 50 cubic metres from the plant.

REPORTS ON SAMPLING POINTS

9. (1) Within 10 days after establishing sampling points under subsection 8 (1), the discharger shall submit to the Director a list and plot plan showing the sampling points.

(2) Within 30 days after establishing a sampling point under this Regulation that is not shown on a list and plot plan submitted under this section, the discharger shall give the Director a written notice describing the location of the sampling point, together with a revised list and plot plan showing the sampling point.

(3) Within 30 days after eliminating a sampling point under this Regulation that is shown on a list and plot plan submitted under this section, the discharger shall give the Director a written notice describing where the sampling point used to be, together with a revised list and plot plan without the sampling point.

USE OF SAMPLING POINTS ESTABLISHED UNDER THIS PART

10. Subject to section 25, each discharger shall use the sampling points established under this Part for all sampling required by this Regulation.

PART III CALCULATION OF LOADINGS AND CONCENTRATIONS

CALCULATIONS UNDER THIS PART—GENERAL

11. (1) For the purposes of performing a calculation under sections 12 to 17, a discharger shall use the actual analytical result obtained by the laboratory.

(2) Despite subsection (1), where the actual analytical result is less than one-tenth of the analytical method detection limit set out in the Ministry of Environment and Energy publication entitled "Protocol for the Sampling and Analysis of Industrial/Municipal Wastewater" dated August, 1994, the discharger shall use the value zero for the purpose of performing a calculation under sections 12 to 17.

(3) Each discharger shall ensure that each calculation of a process effluent loading required by section 12 and each calculation of a process effluent concentration required by section 15 is performed as soon as reasonably possible after the analytical results on which the calculation is based become available to the discharger.

(4) Each discharger shall ensure that each calculation of a cooling water effluent loading required by section 13 is performed in time to comply with subsection 38 (4) and each calculation of a cooling water effluent concentration required by section 16 is performed in time to comply with subsection 38 (7).

(5) Each discharger shall ensure that each calculation of an overflow effluent loading required by section 14 is performed in time to comply with subsection 38 (5) and each calculation of an overflow effluent concentration required by section 17 is performed in time to comply with subsection 38 (8).

CALCULATION OF LOADINGS—PROCESS EFFLUENT

12. (1) Each discharger shall calculate, in kilograms, a daily process effluent stream loading for each limited parameter in each process effluent monitoring stream of the discharger for each day on which a sample is collected under this Regulation from the stream for analysis for the parameter.

(2) When calculating a daily stream loading under subsection (1), the discharger shall multiply, with the necessary adjustment of units to yield a result in kilograms, the analytical result obtained from the sample for the parameter by the daily volume of effluent, as determined under section 31, for the stream for the day.

(3) Each discharger shall calculate, in kilograms, a daily process effluent plant loading for each limited parameter for each day for which the discharger is required to calculate a daily process effluent stream loading for the parameter under subsection (1).

(4) For the purposes of subsection (3), a daily process effluent plant loading for a parameter for a day is the sum, in kilograms, of the daily process effluent stream loadings for the parameter calculated under subsection (1) for the day.

(5) Where a discharger calculates only one daily process effluent stream loading for a parameter for a day under subsection (1), the daily process effluent plant loading for the parameter for the day for the purposes of subsection (3) is the single daily process effluent stream loading for the parameter for the day.

(6) Each discharger shall calculate, in kilograms, a monthly average process effluent plant loading for each limited parameter for each month in which a sample is collected under this Regulation more than once from a process effluent monitoring stream at the discharger's plant for analysis for the parameter.

(7) For the purposes of subsection (6), a monthly average process effluent plant loading for a parameter for a month is the arithmetic mean of the daily process effluent plant loadings for the parameter calculated under subsection (3) for the month.

CALCULATION OF LOADINGS—COOLING WATER EFFLUENT

13. (1) Each discharger shall calculate, in kilograms, a daily cooling water effluent stream loading for each Schedule 2 assessment parameter in each cooling water effluent monitoring stream of the discharger for each day on which a sample is collected under this Regulation from the stream for analysis for the parameter.

(2) When calculating a daily stream loading under subsection (1), the discharger shall multiply, with the necessary adjustment of units to yield a result in kilograms, the analytical result obtained from the sample for the parameter by the daily volume of effluent, as determined under section 31, for the stream for the day.

(3) Each discharger shall calculate, in kilograms, a daily cooling water effluent plant loading for each Schedule 2 assessment parameter for each day for which the discharger is required to calculate a daily cooling water effluent stream loading for the parameter under subsection (1).

(4) For the purposes of subsection (3), a daily cooling water effluent plant loading for a parameter for a day is the sum, in kilograms, of the daily cooling water effluent stream loadings for the parameter calculated under subsection (1) for the day.

(5) Where a discharger calculates only one daily cooling water effluent stream loading for a parameter for a day under subsection (1), the daily cooling water effluent plant loading for the parameter for the day for the purposes of subsection (3) is the single daily cooling water effluent stream loading for the parameter for the day.

(6) Each discharger shall calculate, in kilograms, a monthly average cooling water effluent plant loading for each Schedule 2 assessment parameter for each month in which a sample is collected under this Regulation more than once from a cooling water effluent monitoring stream at the discharger's plant for analysis for the parameter.

(7) For the purposes of subsection (6), a monthly average cooling water effluent plant loading for a parameter for a month is the arithmetic mean of the daily cooling water effluent plant loadings for the parameter calculated under subsection (3) for the month.

CALCULATION OF LOADINGS—OVERFLOW EFFLUENT

14. (1) Each discharger shall calculate, in kilograms, an overflow effluent stream loading for each Schedule 3 assessment parameter in each overflow effluent monitoring stream of the discharger for each eight-hour period during which a sample is collected under this Regulation from the stream for analysis for the parameter.

(2) When calculating a stream loading under subsection (1), the discharger shall multiply, with the necessary adjustment of units to yield a result in kilograms, the analytical result obtained from the sample for the parameter by the volume of effluent, as determined under section 31, for the stream for the eight-hour period.

(3) Each discharger shall calculate, in kilograms, a daily overflow effluent stream loading for each Schedule 3 assessment parameter in each overflow effluent monitoring stream of the discharger for each day for which the discharger is required to calculate an overflow effluent stream loading for the parameter under subsection (1).

(4) For the purposes of subsection (3), a daily overflow effluent stream loading for a parameter for a day is the sum, in kilograms, of all the eight-hour period overflow effluent stream loadings for the parameter calculated under subsection (1) for the day.

(5) Where a discharger calculates only one overflow effluent stream loading for a parameter under subsection (1) for a stream for a day, the daily overflow effluent stream loading for the parameter for the day for the purposes of subsection (3) is the single overflow effluent stream loading calculated for the parameter under subsection (1).

CALCULATION OF CONCENTRATIONS—PROCESS EFFLUENT

15. (1) Each discharger shall calculate, in milligrams per litre, a monthly average concentration for each limited parameter in each process effluent monitoring stream of the discharger for each month.

(2) For the purposes of subsection (1), a monthly average concentration for a parameter for a month is the arithmetic mean of the analytical results obtained for the parameter from the samples collected under section 22 or 23, as the case may be, from the stream for the month.

CALCULATION OF CONCENTRATIONS—COOLING WATER EFFLUENT

16. (1) Each discharger shall calculate, in milligrams per litre, a monthly average concentration for each Schedule 2 assessment parameter in each cooling water effluent monitoring stream of the discharger for each month.

(2) For the purposes of subsection (1), a monthly average concentration for a parameter for a month is the arithmetic mean of the analytical results obtained for the parameter from the samples collected under section 29 from the stream for the month.

CALCULATION OF CONCENTRATIONS—OVERFLOW EFFLUENT

17. (1) Each discharger shall calculate, in milligrams per litre, a daily concentration for each Schedule 3 assessment parameter in each overflow effluent monitoring stream of the discharger for each day on which a sample is collected under this Regulation from the stream for analysis for the parameter.

(2) For the purposes of subsection (1), a daily concentration for a parameter for a stream for a day is the arithmetic mean of the analytical results obtained for the parameter from the samples collected under section 30 from the stream for the day.

(3) Where there is only one analytical result obtained for a parameter from the stream for a day, the daily concentration for the parameter for the stream for the day for the purposes of subsection (1) is the single analytical result obtained for the parameter.

PART IV PARAMETER AND LETHALITY LIMITS

PARAMETER LIMITS

18. (1) Each discharger shall ensure that each analytical result obtained for each limited parameter from each sample collected from a process effluent monitoring stream at the discharger's plant does not exceed the daily concentration limit specified for the parameter in Column 3 of Schedule 1.

(2) Each discharger shall ensure that each monthly average concentration calculated for a limited parameter under section 15 in connection with the discharger's plant does not exceed the monthly average concentration limit specified for the parameter in Column 4 of Schedule 1.

(3) Subject to subsection (4), each discharger shall control the quality of each process effluent monitoring stream at the discharger's plant to ensure that the pH value of any sample collected at a process effluent sampling point at the plant is within the range of 6.0 to 9.5.

(4) Throughout any day on which a discharger has used an alternate sampling point on a process effluent monitoring stream for sampling required by section 25, as permitted by subsections 25 (7) and (8), the discharger,

- (a) shall control the quality of the stream to ensure that the pH value of any sample collected at the alternate sampling point on the stream is within the range of 6.0 to 9.5; and
- (b) need not comply with subsection (3) with respect to the stream.

LETHALITY LIMITS

19. Each discharger shall control the quality of each process effluent monitoring stream and each cooling water effluent monitoring stream at the discharger's plant to ensure that each rainbow trout acute lethality test and each *Daphnia magna* acute lethality test performed on any grab sample collected at a process effluent sampling point or cooling water effluent sampling point at the plant results in mortality for no more than 50 per cent of the test organisms in 100 per cent effluent.

PART V MONITORING

MONITORING—GENERAL

20. (1) Despite sections 22 to 30, a discharger need not collect samples from any stream at the discharger's plant on a day on which process effluent is not being discharged from the plant.

(2) Despite sections 22, 24 and 30, a discharger need not analyze samples collected under those sections for total cyanide if cyanide is not used at the discharger's plant.

(3) Despite sections 22 and 24, a discharger need not analyze samples collected under those sections for total cyanide if the sample is collected from a minewater effluent monitoring stream.

(4) Where a discharger is required by this Regulation to pick up a set of samples and analyze it for certain parameters, the discharger shall pick up a set of samples sufficient to allow all the analyses to be performed.

(5) A discharger shall use all reasonable efforts to ensure that all analyses required by this Regulation are completed as soon as reasonably possible and that the results of those analyses are made available to the discharger as soon as reasonably possible.

(6) Subject to subsection (7), each discharger shall pick up all samples required to be picked up at the discharger's plant under sections 22, 23 and 29 between the hours of 7 a.m. and 10 a.m.

(7) If the Director is satisfied, on the basis of written submissions from a discharger, that the circumstances at the discharger's plant are such that it would be impractical to pick up samples from each process effluent and cooling water effluent sampling point established at the plant under this Regulation within the time period specified in subsection (6), the Director may give the discharger a written notice in respect of the plant, varying the time period specified in subsection (6).

(8) Subject to subsections (9) and (10), where a discharger is required by section 22, 23 or 29 to pick up samples, the discharger shall pick up samples collected over the 24-hour period immediately preceding the pick-up.

(9) The 24-hour period referred to in subsection (8) may be shortened or enlarged by up to three hours to permit a discharger to take advantage of the three-hour range specified in subsection (6) or of a different three-hour period specified in a notice under subsection (7).

(10) Where a notice has been given under subsection (7) in respect of a plant specifying a time period longer than three hours, the 24-hour period referred to in subsection (8) may be shortened or enlarged by up to that longer amount of time to permit the discharger to take advantage of the time period specified in the notice.

(11) If the circumstances at a plant change so that the Director is satisfied that the circumstances described in subsection (7) no longer apply at the plant, the Director may revoke a notice given in respect of a plant under subsection (7) by giving a notice of revocation in writing to a discharger for the plant.

ALTERNATE SAMPLING PROCEDURES

21. (1) Where a discharger is, by virtue of subsection 7 (1), required by the Ministry of Environment and Energy publication entitled "Protocol for the Sampling and Analysis of Industrial/Municipal Wastewater", dated August, 1994, to collect a composite sample for any sample required to be picked up at a stream at the discharger's plant under this Regulation, the discharger may collect the composite sample by collecting three equal volume grab samples from the stream at intervals of at least two hours and combining them.

(2) A discharger who is required to collect a composite sample from a process effluent monitoring stream under section 22 or 23 may instead collect a single grab sample from the stream if,

- (a) the process effluent monitoring stream flows from a tailings area or any other wastewater treatment facility associated with a tailings area and the retention time calculated under subsection (3) in relation to the stream is 30 days or more; or
- (b) the process effluent monitoring stream does not flow from a tailings area or any other wastewater treatment facility associated with a tailings area and the retention time calculated under subsection (3) in relation to the stream is five days or more.

(3) Retention time in relation to a process effluent monitoring stream is the period of time in days that results from dividing the total available volume, expressed in cubic metres, of the wastewater treatment facilities on the stream by the average daily flow, expressed in cubic metres, of the stream.

(4) For the purposes of subsection (3), the total available volume of the wastewater treatment facilities on the process effluent monitoring stream is the volume of the wastewater treatment facilities that may be occupied by water on any day within the 90-day period preceding the date of the calculation of the retention time, taking into account,

- (a) any requirements that apply in respect of the operation of those facilities in any Act or in any approval, order, direction or other instrument issued under any Act; and
- (b) any solid waste or sludge contained within those facilities on the day of the calculation of the total available volume of those facilities.

(5) For the purposes of subsection (3), the average daily flow of the process effluent monitoring stream is the arithmetic mean of the 30 highest daily volumes calculated under section 31 in relation to the stream within the 90-day period preceding the date of the calculation of the retention time.

(6) The discharger of an existing plant to which Ontario Regulation 491/89 applies may include the days of flow calculated under section 5 of that Regulation in relation to the stream between August 26, 1994 and November 23, 1994 for the purposes of calculating the average daily flow of the process effluent monitoring stream.

(7) A discharger may sample at a process effluent monitoring stream in the manner described in subsection (2) for the period of time during which the retention time calculated in relation to the stream is in effect.

(8) A retention time calculated under this section expires 365 days after the date on which the calculation is made or on the date that a new retention time is calculated under this section, whichever date is sooner.

MONITORING—PROCESS EFFLUENT—THRICE WEEKLY

22. (1) Each discharger shall, on three days in each week, pick up a set of samples collected at each process effluent sampling point at the discharger's plant and shall analyze each set of samples for the parameters for which the frequency of monitoring, as set out in Column 2 of Schedule 1, is thrice weekly.

(2) There shall be an interval of at least 24 hours between successive pick-up days at the plant under subsection (1).

(3) All samples picked up under subsection (1) in a week shall be picked up on the same three days in the week.

MONITORING—PROCESS EFFLUENT—WEEKLY

23. (1) Each discharger shall, on one day in each week, pick up a set of samples collected at each process effluent sampling point at the discharger's plant and shall analyze each set of samples for the parameters for which the frequency of monitoring, as set out in Column 2 of Schedule 1, is weekly.

(2) There shall be an interval of at least four days between successive pick-up days at the plant under subsection (1).

(3) All samples picked up under subsection (1) in a week shall be picked up on the same day in the week.

MONITORING—PROCESS EFFLUENT—QUALITY CONTROL

24. (1) On one day in each year after 1994, on a day on which samples are picked up at the plant under subsection 22 (1), each discharger shall collect and pick up a duplicate sample for each sample picked up on that day under subsection 22 (1) at one process effluent sampling point at the discharger's plant and shall analyze each duplicate sample for the parameters for which the frequency of monitoring, as set out in Column 2 of Schedule 1, is thrice weekly.

(2) On one day in each year after 1994, on a day on which samples are picked up at the plant under subsection 23 (1), each discharger shall collect and pick up a duplicate sample for each sample picked up on that day under subsection 23 (1) at one process effluent sampling point at the discharger's plant and shall analyze each duplicate sample for the parameters for which the frequency of monitoring, as set out in Column 2 of Schedule 1, is weekly.

(3) Each discharger shall ensure that the same process effluent sampling point is used at the discharger's plant for the purposes of sampling under subsections (1) and (2) in a year.

(4) Each discharger shall prepare a travelling blank and travelling spiked blank sample for each sample for which a duplicate sample is picked up at the plant under subsection (1) or (2) and shall analyze the travelling blank and travelling spiked blank samples in accordance with the directions set out in the Ministry of Environment and Energy publication entitled "Protocol for the Sampling and Analysis of Industrial/Municipal Wastewater", dated August, 1994.

(5) There shall be an interval of at least six months between successive pick-up days at the plant under subsections (1) and (2).

MONITORING—PROCESS EFFLUENT—PH MEASUREMENT

25. (1) Each discharger shall, on three days in each week, during the time period applicable to the plant under subsection 20 (6) or (7), collect a grab sample from each process effluent monitoring stream at the discharger's plant and shall analyze each sample for the parameter pH.

(2) There shall be an interval of at least 24 hours between each of the three collections at a stream under subsection (1) in each week.

(3) All samples collected under this section shall be collected at the same time as samples collected under section 22.

(4) Each grab sample collected under subsection (1) shall be picked up within four hours of when it was collected.

(5) All samples picked up under subsection (1) in a week shall be picked up on the same three days in the week.

(6) Each discharger shall ensure that each grab sample picked up under subsection (1) is analyzed within four hours of when it is picked up.

(7) Instead of collecting a grab sample under subsection (1) from a stream, a discharger may use an on-line analyzer at the sampling point on the stream and analyze the effluent at the sampling point for the parameter pH once on each of three days in each week during the time period applicable to the plant under subsection 20 (6) or (7).

(8) For the purposes of this section, a discharger shall use either the sampling point established under section 8 on the stream or an alternate sampling point located downstream of the sampling point but before the point of discharge of the stream to surface water or to an industrial sewer used in common with another plant.

(9) Before using an alternate sampling point under subsection (8), a discharger shall give the Director a written notice describing the location of the alternate sampling point, together with a revised version of the list and plot plan submitted under section 9 showing the alternate sampling point.

MONITORING—ACUTE LETHALITY TESTING—RAINBOW TROUT

26. (1) Where a discharger is required by this section to perform a rainbow trout acute lethality test, the discharger shall perform the test according to the procedures described in the Environment Canada publication entitled "Biological Test Method: Reference Method for Determining Acute Lethality of Effluents to Rainbow Trout", dated July, 1990.

(2) Each rainbow trout acute lethality test required by this section shall be carried out as a single concentration test using 100 per cent effluent.

(3) On one day in each month, on a day on which samples are picked up at the plant under subsection 23 (1), each discharger shall collect and immediately pick up a grab sample at each process effluent sampling point at the discharger's plant and shall perform a rainbow trout acute lethality test on each sample.

(4) There shall be an interval of at least 15 days between successive pick-up days at the plant under subsection (3).

(5) All samples picked up under subsection (3) in a month shall be picked up on the same day in the month.

(6) Where a discharger has performed tests under subsection (3) for 12 consecutive months on samples collected from the same sampling point and the mortality of the rainbow trout in each test did not exceed 50 per cent, the discharger is relieved of the obligations under

subsection (3) relating to the sampling point and shall instead collect and immediately pick up a grab sample at the sampling point on one day in each quarter and perform a rainbow trout acute lethality test on each sample.

(7) Samples picked up at a plant under subsection (6) shall be picked up on a day on which samples are picked up at the plant under subsection (3).

(8) If no samples are being picked up at a plant under subsection (3) during a quarter, samples picked up at the plant during the quarter under subsection (6) shall be picked up on a day on which samples are picked up at the plant under subsection 23 (1).

(9) There shall be an interval of at least 45 days between successive pick-up days at the plant under subsection (6).

(10) All samples picked up under subsection (6) in a quarter shall be picked up on the same day in the quarter.

(11) If a rainbow trout acute lethality test performed under subsection (6) on any sample from a sampling point results in mortality of more than 50 per cent of the test rainbow trout, subsections (6) to (10) cease to apply in respect to samples from that sampling point, and a discharger shall instead comply with the requirements of subsection (3) relating to the sampling point, until the tests performed under subsection (3) on all samples collected from the sampling point for a further 12 consecutive months result in mortality for no more than 50 per cent of the rainbow trout for each test.

(12) A discharger shall notify the Director in writing of any change in the frequency of acute lethality testing under this Regulation at the discharger's plant, within 30 days after the day on which the change begins.

(13) A discharger may notify the Director in writing of any period in which the testing of samples collected at a sampling point under subsection (3) would always result in mortality of more than 50 per cent of the test rainbow trout.

(14) Where a notice is given under subsection (13), a discharger is relieved of the obligations under subsection (3) relating to the sampling point during the period in which the testing of samples collected at the sampling point would always result in mortality of more than 50 per cent of the test rainbow trout.

(15) Subsections (13) and (14) are revoked on August 26, 1997.

(16) Subsections (2) to (15) apply with necessary modifications to each cooling water effluent sampling point and, for the purpose, the reference in subsection (3) to each process effluent sampling point shall be deemed to be a reference to each cooling water effluent sampling point and the reference in subsections (3) and (8) to subsection 23 (1) shall be deemed to be a reference to subsection 29 (1).

MONITORING—ACUTE LETHALITY TESTING—*DAPHNIA MAGNA*

27. (1) Where a discharger is required by this section to perform a *Daphnia magna* acute lethality test, the discharger shall perform the test according to the procedures described in the Environment Canada publication entitled "Biological Test Method: Reference Method for Determining Acute Lethality of Effluents to *Daphnia magna*", dated July, 1990.

(2) Subsections 26 (2) to (15) apply with necessary modifications to *Daphnia magna* acute lethality tests and, for the purpose, a reference to rainbow trout shall be deemed to be a reference to *Daphnia magna*.

(3) Each discharger shall pick up each set of samples required to be collected from a sampling point at the discharger's plant under this section on a day on which the discharger collects a sample from the

sampling point under section 26, to the extent possible having regard to the frequency of monitoring required at the sampling point under this section and section 26.

MONITORING—CHRONIC TOXICITY TESTING—FATHEAD MINNOW AND
CERIODAPHNIA DUBIA

28. (1) Where a discharger is required to perform a seven-day fathead minnow growth inhibition test, the discharger shall perform the test according to the procedure described in the Environment Canada publication entitled "Biological Test Method: Test of Larval Growth and Survival Using Fathead Minnows", dated February, 1992.

(2) Where a discharger is required to perform a seven-day *Ceriodaphnia dubia* reproduction inhibition and survivability test, the discharger shall perform the test according to the procedure described in the Environment Canada publication entitled "Biological Test Method: Test of Reproduction and Survival Using The Cladoceran *Ceriodaphnia dubia*", dated February, 1992.

(3) On one day in each semi-annual period, on a day on which samples are picked up at the plant under subsection 23 (1), each discharger shall collect and immediately pick up a grab sample from each process effluent sampling point at the discharger's plant, and shall perform a seven-day fathead minnow growth inhibition test and a seven-day *Ceriodaphnia dubia* reproduction inhibition and survivability test on each sample.

(4) There shall be an interval of at least 90 days between successive pick-up days at the plant under subsection (3).

(5) All samples picked up under subsection (3) in a semi-annual period shall be picked up on the same day in the semi-annual period.

(6) A discharger need not collect a sample from a sampling point in accordance with subsection (3) until 12 consecutive monthly rainbow trout acute lethality tests and 12 consecutive monthly *Daphnia magna* acute lethality tests performed on samples collected at the sampling point at a discharger's plant result in mortality for no more than 50 per cent of the test organisms in 100 per cent effluent.

MONITORING—COOLING WATER EFFLUENT—WEEKLY ASSESSMENT

29. (1) Each discharger shall, on one day in each week, pick up a set of samples collected at each cooling water effluent sampling point at the discharger's plant and shall analyze each set of samples for each Schedule 2 assessment parameter.

(2) There shall be an interval of at least four days between successive pick-up days at the plant under subsection (1).

(3) All samples picked up under subsection (1) in a week shall be picked up on the same day in the week.

MONITORING—OVERFLOW EFFLUENT—ASSESSMENT

30. (1) Each discharger shall, during each eight-hour period in which overflow effluent is discharged from the plant, collect a grab sample at each overflow effluent sampling point at the discharger's plant and shall analyze each sample for each Schedule 3 assessment parameter.

(2) Each grab sample collected under subsection (1) shall be picked up within four hours of when it was collected.

PART VI
EFFLUENT VOLUME

FLOW MEASUREMENT

31. (1) Subject to subsection (7), for the purposes of this section, a volume of effluent for a stream for a day is the volume that flowed past the sampling point established under Part II on the stream during the 24-hour period preceding the pick-up of the first sample picked up from the stream for the day.

(2) Each discharger shall determine in cubic metres a daily volume of effluent for each process effluent stream at the discharger's plant for each day on which a sample is collected under this Regulation from the stream.

(3) Each discharger shall use flow measurement methods that allow the daily volumes for process effluent streams to be determined to an accuracy of within plus or minus 15 per cent.

(4) Each discharger shall determine in cubic metres a daily volume of effluent for each cooling water effluent stream at the discharger's plant for each day on which a sample is collected under this Regulation from the stream.

(5) Each discharger shall use flow measurement methods that allow the daily volumes for cooling water effluent streams to be determined to an accuracy of within plus or minus 20 per cent.

(6) Each discharger shall determine in cubic metres a volume of effluent for each overflow effluent monitoring stream at the discharger's plant for each eight-hour period for which a sample is collected under this Regulation from the stream.

(7) For the purposes of subsection (6), a volume of effluent for an overflow effluent monitoring stream is the volume that flowed past the overflow effluent sampling point on the stream during the eight-hour period.

(8) Each discharger shall use flow measurement methods that allow the volumes for overflow effluent streams to be determined to an accuracy of within plus or minus 20 per cent.

(9) Each discharger shall, no later than the day that is 90 days after the date on which this Regulation begins to apply to the plant, determine by calibration or confirm by means of a certified report of a registered professional engineer of the Province of Ontario that each flow measurement method used under subsection (2) meets the accuracy requirements of subsection (3), that each flow measurement method used under subsection (4) meets the accuracy requirements of subsection (5), and that each flow measurement method used under subsection (6) meets the accuracy requirements of subsection (8).

(10) Where a discharger uses a new flow measurement method or alters an existing flow measurement method, the discharger shall determine by calibration or confirm by means of a certified report of a registered professional engineer of the Province of Ontario that each new or altered flow measurement method meets the accuracy requirements of subsection (3), (5) or (8), as the case may be, within two weeks after the day on which the new or altered method or system is used.

(11) Each discharger shall develop and implement a maintenance schedule and a calibration schedule for each flow measurement system installed at the discharger's plant and shall maintain each flow measurement system according to good operating practices.

(12) Each discharger shall use reasonable efforts to set up each flow measurement system used for the purposes of this section in a way that permits inspection by a provincial officer.

CALCULATION OF PLANT VOLUMES

32. (1) Each discharger shall calculate, in cubic metres, a daily process effluent plant volume for each day.

(2) For the purposes of subsection (1), a process effluent plant volume for a day is the sum of the daily process effluent volumes determined under section 31 for the day.

(3) Each discharger shall calculate, in cubic metres, a monthly average process effluent plant volume for each month, by taking the arithmetic mean of the daily process effluent plant volumes calculated under subsection (1) for the month.

(4) Each discharger shall calculate, in cubic metres, a daily cooling water effluent plant volume for each day.

(5) For the purposes of subsection (4), a cooling water effluent plant volume for a day is the sum of the daily cooling water volumes determined under section 31 for the day.

(6) Each discharger shall calculate, in cubic metres, a monthly average cooling water effluent plant volume for each month, by taking the arithmetic mean of the daily cooling water effluent plant volumes calculated under subsection (4) for the month.

PART VII STORM WATER CONTROL STUDY

STORM WATER CONTROL STUDY

33. (1) Each discharger shall complete a storm water control study in respect of the discharger's plant, in accordance with the requirements of the Ministry of Environment and Energy publication entitled "Protocol for Conducting a Storm Water Control Study", dated August, 1994.

(2) A discharger need not comply with subsection (1) in respect of the discharger's plant if,

- (a) the plant meets the exemption criteria set out in the Ministry of Environment and Energy publication entitled "Protocol for Conducting a Storm Water Control Study", dated August, 1994; and
- (b) the discharger notifies the Director in writing, within 12 months after the date on which this Regulation begins to apply to the plant, that the plant meets the exemption criteria referred to in clause (a).

(3) Subject to subsection (4), a discharger shall complete the storm water control study in respect of the discharger's plant within 24 months after the date on which this Regulation begins to apply to the plant.

(4) A discharger may postpone completion of the storm water control study in respect of the discharger's plant until 48 months after the date on which this Regulation begins to apply to the plant if,

- (a) in order to meet the requirements of Part IV, the discharger plans to make process changes, install wastewater treatment facilities, implement management practices, or make any other changes at the plant that would likely alter the quantity or quality of storm water discharged from the plant; and
- (b) the discharger notifies the Director in writing, within 24 months after the date on which this Regulation begins to apply to the plant, of the plans referred to in clause (a).

(5) Each discharger shall ensure that a copy of each study completed under this section is available to Ministry staff at the discharger's plant, on request, during the plant's normal office hours.

PART VIII RECORDS AND REPORTS

RECORD KEEPING

34. (1) Each discharger shall keep records, in an electronic format acceptable to the Director, of all analytical results obtained under sections 22, 23, 25, 29 and 30, all calculations performed under sections 12, 13, 14, 15, 16 and 17 and all determinations and calculations made or performed under sections 31 and 32.

(2) Each discharger shall keep records of all sampling and analytical procedures used in meeting the requirements of section 7, including, for each sample, the date, the time of pick-up, the sampling procedures used, and any incidents likely to affect the analytical results.

(3) Each discharger shall keep records of all retention times calculated under section 21.

(4) Each discharger shall keep records of the results of all monitoring performed under sections 24 and 26 to 30.

(5) Each discharger shall keep records of all maintenance and calibration procedures performed under section 31.

(6) Each discharger shall keep records of all problems or malfunctions, including those related to sampling, analysis, acute lethality testing, chronic toxicity testing or flow measurement, that result or are likely to result in a failure to comply with a requirement of this Regulation, stating the date, duration and cause of each malfunction, and including a description of any remedial action taken.

(7) Each discharger shall keep records of any incident in which process effluent is discharged from the discharger's plant without flowing past a sampling point established on a process effluent stream in accordance with this Regulation before being discharged, stating the date, duration, cause and nature of each incident.

(8) Each discharger shall keep records of any incident in which overflow effluent is discharged from the discharger's plant stating the date, duration, cause and nature of each incident.

(9) Each discharger shall keep records of all process changes and redirections of or changes in the character of effluent streams that affect the quality of effluent at any sampling point established under this Regulation at the discharger's plant.

(10) Each discharger shall keep records of the location of each sampling point established at the discharger's plant under Part II.

(11) Each discharger shall make each record required by this section as soon as reasonably possible and shall keep each such record for a period of three years.

(12) Each discharger shall ensure that all records kept under this section are available to Ministry staff at the discharger's plant, on request, during the plant's normal office hours.

REPORTS AVAILABLE TO THE PUBLIC

35. (1) On or before June 1 in each year, each discharger shall prepare a report relating to the previous calendar year and including,

- (a) a summary of plant loadings calculated under sections 12, 13 and 14;
- (b) a summary of concentrations determined under sections 15, 16 and 17;
- (c) a summary of retention times calculated under section 21;

- (d) a summary of the results of monitoring performed under sections 22, 23 and 25 to 30;
- (e) a summary of calculations performed under subsections 31 (6), 32 (1) and 32 (4);
- (f) a summary of the concentrations or other results that exceeded a limit prescribed by section 18 or 19;
- (g) a summary of the incidents in which process effluent was discharged from the discharger's plant without flowing past a sampling point established on a process effluent stream in accordance with this Regulation before being discharged; and
- (h) a summary of the incidents in which overflow effluent was discharged from the discharger's plant.

(2) Each discharger shall ensure that each report prepared under subsection (1) is available to any person at the discharger's plant, on request during the plant's normal office hours.

(3) Each discharger shall provide the Director, upon request, with a copy of any report that the discharger has prepared under subsection (1).

REPORTS TO THE DIRECTOR—GENERAL

36. (1) Each discharger shall notify the Director in writing of any change of name or ownership of the discharger's plant occurring after this Regulation begins to apply to the plant, within 30 days after the end of the month in which the change occurs.

(2) Each discharger shall notify the Director in writing of any process change or redirection of or change in the character of an effluent stream that affects the quality of effluent at any sampling point established under this Regulation at the discharger's plant, within 30 days of the change or redirection.

(3) A discharger need not comply with subsection (2) where the effect of the change or redirection on effluent quality is of less than one week's duration.

REPORTS TO THE DIRECTOR ON COMPLIANCE WITH SECTION 6 AND PART IV

37. (1) Each discharger shall report any incident in which process effluent is discharged from the discharger's plant without flowing past a sampling point established on a process effluent stream in accordance with this Regulation before being discharged.

(2) Each discharger shall report any incident in which overflow effluent is discharged from the discharger's plant.

(3) Each discharger shall report any concentration or other result that exceeds a limit prescribed by section 18 or 19.

(4) A report required under subsection (1), (2) or (3) shall be given orally, as soon as reasonably possible, and in writing, as soon as reasonably possible.

QUARTERLY REPORTS TO THE DIRECTOR

38. (1) No later than 45 days after the end of each quarter, each discharger shall submit a report to the Director containing information relating to the discharger's plant throughout the quarter as required by subsections (3) to (13).

(2) A report under this section shall be submitted both in an electronic format acceptable to the Director and in hard copy generated from the electronic format acceptable to the Director and signed by the discharger.

(3) A report under this section shall include all information included in a report given under section 37 during the quarter.

(4) Each discharger shall report, for each month in the quarter, the monthly average plant loadings and the highest and lowest daily plant loadings calculated under sections 12 and 13 for each limited parameter and each Schedule 2 assessment parameter.

(5) Each discharger shall report, for each day in the quarter, each daily overflow effluent stream loading calculated under section 14 for each Schedule 3 assessment parameter.

(6) Each discharger shall report, for each month in the quarter, the monthly average concentrations calculated under section 15 and the highest and lowest analytical results obtained under sections 22 and 23 for each limited parameter in each process effluent monitoring stream at the discharger's plant.

(7) Each discharger shall report, for each month in the quarter, the monthly average concentrations calculated under section 16 and the highest and lowest analytical results obtained under section 29 for each Schedule 2 assessment parameter in each cooling water effluent monitoring stream at the discharger's plant.

(8) Each discharger shall report, for each day in the quarter, the daily concentrations calculated under section 17 and the highest and lowest analytical results obtained under section 30 for each Schedule 3 assessment parameter in each overflow effluent monitoring stream at the discharger's plant.

(9) Each discharger shall report, for each month in the quarter, the monthly average process effluent plant volume and the highest and lowest daily process effluent plant volumes calculated under section 32.

(10) Each discharger shall report, for each month in the quarter, the monthly average cooling water effluent plant volume and the highest and lowest daily cooling water effluent plant volumes calculated under section 32.

(11) Each discharger shall report, for each day in the quarter, the daily overflow effluent stream volumes calculated under section 31.

(12) Each discharger shall report the number of days in each month in the quarter on which process effluent or overflow effluent was discharged from the discharger's plant.

(13) Each discharger shall report, for each month in the quarter, the highest and lowest pH results obtained under section 25 for each process effluent monitoring stream at the discharger's plant.

REPORTS TO THE DIRECTOR ON CHRONIC TOXICITY TESTING

39. (1) Each discharger shall report to the Director the results of all monitoring performed under section 28, together with the date on which each sample was picked up, no later than 60 days after the end of each semi-annual period in which the monitoring was performed.

(2) A report under subsection (1) shall include a plot of percentage reduction in growth or reproduction against the logarithm of test concentration and shall include a calculation of the concentration at which a 25 per cent reduction in growth or reproduction would occur.

PART IX COMPLIANCE

COMPLIANCE—EXISTING PLANTS

40. A discharger for an existing plant with respect to which this Regulation applies need not comply with,

- (a) Part IV before August 26, 1997; and
- (b) Parts V and VI before November 24, 1994.

PART X REVOCATION

REVOCATION OF ONTARIO REGULATION 491/89

41. Ontario Regulations 491/89 and 44/90 are revoked on November 24, 1994.

EFFLUENT MONITORING AND EFFLUENT LIMITS— INDUSTRIAL MINERALS SECTOR

PART I GENERAL

INTERPRETATION

1. (1) In this Regulation,

“blowdown water” means water that is discharged from a recirculating cooling water system or a boiler system for the purpose of controlling the level of water in the system or for the purpose of discharging from the system materials contained in the system the further build-up of which would impair the operation of the system;

“cooling water effluent” means water and associated material that is used in an industrial process for the purpose of removing heat and that has not, by design, come into contact with process materials, but does not include blowdown water;

“cooling water effluent monitoring stream” means a cooling water effluent stream on which a sampling point is established under section 8;

“cooling water effluent sampling point” means a sampling point established on a cooling water effluent stream under section 8;

"Director", in relation to obligations of a discharger, means a Director appointed under section 5 of the Act and responsible for the region in which the discharger's plant is located and includes an alternate named by the Director;

"discharger" means an owner or person in occupation or having the charge, management or control of a plant to which this Regulation applies;

"industrial mineral" means graphite, gypsum, quartzite, salt, talc, nepheline syenite, trap rock, limestone, dolomite, sandstone or any combination thereof and includes portland clinker, cement, lime and magnesium;

"pick-up", in relation to a sample, means pick-up for the purpose of storage, including storage within an automatic sampling device, and transportation to and analysis at a laboratory;

"plant" means an industrial facility and the developed property, waste disposal sites and waste water treatment facilities associated with it;

"process change" means a change in equipment, production processes, process materials or treatment processes;

"process effluent" means,

- (a) effluent that, by design, has come into contact with process materials,
- (b) blowdown water,
- (c) effluent that results from cleaning or maintenance operations at a plant during a period when all or part of the plant is shut down, and
- (d) any effluent described in clauses (a) to (c) combined with cooling water effluent or storm water effluent but does not include salt evaporator effluent;

"process effluent monitoring stream" means a process effluent stream on which a sampling point is established under section 8;

"process effluent sampling point" means a sampling point established on a process effluent stream under section 8;

"process materials", in relation to a discharger's plant, means raw materials for use in an industrial process at the plant, manufacturing intermediates produced at the plant, or products or by-products of an industrial process at the plant, but does not include chemicals added to cooling water for the purpose of controlling organisms, fouling and corrosion;

"quarter" means all or part of a period of three consecutive months beginning on the first day of January, April, July or October;

"salt" means sodium chloride or halite;

"salt evaporator effluent" means water and associated material that is discharged from a salt evaporator plant;

"salt evaporator effluent monitoring stream" means a salt evaporator effluent stream on which a sampling point is established under section 8;

"salt evaporator effluent sampling point" means a sampling point established on a salt evaporator effluent stream under section 8;

"semi-annual period" means all or part of a period of six months beginning on the first day of January or July;

"storm water effluent" means run-off from a storm event or thaw that is not used in any industrial process;

"wastewater treatment facility" means a device or structure that is used to improve the quality of wastewater.

(2) For greater certainty, this Regulation applies both to effluent streams that discharge continuously and to effluent streams that discharge intermittently.

(3) An obligation on a discharger to do a thing under this Regulation is discharged if another person has done it on the discharger's behalf.

PURPOSE

2. The purpose of this Regulation is to monitor and control the quality of effluent discharged from the plants listed in Schedule 1.

APPLICATION

3. (1) This Regulation applies only with respect to the plants listed in Schedule 1.

(2) This Regulation does not apply with respect to the discharge of effluent to a municipal sewer.

REQUIREMENTS UNDER APPROVALS, ORDERS, ETC.

4. For greater certainty, the requirements of this Regulation are in addition to and independent of requirements in an approval, order, direction or other instrument issued under any Act.

NON-APPLICATION OF GENERAL EFFLUENT MONITORING REGULATION

5. This Regulation is not a Sectoral Effluent Monitoring Regulation within the meaning of Ontario Regulation 695/88.

BY-PASSES

6. Beginning on August 26, 1997, a discharger shall not permit process effluent to be discharged from the discharger's plant unless the process effluent flows past a sampling point established on a process effluent stream in accordance with this Regulation before being discharged.

SAMPLING AND ANALYTICAL PROCEDURES—GENERAL

7. (1) Subject to section 21, each discharger shall carry out the establishment of sampling point obligations of this Regulation and the sampling and analysis obligations of this Regulation, including quality control sampling and analysis obligations, in accordance with the procedures described in the Ministry of Environment and Energy publication entitled "Protocol for the Sampling and Analysis of Industrial/Municipal Wastewater", dated August, 1994.

(2) Each discharger shall maintain the sampling equipment used at the discharger's plant for sampling required by this Regulation in a way that ensures that the samples collected at the plant under this Regulation accurately reflect the level of discharge of total suspended solids from the plant.

PART II SAMPLING POINTS

ESTABLISHMENT AND ELIMINATION OF SAMPLING POINTS

8. (1) Each discharger shall, by November 24, 1994, establish a sampling point on each process effluent, cooling water effluent, and salt evaporator effluent stream at the discharger's plant, as necessary so that the plant loadings calculated under sections 12, 13 and 14 for total sus-

pendent solids and the concentrations determined under sections 15, 16 and 17 of total suspended solids accurately reflect the level of discharge of total suspended solids from the plant.

(2) Despite subsection (1), a discharger need not establish a sampling point on a by-pass.

(3) If circumstances change so that a new sampling point is necessary at a discharger's plant in order to permit the calculation of plant loadings under sections 12, 13 and 14 for total suspended solids and the determination of concentrations under sections 15, 16 and 17 of total suspended solids that accurately reflect the level of discharge of total suspended solids from the plant, the discharger shall, within 30 days of the change, establish the new sampling point.

(4) A discharger may eliminate a sampling point established under subsection (1) or (3) if the sampling point is no longer necessary to permit the calculation of plant loadings under sections 12, 13 and 14 for total suspended solids and the determination of concentrations under sections 15, 16 and 17 of total suspended solids that accurately reflect the level of discharge of total suspended solids from the plant.

(5) For the purposes of this section, a plant loading for total suspended solids or a concentration of total suspended solids that is based on analytical results that are significantly affected by dilution or masking due to the merging of streams upstream of a sampling point at a plant is not a loading or a concentration that accurately reflects the level of discharge of total suspended solids from the plant.

(6) In determining what is necessary to meet a discharger's obligations to establish sampling points under this section, the discharger shall consider both which streams should have sampling points and where on a stream a sampling point should be located.

REPORTS ON SAMPLING POINTS

9. (1) By December 5, 1994, each discharger shall submit to the Director a list and plot plan showing the sampling points established under this Regulation at the discharger's plant as of November 24, 1994.

(2) Within 30 days after establishing a sampling point under this Regulation that is not shown on a list and plot plan submitted under this section, the discharger shall give the Director a written notice describing the location of the sampling point, together with a revised list and plot plan showing the sampling point.

(3) Within 30 days after eliminating a sampling point under this Regulation that is shown on a list and plot plan submitted under this section, the discharger shall give the Director a written notice describing where the sampling point used to be, together with a revised list and plot plan without the sampling point.

USE OF SAMPLING POINTS ESTABLISHED UNDER THIS PART

10. Subject to section 24, each discharger shall use the sampling points established under this Part for all sampling required by this Regulation.

PART III CALCULATION OF LOADINGS AND CONCENTRATIONS

CALCULATIONS UNDER THIS PART—GENERAL

11. (1) For the purposes of performing a calculation under sections 12 to 17, a discharger shall use the actual analytical result obtained by the laboratory.

(2) Despite subsection (1), where the actual analytical result is less than one-tenth of the analytical method detection limit set out in the Ministry of Environment and Energy publication entitled "Protocol for the Sampling and Analysis of Industrial/Municipal Wastewater", dated August, 1994, the discharger shall use the value zero for the purpose of performing a calculation under sections 12 to 17.

(3) Each discharger shall ensure that each calculation of a process effluent loading required by section 12 and each calculation of a process effluent concentration required by section 15 is performed as soon as reasonably possible after the analytical results on which the calculation is based become available to the discharger.

(4) Each discharger shall ensure that each calculation of a cooling water effluent loading required by section 13 is performed in time to comply with subsection 37 (4) and each calculation of a cooling water effluent concentration required by section 16 is performed in time to comply with subsection 37 (6).

CALCULATION OF LOADINGS—PROCESS EFFLUENT

12. (1) Each discharger shall calculate, in kilograms, a daily process effluent stream loading for total suspended solids in each process effluent monitoring stream of the discharger for each day on which a sample is collected under this Regulation from the stream for analysis for total suspended solids.

(2) When calculating a daily stream loading under subsection (1), the discharger shall multiply, with the necessary adjustment of units to yield a result in kilograms, the analytical result obtained from the sample for total suspended solids by the daily volume of effluent, as determined under section 30, for the stream for the day.

(3) Each discharger shall calculate, in kilograms, a daily process effluent plant loading for total suspended solids for each day for which the discharger is required to calculate a daily process effluent stream loading for total suspended solids under subsection (1).

(4) For the purposes of subsection (3), a daily process effluent plant loading for total suspended solids for a day is the sum, in kilograms, of the daily process effluent stream loadings for total suspended solids calculated under subsection (1) for the day.

(5) Where a discharger calculates only one daily process effluent stream loading for total suspended solids for a day under subsection (1), the daily process effluent plant loading for total suspended solids for the day for the purposes of subsection (3) is the single daily process effluent stream loading for total suspended solids for the day.

(6) Each discharger shall calculate, in kilograms, a monthly average process effluent plant loading for total suspended solids for each month in which a sample is collected under this Regulation more than once from a process effluent monitoring stream at the discharger's plant for analysis for total suspended solids.

(7) For the purposes of subsection (6), a monthly average process effluent plant loading for total suspended solids for a month is the arithmetic mean of the daily process effluent plant loadings for total suspended solids calculated under subsection (3) for the month.

CALCULATION OF LOADINGS—COOLING WATER EFFLUENT

13. (1) Each discharger shall calculate, in kilograms, a daily cooling water effluent stream loading for total suspended solids in each cooling water effluent monitoring stream of the discharger for each day on which a sample is collected under this Regulation from the stream for analysis for total suspended solids.

(2) When calculating a daily stream loading under subsection (1), the discharger shall multiply, with the necessary adjustment of units to yield a result in kilograms, the analytical result obtained from the

sample for total suspended solids by the daily volume of effluent, as determined under section 30, for the stream for the day.

(3) Each discharger shall calculate, in kilograms, a daily cooling water effluent plant loading for total suspended solids for each day for which the discharger is required to calculate a daily cooling water effluent stream loading for total suspended solids under subsection (1).

(4) For the purposes of subsection (3), a daily cooling water effluent plant loading for total suspended solids for a day is the sum, in kilograms, of the daily cooling water effluent stream loadings for total suspended solids calculated under subsection (1) for the day.

(5) Where a discharger calculates only one daily cooling water effluent stream loading for total suspended solids for a day under subsection (1), the daily cooling water effluent plant loading for total suspended solids for the day for the purposes of subsection (3) is the single daily cooling water effluent stream loading for total suspended solids for the day.

(6) Each discharger shall calculate, in kilograms, a monthly average cooling water effluent plant loading for total suspended solids for each month in which a sample is collected under this Regulation more than once from a cooling water effluent monitoring stream at the discharger's plant for analysis for total suspended solids.

(7) For the purposes of subsection (6), a monthly average cooling water effluent plant loading for total suspended solids for a month is the arithmetic mean of the daily cooling water effluent plant loadings for total suspended solids calculated under subsection (3) for the month.

CALCULATION OF LOADINGS—SALT EVAPORATOR EFFLUENT

14. (1) Each discharger shall calculate, in kilograms, a daily salt evaporator effluent stream loading for total suspended solids in each salt evaporator effluent monitoring stream of the discharger for each day on which a sample is collected under this Regulation from the stream for analysis for total suspended solids.

(2) When calculating a daily stream loading under subsection (1), the discharger shall multiply, with the necessary adjustment of units to yield a result in kilograms, the analytical result obtained from the sample for total suspended solids by the daily volume of effluent, as determined under section 30, for the stream for the day.

(3) Each discharger shall calculate, in kilograms, a daily salt evaporator effluent plant loading for total suspended solids for each day for which the discharger is required to calculate a daily salt evaporator effluent stream loading for total suspended solids under subsection (1).

(4) For the purposes of subsection (3), a daily salt evaporator effluent plant loading for total suspended solids for a day is the sum, in kilograms, of the daily salt evaporator effluent stream loadings for total suspended solids calculated under subsection (1) for the day.

(5) Where a discharger calculates only one daily salt evaporator effluent stream loading for total suspended solids for a day under subsection (1), the daily salt evaporator effluent plant loading for total suspended solids for the day for the purposes of subsection (3) is the single daily salt evaporator effluent stream loading for total suspended solids for the day.

(6) Each discharger shall calculate, in kilograms, a monthly average salt evaporator effluent plant loading for total suspended solids for each month in which a sample is collected under this Regulation more than once from a salt evaporator effluent monitoring stream at the discharger's plant for analysis for total suspended solids.

(7) For the purposes of subsection (6), a monthly average salt evaporator effluent plant loading for total suspended solids for a month is the arithmetic mean of the daily salt evaporator effluent plant loadings for total suspended solids calculated under subsection (3) for the month.

CALCULATION OF CONCENTRATIONS—PROCESS EFFLUENT

15. (1) Each discharger shall calculate, in milligrams per litre, a monthly average concentration for total suspended solids in each process effluent monitoring stream of the discharger for each month.

(2) For the purposes of subsection (1), a monthly average concentration for total suspended solids for a month is the arithmetic mean of the analytical results obtained for total suspended solids from the samples collected under section 22 from the stream for the month.

(3) Where there is only one analytical result obtained for total suspended solids from the stream for a day, the daily concentration for total suspended solids for the stream for the day for the purposes of subsection (1) is the single analytical result obtained for total suspended solids.

CALCULATION OF CONCENTRATIONS—COOLING WATER EFFLUENT

16. (1) Each discharger shall calculate, in milligrams per litre, a monthly average concentration for total suspended solids in each cooling water effluent monitoring stream of the discharger for each month.

(2) For the purposes of subsection (1), a monthly average concentration for total suspended solids for a month is the arithmetic mean of the analytical results obtained for total suspended solids from the samples collected under section 28 from the stream for the month.

CALCULATION OF CONCENTRATIONS—SALT EVAPORATOR EFFLUENT

17. (1) Each discharger shall calculate, in milligrams per litre, a monthly average concentration for total suspended solids in each salt evaporator effluent monitoring stream of the discharger for each month in which a sample is collected under this Regulation from the stream for analysis for total suspended solids.

(2) For the purposes of subsection (1), a monthly average concentration for total suspended solids for a month is the arithmetic mean of the analytical results obtained for total suspended solids from the samples collected under section 29 from the stream for the month.

PART IV PARAMETER AND LETHALITY LIMITS

PARAMETER LIMITS

18. (1) Each discharger shall ensure that each analytical result obtained for total suspended solids under section 22 from each sample collected from a process effluent monitoring stream at the discharger's plant does not exceed 50 milligrams per litre.

(2) Each discharger shall ensure that each monthly average concentration calculated for total suspended solids under section 15 in connection with the discharger's plant does not exceed 25 milligrams per litre.

(3) Subject to subsection (4), each discharger shall control the quality of each process effluent monitoring stream at the discharger's plant to ensure that the pH value of any sample collected at a process effluent sampling point at the plant is within the range of 6.0 to 9.5.

(4) Throughout any day on which a discharger has used an alternate sampling point on a process effluent monitoring stream for sampling required by section 24, as permitted by subsections 24 (5) and (6), the discharger,

- (a) shall control the quality of the stream to ensure that the pH value of any sample collected at the alternate sampling point on the stream is within the range of 6.0 to 9.5; and
- (b) need not comply with subsection (3) with respect to the stream.

LETHALITY LIMITS

19. Each discharger shall control the quality of each process effluent monitoring stream and each cooling water effluent monitoring stream at the discharger's plant to ensure that each rainbow trout acute lethality test and each *Daphnia magna* acute lethality test performed on any grab sample collected at a process effluent sampling point or cooling water effluent sampling point at the plant results in mortality for no more than 50 per cent of the test organisms in 100 per cent effluent.

PART V MONITORING

MONITORING—GENERAL

20. (1) Despite sections 22 to 29, a discharger need not collect samples from any process effluent or cooling water effluent or salt evaporator effluent monitoring stream at the discharger's plant on a day on which process effluent or salt evaporator effluent is not being discharged from the plant.

(2) Where a discharger is required by this Regulation to pick up a set of samples and analyze it for certain parameters, the discharger shall pick up a set of samples sufficient to allow all the analyses to be performed.

(3) A discharger shall use all reasonable efforts to ensure that all analyses required by this Regulation are completed as soon as reasonably possible and that the results of those analyses are made available to the discharger as soon as reasonably possible.

(4) Subject to subsection (7), each discharger shall pick up all samples required to be picked up at the discharger's plant under sections 22, 28 and 29 between the hours of 7 a.m. and 10 a.m.

(5) If the Director is satisfied, on the basis of written submissions from a discharger, that the circumstances at the discharger's plant are such that it would be impractical to pick up samples from each process effluent, cooling water effluent and salt evaporator effluent sampling point established at the plant under this Regulation within the time period specified in subsection (4), the Director may give the discharger a written notice in respect of the plant, varying the time period specified in subsection (4).

(6) Subject to subsections (7) and (8), where a discharger is required by sections 22, 28 and 29 to pick up samples, the discharger shall pick up samples collected over the 24-hour period immediately preceding the pick-up.

(7) The 24-hour period referred to in subsection (6) may be shortened or enlarged by up to three hours to permit a discharger to take advantage of the three-hour range specified in subsection (4) or of a different three-hour period specified in a notice under subsection (5).

(8) Where a notice has been given under subsection (5) in respect of a plant specifying a time period longer than three hours, the 24-hour period referred to in subsection (6) may be shortened or enlarged by up to that longer amount of time to permit the discharger to take advantage of the time period specified in the notice.

(9) If the circumstances at a plant change so that the Director is satisfied that the circumstances described in subsection (5) no longer apply at the plant, the Director may revoke a notice given in respect of a plant

under subsection (5) by giving a notice of revocation in writing to a discharger for the plant.

ALTERNATE SAMPLING PROCEDURES

21. (1) Where a discharger is, by virtue of subsection 7 (1), required by the Ministry of Environment and Energy publication entitled "Protocol for the Sampling and Analysis of Industrial/Municipal Wastewater" dated August, 1994, to collect a composite sample for any sample required to be picked up at a stream at the discharger's plant under this Regulation, the discharger may collect the composite sample by collecting three equal volume grab samples from the stream at intervals of at least two hours and combining them.

(2) A discharger who is required to collect a composite sample from a process effluent monitoring stream under section 22 may instead collect a single grab sample from the stream if the process effluent monitoring stream flows from a wastewater treatment facility and the retention time calculated under subsection (3) in relation to the stream is two days or more.

(3) A retention time in relation to a process effluent monitoring stream is the period of time in days that results from dividing the total available volume, expressed in cubic metres, of the wastewater treatment facilities on the stream by the average daily flow, expressed in cubic metres, of the stream.

(4) For the purposes of subsection (3), the total available volume of the wastewater treatment facilities on the process effluent monitoring stream is the volume of the wastewater treatment facilities that may be occupied by water on any day within the 90-day period preceding the date of the calculation of the retention time, taking into account,

- (a) any requirements that apply in respect of the operation of those facilities in any Act or in any approval, order, direction or other instrument issued under any Act; and
- (b) any solid waste or sludge contained within those facilities on the day of the calculation of the total available volume of those facilities.

(5) For the purposes of subsection (3), the average daily flow of the process effluent monitoring stream is the arithmetic mean of the 30 highest daily volumes calculated under section 30 in relation to the stream within the 90-day period preceding the date of the calculation of the retention time.

(6) The discharger of a plant to which Ontario Regulation 91/90 applies may include the days of flow calculated under section 5 of that Regulation in relation to the stream between August 26, 1994 and November 23, 1994 for the purposes of calculating the average daily flow of the process effluent monitoring stream.

(7) A discharger may sample at a process effluent monitoring stream in the manner described in subsection (2) for the period of time during which the retention time calculated in relation to the stream is in effect.

(8) A retention time calculated under this section expires 365 days after the date on which the calculation is made or on the date that a new retention time is calculated under this section, whichever date is sooner.

MONITORING—PROCESS EFFLUENT—WEEKLY

22. (1) Each discharger shall, on one day in each week, pick up a set of samples collected at each process effluent sampling point at the discharger's plant and shall analyze each set of samples for total suspended solids.

(2) There shall be an interval of at least four days between successive pick-up days at the plant under subsection (1).

(3) All samples picked up under subsection (1) in a week shall be picked up on the same day in the week.

MONITORING—PROCESS EFFLUENT—QUALITY CONTROL

23. (1) On one day in each year after 1994, on a day on which samples are picked up at the plant under subsection 22 (1), each discharger shall collect and pick up a duplicate sample for each sample picked up on that day under subsection 22 (1) at one process effluent sampling point at the discharger's plant and shall analyze each duplicate sample for total suspended solids.

(2) There shall be an interval of at least six months between successive pick-up days at the plant under subsection (1).

MONITORING—PROCESS EFFLUENT—PH MEASUREMENT

24. (1) Each discharger shall, on one day in each week, during the time period applicable to the plant under subsection 20 (4) or (5), collect a grab sample from each process effluent monitoring stream at the discharger's plant and shall analyze each sample for the parameter pH.

(2) There shall be an interval of at least four days between each of the collections at a stream under subsection (1) in each week.

(3) All samples collected under this section shall be collected at the same time as samples collected under section 22.

(4) Each grab sample collected under subsection (1) shall be picked up within four hours of when it was collected.

(5) Instead of collecting a grab sample under subsection (1) from a stream, a discharger may use an on-line analyzer at the sampling point on the stream and analyze the effluent at the sampling point for the parameter pH once in each week during the time period applicable to the plant under subsection 20 (4) or (5).

(6) For the purposes of this section, a discharger shall use either the sampling point established under section 8 on the stream or an alternate sampling point located downstream of the sampling point but before the point of discharge of the stream to surface water or to an industrial sewer used in common with another plant.

(7) Before using an alternate sampling point under subsection (6), a discharger shall give the Director a written notice describing the location of the alternate sampling point, together with a revised version of the list and plot plan submitted under section 9 showing the alternate sampling point.

MONITORING—ACUTE LETHALITY TESTING—RAINBOW TROUT

25. (1) Where a discharger is required by this section to perform a rainbow trout acute lethality test, the discharger shall perform the test according to the procedures described in the Environment Canada publication entitled "Biological Test Method: Reference Method for Determining Acute Lethality of Effluents to Rainbow Trout", dated July, 1990.

(2) Each rainbow trout acute lethality test required by this section shall be carried out as a single concentration test using 100 per cent effluent.

(3) On one day in each month, on a day on which samples are picked up at the plant under subsection 22 (1), each discharger shall collect and immediately pick up a grab sample at each process effluent sampling point at the discharger's plant and shall perform a rainbow trout acute lethality test on each sample.

(4) There shall be an interval of at least 15 days between successive pick-up days at the plant under subsection (3).

(5) All samples picked up under subsection (3) in a month shall be picked up on the same day in the month.

(6) Where a discharger has performed tests under subsection (3) for 12 consecutive months on samples collected from the same sampling point and the mortality of the rainbow trout in each test did not exceed 50 per cent, the discharger is relieved of the obligations under subsection (3) relating to the sampling point and shall instead collect and immediately pick up a grab sample at the sampling point on one day in each quarter and perform a rainbow trout acute lethality test on each sample.

(7) Samples picked up at a plant under subsection (6) shall be picked up on a day on which samples are picked up at the plant under subsection (3).

(8) If no samples are being picked up at a plant under subsection (3) during a quarter, samples picked up at the plant during the quarter under subsection (6) shall be picked up on a day on which samples are picked up at the plant under subsection 22 (1).

(9) There shall be an interval of at least 45 days between successive pick-up days at the plant under subsection (6).

(10) All samples picked up under subsection (6) in a quarter shall be picked up on the same day in the quarter.

(11) If a rainbow trout acute lethality test performed under subsection (6) on any sample from a sampling point results in mortality of more than 50 per cent of the test rainbow trout, subsections (6) to (10) cease to apply in respect to samples from that sampling point, and a discharger shall instead comply with the requirements of subsection (3) relating to the sampling point, until the tests performed under subsection (3) on all samples collected from the sampling point for a further 12 consecutive months result in mortality for no more than 50 per cent of the rainbow trout for each test.

(12) A discharger shall notify the Director in writing of any change in the frequency of acute lethality testing under this Regulation at the discharger's plant, within 30 days after the day on which the change begins.

(13) A discharger may notify the Director in writing of any period in which the testing of samples collected at a sampling point under subsection (3) would always result in mortality of more than 50 per cent of the test rainbow trout.

(14) Where a notice is given under subsection (13), a discharger is relieved of the obligations under subsection (3) relating to the sampling point during the period in which the testing of samples collected at the sampling point would always result in mortality of more than 50 per cent of the test rainbow trout.

(15) Subsections (13) and (14) are revoked on August 26, 1997.

(16) Subsections (2) to (15) apply with necessary modifications to each cooling water effluent sampling point and, for the purpose, the reference in subsection (3) to each process effluent sampling point shall be deemed to be a reference to each cooling water effluent sampling point and the reference in subsections (3) and (8) to subsection 22 (1) shall be deemed to be a reference to subsection 28 (1).

MONITORING—ACUTE LETHALITY TESTING—*DAPHNIA MAGNA*

26. (1) Where a discharger is required by this section to perform a *Daphnia magna* acute lethality test, the discharger shall perform the test according to the procedures described in the Environment Canada

publication entitled "Biological Test Method: Reference Method for Determining Acute Lethality of Effluents to *Daphnia magna*", dated July, 1990.

(2) Subsections 25 (2) to (15) apply with necessary modifications to *Daphnia magna* acute lethality tests and, for the purpose, a reference to rainbow trout shall be deemed to be a reference to *Daphnia magna*.

(3) Each discharger shall pick up each set of samples required to be collected from a sampling point at the discharger's plant under this section on a day on which the discharger collects a sample from the sampling point under section 25, to the extent possible having regard to the frequency of monitoring required at the sampling point under this section and section 25.

MONITORING—CHRONIC TOXICITY TESTING—FATHEAD MINNOW AND *CERIODAPHNIA DUBIA*

27. (1) Where a discharger is required to perform a seven-day fathead minnow growth inhibition test, the discharger shall perform the test according to the procedure described in the Environment Canada publication entitled "Biological Test Method: Test of Larval Growth and Survival Using Fathead Minnows", dated February, 1992.

(2) Where a discharger is required to perform a seven-day *Ceriodaphnia dubia* reproduction inhibition and survivability test, the discharger shall perform the test according to the procedure described in the Environment Canada publication entitled "Biological Test Method: Test of Reproduction and Survival Using The Cladoceran *Ceriodaphnia dubia*", dated February, 1992.

(3) On one day in each semi-annual period, on a day on which samples are picked up at the plant under subsection 22 (1), each discharger shall collect and immediately pick up a grab sample from each process effluent sampling point at the discharger's plant, and shall perform a seven-day fathead minnow growth inhibition test and a seven-day *Ceriodaphnia dubia* reproduction inhibition and survivability test on each sample.

(4) There shall be an interval of at least 90 days between successive pick-up days at the plant under subsection (3).

(5) All samples picked up under subsection (3) in a semi-annual period shall be picked up on the same day in the semi-annual period.

(6) A discharger need not collect a sample from a sampling point in accordance with subsection (3) until 12 consecutive monthly rainbow trout acute lethality tests and 12 consecutive monthly *Daphnia magna* acute lethality tests performed on samples collected at the sampling point at a discharger's plant result in mortality for no more than 50 per cent of the test organisms in 100 per cent effluent.

MONITORING—COOLING WATER EFFLUENT—WEEKLY ASSESSMENT

28. (1) Each discharger shall, on one day in each week, pick up a set of samples collected at each cooling water effluent sampling point at the discharger's plant and shall analyze each set of samples for total suspended solids.

(2) There shall be an interval of at least four days between successive pick-up days at the plant under subsection (1).

(3) All samples picked up under subsection (1) in a week shall be picked up on the same day in the week.

MONITORING—SALT EVAPORATOR EFFLUENT—WEEKLY ASSESSMENT

29. (1) Each discharger shall, on one day in each week, pick up a set of samples collected at each salt evaporator effluent sampling point at the discharger's plant and shall analyze each set of samples for total suspended solids.

(2) There shall be an interval of at least four days between successive pick-up days at the plant under subsection (1).

(3) All samples picked up under subsection (1) in a week shall be picked up on the same day in the week.

PART VI EFFLUENT VOLUME

FLOW MEASUREMENT

30. (1) For the purposes of this section, a volume of effluent for a stream for a day is the volume that flowed past the sampling point established under Part II on the stream during the 24-hour period preceding the pick-up of the first sample picked up from the stream for the day.

(2) Each discharger shall determine in cubic metres a daily volume of effluent for each process effluent stream at the discharger's plant for each day on which a sample is collected under this Regulation from the stream.

(3) Each discharger shall use flow measurement methods that allow the daily volumes for process effluent streams to be determined to an accuracy of within plus or minus 15 per cent.

(4) Each discharger shall determine in cubic metres a daily volume of effluent for each cooling water effluent stream at the discharger's plant for each day on which a sample is collected under this Regulation from the stream.

(5) Each discharger shall use flow measurement methods that allow the daily volumes for cooling water effluent streams to be determined to an accuracy of within plus or minus 20 per cent.

(6) Each discharger shall determine in cubic metres a volume of effluent for each salt evaporator effluent monitoring stream at the discharger's plant for each day on which a sample is collected under this Regulation from the stream.

(7) Each discharger shall use flow measurement methods that allow the daily volumes for salt evaporator effluent streams to be determined to an accuracy of within plus or minus 20 per cent.

(8) Each discharger shall, no later than the day on which this section comes into force, determine by calibration or confirm by means of a certified report of a registered professional engineer of the Province of Ontario that each flow measurement method used under subsection (2) meets the accuracy requirements of subsection (3), that each flow measurement method used under subsection (4) meets the accuracy requirements of subsection (5), and that each flow measurement method used under subsection (6) meets the accuracy requirements of subsection (7).

(9) Where a discharger uses a new flow measurement method or alters an existing flow measurement method, the discharger shall determine by calibration or confirm by means of a certified report of a registered professional engineer of the Province of Ontario that each new or altered flow measurement method meets the accuracy requirements of subsection (3), (5) or (7), as the case may be, within two weeks after the day on which the new or altered method or system is used.

(10) Each discharger shall develop and implement a maintenance schedule and a calibration schedule for each flow measurement system installed at the discharger's plant and shall maintain each flow measurement system according to good operating practices.

(11) Each discharger shall use reasonable efforts to set up each flow measurement system used for the purposes of this section in a way that permits inspection by a provincial officer.

CALCULATION OF PLANT VOLUMES

31. (1) Each discharger shall calculate, in cubic metres, a daily process effluent plant volume for each day.

(2) For the purposes of subsection (1), a process effluent plant volume for a day is the sum of the daily process effluent volumes determined under section 30 for the day.

(3) Each discharger shall calculate, in cubic metres, a monthly average process effluent plant volume for each month, by taking the arithmetic mean of the daily process effluent plant volumes calculated under subsection (1) for the month.

(4) Each discharger shall calculate, in cubic metres, a daily cooling water effluent plant volume for each day.

(5) For the purposes of subsection (4), a cooling water effluent plant volume for a day is the sum of the daily cooling water volumes determined under section 30 for the day.

(6) Each discharger shall calculate, in cubic metres, a monthly average cooling water effluent plant volume for each month, by taking the arithmetic mean of the daily cooling water effluent plant volumes calculated under subsection (4) for the month.

(7) Each discharger shall calculate, in cubic metres, a daily salt evaporator effluent plant volume for each day.

(8) For the purposes of subsection (7), a salt evaporator effluent volume for a day is the sum of the daily salt evaporator effluent volumes determined under section 30 for the day.

(9) Each discharger shall calculate, in cubic metres, a monthly average salt evaporator effluent plant volume for each month, by taking the arithmetic mean of the daily salt evaporator effluent plant volumes calculated under subsection (7) for the month.

PART VII STORM WATER CONTROL STUDY

32. (1) Each discharger shall complete a storm water control study in respect of the discharger's plant, in accordance with the requirements of the Ministry of Environment and Energy publication entitled "Protocol for Conducting a Storm Water Control Study", dated August, 1994.

(2) A discharger need not comply with subsection (1) in respect of the discharger's plant if,

(a) the plant meets the exemption criteria set out in the Ministry of Environment and Energy publication entitled "Protocol for Conducting a Storm Water Control Study", dated August, 1994; and

(b) the discharger notifies the Director in writing, by August 28, 1995, that the plant meets the exemption criteria referred to in clause (a).

(3) Subject to subsection (4), a discharger shall complete the storm water control study in respect of the discharger's plant by August 26, 1996.

(4) A discharger may postpone completion of the storm water control study in respect of the discharger's plant until August 26, 1998 if,

(a) in order to meet the requirements of Part IV, the discharger plans to make process changes, install wastewater treatment facilities,

implement management practices, or make any other changes at the plant that would likely alter the quantity or quality of storm water discharged from the plant; and

(b) the discharger notifies the Director in writing, by August 26, 1996, of the plans referred to in clause (a).

(5) Each discharger shall ensure that a copy of each study completed under this section is available to Ministry staff at the discharger's plant, on request, during the plant's normal office hours.

PART VIII RECORDS AND REPORTS

RECORD KEEPING

33. (1) Each discharger shall keep records, in an electronic format acceptable to the Director, of all analytical results obtained under sections 22, 24, 28 and 29, all calculations performed under sections 12, 13, 14, 15, 16 and 17 and all determinations and calculations made or performed under sections 30 and 31.

(2) Each discharger shall keep records of all sampling and analytical procedures used in meeting the requirements of section 7, including, for each sample, the date, the time of pick-up, the sampling procedures used, and any incidents likely to affect the analytical results.

(3) Each discharger shall keep records of all retention times calculated under section 21.

(4) Each discharger shall keep records of the results of all monitoring performed under sections 23 and 25 to 29.

(5) Each discharger shall keep records of all maintenance and calibration procedures performed under section 30.

(6) Each discharger shall keep records of all problems or malfunctions, including those related to sampling, analysis, acute lethality testing, chronic toxicity testing or flow measurement, that result or are likely to result in a failure to comply with a requirement of this Regulation, stating the date, duration and cause of each malfunction, and including a description of any remedial action taken.

(7) Each discharger shall keep records of any incident in which process effluent is discharged from the discharger's plant without flowing past a sampling point established on a process effluent stream in accordance with this Regulation before being discharged, stating the date, duration, cause and nature of each incident.

(8) Each discharger shall keep records of all process changes and redirections of or changes in the character of effluent streams that affect the quality of effluent at any sampling point established under this Regulation at the discharger's plant.

(9) Each discharger shall keep records of the location of each sampling point established at the discharger's plant under Part II.

(10) Each discharger shall make each record required by this section as soon as reasonably possible and shall keep each such record for a period of three years.

(11) Each discharger shall ensure that all records kept under this section are available to Ministry staff at the discharger's plant, on request, during the plant's normal office hours.

REPORTS AVAILABLE TO THE PUBLIC

34. (1) On or before June 1 in each year, each discharger shall prepare a report relating to the previous calendar year and including,

(a) a summary of plant loadings calculated under sections 12, 13 and 14;

- (b) a summary of concentrations determined under sections 15, 16 and 17;
- (c) a summary of retention times calculated under section 21;
- (d) a summary of the results of monitoring performed under sections 22 and 24 to 29;
- (e) a summary of calculations performed under subsections 30 (2), (4), (6), 31 (1), (4) and (7);
- (f) a summary of the concentrations or other results that exceeded a limit prescribed by section 18 or 19; and
- (g) a summary of the incidents in which process effluent was discharged from the discharger's plant without flowing past a sampling point established on a process effluent stream in accordance with this Regulation before being discharged.

(2) Each discharger shall ensure that each report prepared under subsection (1) is available to any person at the discharger's plant, on request during the plant's normal office hours.

(3) Each discharger shall provide the Director, upon request, with a copy of any report that the discharger has prepared under subsection (1).

REPORTS TO THE DIRECTOR—GENERAL

35. (1) Each discharger shall notify the Director in writing of any change of name or ownership of the discharger's plant occurring after August 26, 1994, within 30 days after the end of the month in which the change occurs.

(2) Each discharger shall notify the Director in writing of any process change or redirection of or change in the character of an effluent stream that affects the quality of effluent at any sampling point established under this Regulation at the discharger's plant, within 30 days of the change or redirection.

(3) A discharger need not comply with subsection (2) where the effect of the change or redirection on effluent quality is of less than one week's duration.

REPORTS TO THE DIRECTOR ON COMPLIANCE WITH SECTION 6 AND PART IV

36. (1) Each discharger shall report any incident in which process effluent is discharged from the discharger's plant without flowing past a sampling point established on a process effluent stream in accordance with this Regulation before being discharged.

(2) Each discharger shall report any concentration or other result that exceeds a limit prescribed by section 18 or 19.

(3) A report required under subsection (1) or (2) shall be given orally, as soon as reasonably possible, and in writing, as soon as reasonably possible.

QUARTERLY REPORTS TO THE DIRECTOR

37. (1) No later than 45 days after the end of each quarter, each discharger shall submit a report to the Director containing information relating to the discharger's plant throughout the quarter as required by subsections (3) to (12).

(2) A report under this section shall be submitted both in an electronic format acceptable to the Director and in hard copy generated

from the electronic format acceptable to the Director and signed by the discharger.

(3) A report under this section shall include all information included in a report given under section 36 during the quarter.

(4) Each discharger shall report, for each month in the quarter, the monthly average plant loadings and the highest and lowest daily plant loadings calculated under sections 12, 13 and 14 for total suspended solids.

(5) Each discharger shall report, for each month in the quarter, the monthly average concentrations calculated under section 15 and the highest and lowest analytical results obtained under section 22 for total suspended solids in each process effluent monitoring stream at the discharger's plant.

(6) Each discharger shall report, for each month in the quarter, the monthly average concentrations calculated under section 16 and the highest and lowest analytical results obtained under section 28 for total suspended solids in each cooling water effluent monitoring stream at the discharger's plant.

(7) Each discharger shall report, for each month in the quarter, the monthly average concentrations calculated under section 17 and the highest and lowest analytical results obtained under section 29 for total suspended solids in each salt evaporator effluent monitoring stream at the discharger's plant.

(8) Each discharger shall report, for each month in the quarter, the monthly average process effluent plant volume and the highest and lowest daily process effluent plant volumes calculated under section 31.

(9) Each discharger shall report, for each month in the quarter, the monthly average cooling water effluent plant volume and the highest and lowest daily cooling water effluent plant volumes calculated under section 31.

(10) Each discharger shall report, for each month in the quarter, the monthly average salt evaporator effluent plant volume and the highest and lowest daily salt evaporator effluent plant volumes calculated under section 31.

(11) Each discharger shall report the number of days in each month in the quarter on which process effluent, cooling water effluent, or salt evaporator effluent was discharged from the discharger's plant.

(12) Each discharger shall report, for each month in the quarter, the highest and lowest pH results obtained under section 24 for each process effluent monitoring stream at the discharger's plant.

REPORTS TO THE DIRECTOR ON CHRONIC TOXICITY TESTING

38. (1) Each discharger shall report to the Director the results of all monitoring performed under section 27, together with the date on which each sample was picked up, no later than 60 days after the end of each semi-annual period in which the monitoring was performed.

(2) A report under subsection (1) shall include a plot of percentage reduction in growth or reproduction against the logarithm of test concentration and shall include a calculation of the concentration at which a 25 per cent reduction in growth or reproduction would occur.

PART IX COMPLIANCE

39. (1) Part IV comes into force on August 26, 1997.

(2) Parts V and VI come into force on November 24, 1994.

PART X REVOCATION

REVOCATION OF ONTARIO REGULATION 91/90

40. Ontario Regulation 91/90 is revoked on November 24, 1994.

ONTARIO REGULATION 562/94 made under the ENVIRONMENTAL PROTECTION ACT

Made: August 17, 1994

Filed: August 26, 1994

EFFLUENT MONITORING AND EFFLUENT LIMITS—METAL CASTING SECTOR

PART I GENERAL

INTERPRETATION

1. (1) In this Regulation,

“assessment parameter” means a parameter that is listed in Schedule 3;

“blowdown water” means recirculating water that is discharged from a cooling water system for the purpose of controlling the level of water in the cooling water system or for the purpose of discharging from the cooling water system materials contained in the cooling water system the further build-up of which would impair the operation of the system;

“cooling water effluent” means water and associated material that is used in an industrial process for the purpose of removing heat and that has not, by design, come into contact with process materials, but does not include blowdown water;

“cooling water effluent monitoring stream” means a cooling water effluent stream on which a sampling point is established under section 8;

“cooling water effluent sampling point” means a sampling point established on a cooling water effluent stream under section 8;

“Director”, in relation to obligations of a discharger, means a Director appointed under section 5 of the Act and responsible for the region in which the discharger’s plant is located and includes an alternate named by the Director;

“discharger” means an owner or person in occupation or having the charge, management or control of a plant to which this Regulation applies;

“limited parameter”, in relation to a plant, means a parameter for which a limit is specified for the plant in Column 3 or 4 of Schedule 2;

“pick-up”, in relation to a sample, means pick-up for the purposes of storage, including storage within an automatic sampling device, and transportation to and analysis at a laboratory;

“plant” means an industrial facility and the developed property, waste disposal sites and wastewater treatment facilities associated with it;

“process change” means a change in equipment, production processes, process materials or treatment processes;

“process effluent” means,

- effluent that, by design, has come into contact with process materials,
- blowdown water,
- effluent that results from cleaning or maintenance operations at a plant during a period when all or part of the plant is shut down, and

(d) any effluent described in clauses (a) to (c) combined with cooling water effluent or storm water effluent;

"process effluent monitoring stream" means a process effluent stream on which a sampling point is established under section 8;

"process effluent sampling point" means a sampling point established on a process effluent stream under section 8;

"process materials", in relation to a discharger's plant, means raw materials for use in an industrial process at the plant, manufacturing intermediates produced at the plant, or products or by-products of an industrial process at the plant, but does not include chemicals added to cooling water for the purpose of controlling organisms, fouling and corrosion;

"quarter" means all or part of a period of three consecutive months beginning on the first day of January, April, July or October;

"semi-annual period" means all or part of a period of six months beginning on the first day of January or July;

"storm water effluent" means run-off from a storm event or thaw that is not used in any industrial process.

(2) For greater certainty, this Regulation applies both to effluent streams that discharge continuously and to effluent streams that discharge intermittently.

(3) An obligation on a discharger to do a thing under this Regulation is discharged if another person has done it on the discharger's behalf.

PURPOSE

2. The purpose of this Regulation is to monitor and control the quality of effluent discharged from the plants listed in Schedule 1.

APPLICATION

3. (1) This Regulation applies only with respect to the plants listed in Schedule 1.

(2) This Regulation does not apply with respect to the discharge of effluent to a municipal sewer.

OBLIGATIONS UNDER APPROVALS, ORDERS, ETC.

4. For greater certainty, the requirements of this Regulation are in addition to and independent of requirements in an approval, order, direction or other instruments issued under any Act.

NON-APPLICATION OF GENERAL EFFLUENT MONITORING REGULATION

5. This Regulation is not a Sectoral Effluent Monitoring Regulation within the meaning of Ontario Regulation 695/88.

BY-PASSES

6. Beginning on August 26, 1997, a discharger shall not permit process effluent to be discharged from the discharger's plant unless the process effluent flows past a sampling point established on a process effluent stream in accordance with this Regulation before being discharged.

SAMPLING AND ANALYTICAL PROCEDURES

7. (1) Each discharger shall carry out the establishment of sampling point obligations of this Regulation and the sampling and analysis obligations of this Regulation, including quality control sampling and analysis obligations, in accordance with the procedures described in the

Ministry of Environment and Energy publication entitled "Protocol for the Sampling and Analysis of Industrial/Municipal Wastewater", dated August, 1994.

(2) Each discharger shall maintain the sampling equipment used at the discharger's plant for sampling required by this Regulation in a way that ensures that the samples collected at the plant under this Regulation accurately reflect the level of discharge of each limited parameter and assessment parameter from the plant.

PART II SAMPLING POINTS

ESTABLISHMENT AND ELIMINATION OF SAMPLING POINTS

8. (1) Each discharger shall, by November 24, 1994, establish a sampling point on each process effluent and cooling water effluent stream at the discharger's plant, as necessary so that the plant loadings calculated under sections 12 and 14 for each limited parameter and assessment parameter, accurately reflect the level of discharge of each such parameter from the plant.

(2) Despite subsection (1), a discharger need not establish a sampling point on a by-pass.

(3) If circumstances change so that a new sampling point is necessary at a discharger's plant in order to permit the calculation of plant loadings under sections 12 and 14 for each limited parameter and assessment parameter that accurately reflect the level of discharge of each such parameter from the plant, the discharger shall, within 30 days of the change, establish the new sampling point.

(4) A discharger may eliminate a sampling point established under subsection (1) or (3) if the sampling point is no longer necessary to permit the calculation of plant loadings under sections 12 and 14 for each limited parameter and assessment parameter that accurately reflect the level of discharge of each such parameter from the plant.

(5) For the purposes of this section, a plant loading for a parameter that is based on analytical results that are significantly affected by dilution or masking due to the merging of streams upstream of a sampling point at a plant is not a loading that accurately reflects the level of discharge of the parameter from the plant.

(6) In determining what is necessary to meet a discharger's obligations to establish sampling points under this section, the discharger shall consider both which streams should have sampling points and where on a stream a sampling point should be located.

REPORTS ON SAMPLING POINTS

9. (1) By December 5, 1994, each discharger shall submit to the Director a list and plot plan showing the sampling points established under this Regulation at the discharger's plant as of November 24, 1994.

(2) Within 30 days after establishing a sampling point under this Regulation that is not shown on a list and plot plan submitted under this section, the discharger shall give the Director a written notice describing the location of the sampling point, together with a revised list and plot plan showing the sampling point.

(3) Within 30 days after eliminating a sampling point under this Regulation that is shown on a list and plot plan submitted under this section, the discharger shall give the Director a written notice describing where the sampling point used to be, together with a revised list and plot plan without the sampling point.

USE OF SAMPLING POINTS ESTABLISHED UNDER THIS PART

10. Except as permitted or required under sections 20, 22, 23 and 24, each discharger shall use the sampling points established under this Part for all sampling required by this Regulation.

PART III CALCULATION OF LOADINGS

CALCULATION OF LOADINGS AT ALTERNATE SAMPLING POINTS USED UNDER SECTION 23

CALCULATION OF LOADINGS—GENERAL

11. (1) For the purposes of performing a calculation under sections 12, 13 and 14 a discharger shall use the actual analytical result obtained by the laboratory.

(2) Despite subsection (1), where the actual analytical result is less than one-tenth of the analytical method detection limit set out in the Ministry of Environment and Energy publication entitled "Protocol for the Sampling and Analysis of Industrial/Municipal Wastewater", dated August, 1994, the discharger shall use the value zero for the purpose of performing a calculation under sections 12, 13 and 14.

(3) Each discharger shall ensure that each calculation of a process effluent loading required by sections 12 and 13 is performed as soon as reasonably possible after the analytical result on which the calculation is based becomes available to the discharger.

(4) Each discharger shall ensure that each calculation of a cooling water effluent loading required by section 14 is performed in time to comply with subsection 35 (4).

CALCULATION OF LOADINGS—PROCESS EFFLUENT

12. (1) Each discharger shall calculate, in kilograms, a daily process effluent stream loading for each limited parameter in each process effluent monitoring stream of the discharger for each day on which a sample is collected under this Regulation from the sampling point established under section 8 on the stream for analysis for the parameter.

(2) When calculating a daily stream loading under subsection (1), the discharger shall multiply, with the necessary adjustment of units to yield a result in kilograms, the analytical result obtained from the sample for the parameter by the daily volume of effluent, as determined under section 27, for the stream for the day.

(3) Each discharger shall calculate, in kilograms, a daily process effluent plant loading for each limited parameter for each day for which the discharger is required to calculate a daily process effluent stream loading for the parameter under subsection (1).

(4) For the purposes of subsection (3), a daily process effluent plant loading for a parameter for a day is the sum, in kilograms, of the daily process effluent stream loadings for the parameter calculated under subsection (1) for the day.

(5) Where a discharger calculates only one daily process effluent stream loading for a parameter for a day under subsection (1), the daily process effluent plant loading for the parameter for the day for the purposes of subsection (3) is the single daily process effluent stream loading for the parameter for the day.

(6) Each discharger shall calculate, in kilograms, a monthly average process effluent plant loading for each limited parameter for each month in which a sample is collected under this Regulation more than once from a process effluent monitoring stream at the discharger's plant for analysis for the parameter.

(7) For the purposes of subsection (6), a monthly average process effluent plant loading for a parameter for a month is the arithmetic mean of the daily process effluent plant loadings for the parameter calculated under subsection (3) for the month.

13. (1) In addition to complying with section 12, each discharger shall calculate, in kilograms, a daily alternate loading for each parameter listed in subsection 20 (1) in each stream for which the discharger uses an alternate sampling point under section 23, for each day on which a sample is collected under this Regulation from the alternate sampling point on the stream for analysis for the parameter.

(2) When calculating a daily alternate loading under subsection (1), the discharger shall multiply, with the necessary adjustment of units to yield a result in kilograms, the analytical result obtained from the sample for the parameter by the daily alternate volume of effluent, as determined under section 28, for the stream for the day.

(3) Each discharger shall calculate, in kilograms, a monthly average alternate loading for each parameter listed in subsection 20 (1) in each stream for which the discharger uses an alternate sampling point under section 23, for each month in which a sample is collected under this Regulation from the alternate sampling point on the stream for analysis for the parameter.

(4) For the purposes of subsection (3), a monthly average alternate loading for a parameter in a stream for a month is the arithmetic mean of the daily alternate loadings for the parameter in the stream calculated under subsection (1) for the month.

CALCULATION OF LOADINGS—COOLING WATER

14. (1) Each discharger shall calculate, in kilograms, a daily cooling water effluent stream loading for each assessment parameter in each cooling water effluent monitoring stream of the discharger for each day on which a sample is collected under this Regulation from the stream for analysis for the parameter.

(2) When calculating a daily stream loading under subsection (1), the discharger shall multiply, with the necessary adjustment of units to yield a result in kilograms, the analytical result obtained from the sample for the parameter by the daily volume of effluent, as determined under section 27, for the stream for the day.

(3) Each discharger shall calculate, in kilograms, a daily cooling water effluent plant loading for each assessment parameter for each day for which the discharger is required to calculate a daily cooling water effluent stream loading for the parameter under subsection (1).

(4) For the purposes of subsection (3), a daily cooling water effluent plant loading for a parameter for a day is the sum, in kilograms, of the daily cooling water effluent stream loadings for the parameter calculated under subsection (1) for the day.

(5) Where a discharger calculates only one daily cooling water effluent stream loading for a parameter for a day under subsection (1), the daily cooling water effluent plant loading for the parameter for the day for the purposes of subsection (3) is the single daily cooling water effluent stream loading for the parameter for the day.

(6) Each discharger shall calculate, in kilograms, a monthly average cooling water effluent plant loading for each assessment parameter for each month in which a sample is collected under this Regulation more than once from a cooling water effluent monitoring stream at the discharger's plant for analysis for the parameter.

(7) For the purposes of subsection (6), a monthly average cooling water effluent plant loading for a parameter for a month is the arithmetic mean of the daily cooling water effluent plant loadings for the parameter calculated under subsection (3) for the month.

PART IV PARAMETER AND LETHALITY LIMITS

PARAMETER LIMITS

15. (1) Each discharger shall ensure that each daily process effluent plant loading calculated for a parameter under section 12 in connection with the discharger's plant does not exceed the daily plant loading limit specified for the parameter and the plant in Column 3 of Schedule 2.

(2) Each discharger shall ensure that each monthly average process effluent plant loading calculated for a parameter under section 12 in connection with the discharger's plant does not exceed the monthly average plant loading limit specified for the parameter and the plant in Column 4 of Schedule 2.

(3) Subject to subsection (4), each discharger shall control the quality of each process effluent monitoring stream at the discharger's plant to ensure that the pH value of any sample collected at a process effluent sampling point at the plant is within the range of 6.0 to 9.5.

(4) Throughout any day on which a discharger has used an alternate sampling point on a process effluent monitoring stream for sampling required by section 22, as permitted by subsections 22 (7) and (8), the discharger,

- (a) shall control the quality of the stream to ensure that the pH value of any sample collected at the alternate sampling point on the stream is within the range of 6.0 to 9.5; and
- (b) need not comply with subsection (3) with respect to the stream.

LETHALITY LIMITS

16. Each discharger shall control the quality of each process effluent monitoring stream and each cooling water effluent monitoring stream at the discharger's plant to ensure that each rainbow trout acute lethality test and each *Daphnia magna* acute lethality test performed on any grab sample collected under section 23 or 24 at the plant results in mortality for no more than 50 per cent of the test organisms in 100 per cent effluent.

PART V MONITORING

MONITORING—GENERAL

17. (1) Despite sections 18 to 26, a discharger need not collect samples from any stream at the discharger's plant on a day on which there is no process effluent or cooling water effluent that is being discharged from the plant.

(2) Where a discharger is required by this Regulation to pick up a set of samples and analyze it for certain parameters, the discharger shall pick up a set of samples sufficient to allow all the analyses to be performed.

(3) A discharger shall use all reasonable efforts to ensure that all analyses required by this Regulation are completed as soon as reasonably possible and that the results of those analyses are made available to the discharger as soon as reasonably possible.

(4) Subject to subsection (5), each discharger shall pick up all sets of samples required to be picked up at the discharger's plant under sections 18 and 19 between the hours of 7 a.m. and 10 a.m.

(5) If the Director is satisfied, on the basis of written submissions from a discharger, that the circumstances at the discharger's plant are such that it would be impractical to pick up a set of samples from each sampling point established at the plant under this Regulation within the

time period specified in subsection (4), the Director may give the discharger a written notice in respect of the plant, varying the time period specified in subsection (4).

(6) Subject to subsections (7) and (8), where a discharger is required by section 18, 19 or 20 to pick up a set of samples, the discharger shall pick up a set collected over the 24-hour period immediately preceding the pick-up.

(7) The 24-hour period referred to in subsection (6) may be shortened or enlarged by up to three hours to permit a discharger to take advantage of the three-hour range specified in subsection (4) or of a different three-hour period specified in a notice under subsection (5).

(8) Where a notice has been given under subsection (5) in respect of a plant specifying a time period longer than three hours, the 24-hour period referred to in subsection (6) may be shortened or enlarged by up to that longer amount of time to permit the discharger to take advantage of the time period specified in the notice.

(9) If the circumstances at a plant change so that the Director is satisfied that the circumstances described in subsection (5) no longer apply at the plant, the Director may revoke a notice given in respect of a plant under subsection (5) by giving a notice of revocation in writing to a discharger for the plant.

MONITORING—PROCESS EFFLUENT—DAILY

18. (1) Each discharger shall, on each day, pick up a set of samples collected at each process effluent sampling point at the discharger's plant and shall analyze each set of samples for the parameters for which the frequency of monitoring, as set out in Column 2 of Schedule 2 for the discharger's plant, is daily.

(2) A discharger need not meet the requirements of subsection (1) where it is impossible to do so because of sampling by a provincial officer.

MONITORING—PROCESS EFFLUENT—WEEKLY

19. (1) Each discharger shall, on one day in each week, pick up a set of samples collected at each process effluent sampling point at the discharger's plant and shall analyze each set of samples for the parameters for which the frequency of monitoring, as set out in Column 2 of Schedule 2 for the discharger's plant, is weekly.

(2) There shall be an interval of at least four days between successive pick-up days at the plant under subsection (1).

(3) All samples picked up under subsection (1) in a week shall be picked up on the same day in the week.

MONITORING—ALTERNATE SAMPLING POINT USED UNDER SECTION 23—WEEKLY

20. (1) In addition to complying with section 19, on one day in each week, each discharger shall pick up a set of samples collected at each alternate sampling point established for the purposes of section 23 at the discharger's plant and shall analyze each set of samples for the following parameters:

1. Dissolved Organic Carbon (DOC), referred to as Analytical Test Group 5a in the Ministry of Environment and Energy publication entitled "Protocol for the Sampling and Analysis of Industrial/Municipal Wastewater", dated August, 1994.
2. Total Suspended Solids (TSS), referred to as Analytical Test Group 8 in the Ministry of Environment and Energy publication entitled "Protocol for the Sampling and Analysis of Industrial/Municipal Wastewater", dated August, 1994.

3. Phenolics (4AAP), referred to as Analytical Test Group 14 in the Ministry of Environment and Energy publication entitled "Protocol for the Sampling and Analysis of Industrial/Municipal Wastewater", dated August, 1994.

(2) There shall be an interval of at least four days between successive pick-up days at the plant under subsection (1).

(3) All samples picked up under subsection (1) in a week shall be picked up on the same day in the week.

MONITORING—PROCESS EFFLUENT—QUALITY CONTROL

21. (1) On one day in each year after 1994, on a day on which samples are picked up at the plant under subsection 19 (1), each discharger shall collect and pick up a duplicate sample for each sample picked up on that day under subsection 19 (1) at one process effluent sampling point at the discharger's plant and shall analyze each duplicate sample for the parameters for which the frequency of monitoring, as set out in Column 2 of Schedule 2 for the discharger's plant, is weekly.

(2) Each discharger shall prepare a travelling blank and travelling spiked blank sample for each sample for which a duplicate sample is picked up at the plant under subsection (1) and shall analyze the travelling blank and travelling spiked blank samples in accordance with the directions set out in the Ministry of Environment and Energy publication entitled "Protocol for the Sampling and Analysis of Industrial/Municipal Wastewater", dated August, 1994.

(3) There shall be an interval of at least six months between successive pick-up days at the plant under subsection (1).

MONITORING—PROCESS EFFLUENT—pH MEASUREMENT

22. (1) Each discharger shall, on each day during the time period applicable to the plant under subsection 17 (4) or (5), collect a grab sample from each process effluent monitoring stream at the discharger's plant and shall analyze each sample for the parameter pH.

(2) Each discharger shall, within each 24-hour period beginning with the collection of the first grab sample at the plant under subsection (1) on each day, collect two more grab samples from each process effluent monitoring stream at the discharger's plant and shall analyze each sample for the parameter pH.

(3) There shall be an interval of at least four hours between each of the three collections at a stream under subsections (1) and (2) in each 24-hour period.

(4) Each grab sample collected under subsections (1) and (2) shall be picked up within 24 hours of when it was collected.

(5) Instead of complying with subsections (1) to (4) with respect to a stream, a discharger may use an on-line analyzer at the sampling point on the stream and analyze the effluent at the sampling point for the parameter pH once in each day during the time period applicable to the plant under subsection 17 (4) or (5), and two more times in each 24-hour period beginning with the first analysis at the plant under this subsection in each day.

(6) There shall be an interval of at least four hours between each of the three analyses at a sampling point under subsection (5) in each 24-hour period.

(7) For the purposes of this section, a discharger shall use either the sampling point established under section 8 on the stream or an alternate sampling point located downstream of the sampling point but before the point of discharge of the stream to surface water or to an industrial sewer used in common with another plant.

(8) Before using an alternate sampling point under subsection (7), a discharger shall give the Director a written notice describing the location of the alternate sampling point, together with a revised version of the list and plot plan submitted under section 9 showing the alternate sampling point.

MONITORING—ACUTE LETHALITY TESTING—RAINBOW TROUT

23. (1) Where a discharger is required by this section to perform a rainbow trout acute lethality test, the discharger shall perform the test according to the procedures described in the Environment Canada publication entitled "Biological Test Method: Reference Method for Determining Acute Lethality of Effluents to Rainbow Trout", dated July, 1990.

(2) Each rainbow trout acute lethality test required by this section shall be carried out as a single concentration test using 100 per cent effluent.

(3) On one day in each month, on a day on which samples are picked up at the plant under subsection 19 (1), each discharger shall collect and immediately pick up a grab sample from each process effluent sampling point at the discharger's plant and shall perform a rainbow trout acute lethality test on each sample.

(4) For the purposes of this section, a discharger may, instead of using a process effluent sampling point on a stream, use an alternate sampling point located downstream of the process effluent sampling point but before the point of discharge of the stream to surface water or to an industrial sewer used in common with another plant.

(5) Subsection (4) applies only if the process effluent in the stream is intentionally combined with cooling water effluent before discharge from the plant.

(6) There shall be an interval of at least 15 days between successive pick-up days at the plant under subsection (3).

(7) All samples picked up under subsection (3) in a month shall be picked up on the same day in the month.

(8) Where a discharger has performed tests under subsection (3) for 12 consecutive months on samples collected from the same sampling point and the mortality of the rainbow trout in each test did not exceed 50 per cent, the discharger is relieved of the obligations under subsection (3) relating to the sampling point and shall instead collect and immediately pick up a grab sample at the sampling point on one day in each quarter and perform a rainbow trout acute lethality test on each sample.

(9) Samples picked up at a plant under subsection (8) shall be picked up on a day on which samples are picked up at the plant under subsection (3).

(10) If no samples are being picked up at a plant under subsection (3) during a quarter, samples picked up at the plant during the quarter under subsection (8) shall be picked up on a day on which samples are picked up at the plant under subsection 19 (1).

(11) There shall be an interval of at least 45 days between successive pick-up days at the plant under subsection (8).

(12) All samples picked up under subsection (8) in a quarter shall be picked up on the same day in the quarter.

(13) If a rainbow trout acute lethality test performed under subsection (8) on any sample from a sampling point results in mortality of more than 50 per cent of the test rainbow trout, subsections (8) to (12) cease to apply in respect to samples from that sampling point, and a discharger shall instead comply with the requirements of subsection (3) relating to the sampling point, until the tests performed under

subsection (3) on all samples collected from the sampling point for a further 12 consecutive months result in mortality for no more than 50 per cent of the rainbow trout for each test.

(14) A discharger shall notify the Director in writing of any change in the frequency of acute lethality testing under this Regulation at the discharger's plant, within 30 days after the day on which the change begins.

(15) A discharger may notify the Director in writing of any period in which the testing of samples collected at a sampling point under subsection (3) would always result in mortality of more than 50 per cent of the test rainbow trout.

(16) Where a notice is given under subsection (15), a discharger is relieved of the obligations under subsection (3) relating to the sampling point during the period in which the testing of samples collected at the sampling point would always result in mortality of more than 50 per cent of the test rainbow trout.

(17) Subsections (15) and (16) are revoked on August 26, 1997.

(18) Subsections (2) to (17) apply with necessary modifications to each cooling water effluent sampling point and, for the purpose, the reference in subsection (3) to each process effluent sampling point shall be deemed to be a reference to each cooling water effluent sampling point and the reference in subsections (3) and (10) to subsection 19 (1) shall be deemed to be a reference to subsection 26 (1).

(19) A discharger need not perform any monitoring under subsection (18) in any month in which the discharger uses an alternate sampling point in accordance with subsection (4).

MONITORING—ACUTE LETHALITY TESTING—*DAPHNIA MAGNA*

24. (1) Where a discharger is required by this section to perform a *Daphnia magna* acute lethality test, the discharger shall perform the test according to the procedures described in the Environment Canada publication entitled "Biological Test Method: Reference Method for Determining Acute Lethality of Effluents to *Daphnia magna*", dated July, 1990.

(2) Subsections 23 (2) to (19) apply with necessary modifications to *Daphnia magna* acute lethality tests and, for the purpose, a reference to rainbow trout shall be deemed to be a reference to *Daphnia magna*.

(3) Each discharger shall pick up each set of samples required to be collected from a sampling point at the discharger's plant under this section on a day on which the discharger collects a sample from the sampling point under section 23, to the extent possible having regard to the frequency of monitoring required at the sampling point under this section and section 23.

**MONITORING—CHRONIC TOXICITY TESTING—FATHEAD MINNOW
AND *CERIODAPHNIA DUBIA***

25. (1) Where a discharger is required to perform a seven-day fathead minnow growth inhibition test, the discharger shall perform the test according to the procedure described in the Environment Canada publication entitled "Biological Test Method: Test of Larval Growth and Survival Using Fathead Minnows", dated February, 1992.

(2) Where a discharger is required to perform a seven-day *Ceriodaphnia dubia* reproduction inhibition and survivability test, the discharger shall perform the test according to the procedure described in the Environment Canada publication entitled "Biological Test Method: Test of Reproduction and Survival Using the Cladoceran *Ceriodaphnia dubia*", dated February, 1992.

(3) On one day in each semi-annual period, on a day on which samples are picked up at the plant under subsection 19 (1), each discharger shall collect and immediately pick up a grab sample from each process effluent sampling point at the discharger's plant, and shall perform a seven-day fathead minnow growth inhibition test and a seven-day *Ceriodaphnia dubia* reproduction inhibition and survivability test on each sample.

(4) There shall be an interval of at least 90 days between successive pick-up days at the plant under subsection (3).

(5) All samples picked up under subsection (3) in a semi-annual period shall be picked up on the same day in the semi-annual period.

(6) A discharger need not collect a sample from a sampling point in accordance with subsection (3) until 12 consecutive monthly rainbow trout acute lethality tests and 12 consecutive monthly *Daphnia magna* acute lethality tests performed on samples collected at the sampling point at a discharger's plant result in mortality for no more than 50 per cent of the test organisms in 100 per cent effluent.

MONITORING—COOLING WATER EFFLUENT—WEEKLY ASSESSMENT

26. (1) Each discharger shall, on one day in each week, pick up a set of samples collected at each cooling water effluent sampling point at the discharger's plant and shall analyze each set of samples for each assessment parameter listed in Schedule 3 for that discharger's plant.

(2) There shall be an interval of at least four days between successive pick-up days at the plant under subsection (1).

(3) All samples picked up under subsection (1) in a week shall be picked up on the same day in the week.

**PART VI
EFFLUENT VOLUME**

FLOW MEASUREMENT—GENERAL

27. (1) For the purposes of this section, a volume of effluent for a stream for a day is the volume that flowed past the sampling point established under Part II on the stream during the 24-hour period preceding the pick-up of the first sample picked up from the sampling point for the day.

(2) Each discharger shall determine in cubic metres a daily volume of effluent for each process effluent stream at the discharger's plant for each day on which a sample is collected under this Regulation from the stream, by integration of continuous flowrate measurements.

(3) Despite subsection (2), where a process effluent stream discharges on an intermittent basis, the daily volumes for the stream may be determined either by integration of continuous flowrate measurements or by the summation of individual batch volume measurements.

(4) Each discharger shall use flow measurement methods that allow the daily volumes for process effluent streams to be determined to an accuracy of within plus or minus 15 per cent.

(5) Each discharger shall determine in cubic metres a daily volume of effluent for each cooling water effluent stream at the discharger's plant for each day on which a sample is collected under this Regulation from the stream.

(6) Each discharger shall use flow measurement methods that allow the daily volumes for cooling water effluent streams to be determined to an accuracy of within plus or minus 20 per cent.

(7) Each discharger shall, no later than the day that this section comes into force, determine by calibration or confirm by means of a certified report of a registered professional engineer of the Province of Ontario

that each flow measurement method used under subsections (2) and (3) meets the accuracy requirements of subsection (4) and that each flow measurement method used under subsection (5) meets the accuracy requirements of subsection (6).

(8) Where a discharger uses a new flow measurement method or alters an existing flow measurement method, the discharger shall determine by calibration or confirm by means of a certified report of a registered professional engineer of the Province of Ontario that each new or altered flow measurement method meets the accuracy requirements of subsection (4) or (6), as the case may be, within two weeks after the day on which the new or altered method or system is used.

(9) Each discharger shall develop and implement a maintenance schedule and a calibration schedule for each flow measurement system installed at the discharger's plant and shall maintain each flow measurement system according to good operating practices.

(10) Each discharger shall use reasonable efforts to set up each flow measurement system used for the purposes of this section in a way that permits inspection by a provincial officer.

FLOW MEASUREMENT—ALTERNATE SAMPLING POINTS USED UNDER SECTION 23

28. (1) For the purposes of this section, a daily alternate volume of effluent for a stream for a day is the volume that flowed past the alternate sampling point established on the stream for the purposes of subsection 23 (4) during the 24-hour period preceding the pick-up of the first sample picked up from the alternate sampling point for the day.

(2) Each discharger shall determine in cubic metres a daily alternate volume of effluent for each stream at the discharger's plant on which an alternate sampling point has been established for the purposes of section 23, for each day on which a sample is collected under this Regulation from the alternate sampling point, by integration of continuous flowrate measurements.

(3) Subsections 27 (3), (4), (7), (8), (9) and (10) apply with necessary modifications to determinations under this section.

CALCULATION OF PLANT VOLUMES

29. (1) Each discharger shall calculate, in cubic metres, a daily process effluent plant volume for each day.

(2) For the purposes of subsection (1), a process effluent plant volume for a day is the sum of the daily process effluent volumes determined under section 27 for the day.

(3) Each discharger shall calculate, in cubic metres, a monthly average process effluent plant volume for each month, by taking the arithmetic mean of the daily process effluent plant volumes calculated under subsection (1) for the month.

(4) Each discharger shall calculate, in cubic metres, a daily cooling water effluent plant volume for each day.

(5) For the purposes of subsection (4), a cooling water effluent plant volume for a day is the sum of the daily cooling water volumes determined under section 27 for the day.

(6) Each discharger shall calculate, in cubic metres, a monthly average cooling water effluent plant volume for each month, by taking the arithmetic mean of the daily cooling water effluent plant volumes calculated under subsection (4) for the month.

(7) Each discharger shall calculate, in cubic metres, a monthly average alternate volume of effluent for the discharger's plant for each

month, by taking the arithmetic mean of the daily alternate volumes determined under section 28 for the month.

PART VII STORM WATER CONTROL STUDY

STORM WATER CONTROL STUDY

30. (1) Each discharger shall complete a storm water control study in respect of the discharger's plant, in accordance with the requirements of the Ministry of Environment and Energy publication entitled "Protocol for Conducting a Storm Water Control Study", dated August, 1994.

(2) A discharger need not comply with subsection (1) in respect of the discharger's plant if,

- (a) the plant meets the exemption criteria set out in the Ministry of Environment and Energy publication entitled "Protocol for Conducting a Storm Water Control Study", dated August, 1994; and
- (b) the discharger notifies the Director in writing, by August 28, 1995, that the plant meets the exemption criteria referred to in clause (a).

(3) Subject to subsection (4), a discharger shall complete the storm water control study in respect of the discharger's plant by August 26, 1996.

(4) A discharger may postpone completion of the storm water control study in respect of the discharger's plant until August 26, 1997 if,

- (a) in order to meet the requirements of Part IV, the discharger plans to make process changes, install wastewater treatment facilities, implement management practices, or make any other changes at the plant that would likely alter the quantity or quality of storm water discharged from the plant; and
- (b) the discharger notifies the Director in writing, by August 26, 1996, of the plans referred to in clause (a).

(5) Each discharger shall ensure that a copy of each study completed under this section is available to Ministry staff at the discharger's plant, on request, during the plant's normal office hours.

PART VIII RECORDS AND REPORTS

RECORD KEEPING

31. (1) Each discharger shall keep records, in an electronic format acceptable to the Director, of all analytical results obtained under sections 18, 19, 20, 22 and 26, all calculations performed under sections 12, 13 and 14 and all determinations and calculations made or performed under sections 27, 28 and 29.

(2) Each discharger shall keep records of all sampling and analytical procedures used in meeting the requirements of section 7, including, for each sample, the date, the time of pick-up, the sampling procedures used, and any incidents likely to affect the analytical results.

(3) Each discharger shall keep records of the results of all monitoring performed under sections 21 and 23 to 25.

(4) Each discharger shall keep records of all maintenance and calibration procedures performed under sections 27 and 28.

(5) Each discharger shall keep records of all problems or malfunctions, including those related to sampling, analysis, acute lethality testing, chronic toxicity testing or flow measurement, that result or are likely to result in a failure to comply with a requirement of this Regulation, stating the date, duration and cause of each malfunction, and including a description of any remedial action taken.

(6) Each discharger shall keep records of any incident in which process effluent is discharged from the discharger's plant without flowing past a sampling point established on a process effluent stream in accordance with Part II before being discharged, stating the date, duration, cause and nature of each incident.

(7) Each discharger shall keep records of all process changes and redirections of or changes in the character of effluent streams that affect the quality of effluent at any sampling point established under this Regulation at the discharger's plant.

(8) Each discharger shall keep records of the daily production, in tonnes, for the products listed in Column 2 of Schedule 4 for the discharger's plant.

(9) Each discharger shall keep records of the location of each sampling point established at the discharger's plant under Part II.

(10) Each discharger shall make each record required by this section as soon as reasonably possible and shall keep each such record for a period of three years.

(11) Each discharger shall ensure that all records kept under this section are available to Ministry staff at the discharger's plant, on request during the plant's normal office hours.

REPORTS AVAILABLE TO THE PUBLIC

32. (1) On or before June 1 in each year, each discharger shall prepare a report relating to the previous calendar year and including,

- (a) a summary of plant loadings calculated under sections 12 and 14;
- (b) a summary of results of monitoring performed under sections 18, 19, 20 and 22 to 26;
- (c) a summary of calculations performed under subsections 29 (1), (4) and (7);
- (d) a summary of the loadings or other results that exceeded a limit prescribed by section 15 or 16; and
- (e) a summary of the incidents in which process effluent was discharged from the discharger's plant without flowing past a sampling point established on a process effluent stream in accordance with Part II before being discharged.

(2) Each discharger shall ensure that each report prepared under subsection (1) is available to any person at the discharger's plant, on request, during the plant's normal office hours.

(3) Each discharger shall provide the Director, upon request, with a copy of any report that the discharger has prepared under subsection (1).

REPORTS TO THE DIRECTOR—GENERAL

33. (1) Each discharger shall notify the Director in writing of any change of name or ownership of the discharger's plant occurring after August 26, 1994, within 30 days after the end of the month in which the change occurs.

(2) Each discharger shall notify the Director in writing of any process change or redirection of or change in the character of an effluent stream that affects the quality of effluent at any sampling point established under this Regulation at the discharger's plant, within 30 days of the change or redirection.

(3) A discharger need not comply with subsection (2) where the effect of the change or redirection on effluent quality is of less than one week's duration.

(4) Each discharger shall notify the Director in writing if the discharger's plant has, for more than 90 consecutive days, operated at less than 75 per cent of the production rate specified in Schedule 4 for the discharger's plant, within 30 days of the end of the 90-day period.

REPORTS TO THE DIRECTOR ON COMPLIANCE WITH SECTION 6 AND PART IV

34. (1) Each discharger shall report any incident in which process effluent is discharged from the discharger's plant without flowing past a sampling point established on a process effluent stream in accordance with Part II before being discharged.

(2) Each discharger shall report any loading, concentration or other result that exceeds a limit prescribed by section 15 or 16.

(3) A report required under subsection (1) or (2) shall be given orally, as soon as reasonably possible, and in writing, as soon as reasonably possible.

QUARTERLY REPORTS TO THE DIRECTOR

35. (1) No later than 45 days after the end of each quarter, each discharger shall submit a report to the Director containing information relating to the discharger's plant throughout the quarter as required by subsections (3) to (8).

(2) A report under this section shall be submitted both in an electronic format acceptable to the Director and in hard copy generated from the electronic format and signed by the discharger.

(3) A report under this section shall include all information included in a report given under section 34 during the quarter.

(4) Each discharger shall report, for each month in the quarter,

- (a) the monthly average plant loadings and the highest and lowest daily plant loadings calculated under sections 12 and 14 for each limited parameter and each assessment parameter; and
- (b) the monthly average alternate loadings and the highest and lowest daily alternate loadings calculated under section 13 for each parameter listed in subsection 20 (1).

(5) Each discharger shall report, for each month in the quarter,

- (a) the monthly average process effluent plant volume and the highest and lowest daily process effluent plant volumes calculated under section 29; and
- (b) the monthly average alternate volume calculated under subsection 29 (7) and the highest and lowest daily alternate volumes calculated for each stream under section 28.

(6) Each discharger shall report, for each month in the quarter, the monthly average cooling water effluent plant volume and the highest and lowest daily cooling water effluent plant volumes calculated under section 29.

(7) Each discharger shall report the number of days in each month in the quarter on which process effluent was discharged from the discharger's plant.

(8) Each discharger shall report, for each month in the quarter, the highest and lowest pH results obtained under section 22 for each process effluent monitoring stream at the discharger's plant.

REPORTS TO THE DIRECTOR ON CHRONIC TOXICITY TESTING

36. (1) Each discharger shall report to the Director the results of all monitoring performed under section 25, together with the date on which each sample was picked up, no later than 60 days after the end of each semi-annual period in which the monitoring was performed.

(2) A report under subsection (1) shall include a plot of percentage reduction in growth or reproduction against the logarithm of test concentration and shall include a calculation of the concentration at which a 25 per cent reduction in growth or reproduction would occur.

PART IX COMMENCEMENT AND REVOCATION PROVISIONS

37. Ontario Regulations 648/89, 232/90 and 419/90 are revoked on November 24, 1994.

38. (1) Part IV comes into force on August 26, 1997.

(2) Parts V and VI come into force on November 24, 1994.

LOI DE 1987 SUR LES TRANSPORTS ROUTIERS

LICENCES D'EXPLOITATION D'UNE ENTREPRISE DE CAMIONNAGE DEMANDÉES EN VERTU DE LA PARTIE II

On trouvera ci-après la liste des demandes de licences d'exploitation d'une entreprise de camionnage extra-provinciale présentées en vertu de la partie II de la *Loi de 1987 sur les transports routiers*, L.C. 1987, chapitre 35. On a jugé que les personnes ayant présenté ces demandes se conformaient aux critères d'aptitude prévus au paragraphe 8 (2) de la Loi. L'office des transports de l'Ontario propose donc de délivrer ces licences si aucun avis d'objection n'est signifié à l'auteur de la demande et déposé auprès du registrateur des véhicules automobiles dans les trente jours suivant la publication des présentes.

Sheriffs' Sales of Lands Ventes de terrains par le shérif

UNDER AND BY VIRTUE of a Writ of Seizure and Sale issued out of the Ontario Court (General Division), to me directed, against the real and personal property of MOJSIJE EMEDI, VLADIMIR EMEDI and KRESIMIR EMEDI, Defendants, at the suit of CROATIAN (TORONTO) CREDIT UNION LIMITED, Plaintiff, I have seized and taken in execution all right, title, interest and equity of redemption of MOJSIJE EMEDI, VLADIMIR EMEDI and KRESIMIR EMEDI, Defendants, in and to:

Part of Lot 1, 2, 3 and 4, Conc. 2, Township of Manvers, County of Victoria.

The overall property is said to contain an area of approximately 202.35 hectares (500 acres). The property is irregular in shape and it fronts on the south side of the Concession Road between Conc. 2 and 3 for the Twp. of Manvers and also fronts to the Townline between the Twp. of Manvers and the Geographic Twp. of Darlington. In addition, the property fronts to the unopened road allowance between Conc. 1 and 3 of the Twp. of Manvers. The easterly part of the property appears to be treed, primarily with bush while the westerly part includes some open pasture type fields. There is apparently a farm house located on the westerly portion of the property together with a few old barns, but apparently the proposed main use for the property is as a gravel pit. Under Township of Manvers Zoning By-Law 86-06 the subject property is zoned M2-Industrial Extractive. The permitted use in this zoning includes pit and quarry uses. The property is licensed pursuant to the Aggregate Resources Act regulated by the Ministry of Natural Resources for the removal of one million tons of material per calendar year. Conditions attached to the License may be obtained from officials of the Ministry of Natural Resources.

The said right, title, interest and equity of redemption of the said MOJSIJE EMEDI, VLADIMIR EMEDI and KRESIMIR EMEDI, Defendants, in the said lands and tenements shall be offered for sale by public auction in my office at the Court House, Lindsay, Ontario, on Monday, October 17, 1994, at 11:00 a.m.

The purchaser assumes responsibility for all mortgages, charges, liens, and other encumbrances.

TERMS: Cash or certified cheque made payable to Sheriff, Counties of Victoria/Haliburton.
Deposit 10% of bid price or \$1,000 whichever is greater, at time of sale.
Deposit applied to the purchase price of successful bidder.
Ten days to make final payment.
Delivery only upon payment in full.
Registration from 10:00 to 11:00 a.m. on day of Sale.
Other conditions as announced.

This sale is subject to cancellation up to the time of sale, without further notice.

No persons working for the Ministry of the Attorney General, or officials of the Ontario Courts or persons working for them shall purchase, either directly or indirectly, any goods, chattels, lands or tenements exposed by a Sheriff for Sale under legal process.

Dated at Lindsay, this 30th day of August, 1994.

"Corporation" means The Ontario Travel Industry Compensation Fund Corporation referred to in section 44.1;

2. Section 6 of the Regulation is amended by striking out "Compensation Fund" wherever it appears and substituting in each case "Corporation".

3. Subsection 26 (1) of the Regulation is amended by striking out "Compensation Fund" in the second line and substituting "Corporation".

4. (1) Section 43 of the Regulation is amended by adding the following definition:

"board of directors" means the board of directors of the Corporation;

(2) The definition of "former terms of the Fund" in section 43 of the Regulation is revoked.

5. Section 44 of the Regulation is amended by adding the following subsection:

(2) It is a term and condition of registration that a registrant provide information to the Corporation on forms or returns supplied by the Corporation.

6. The Regulation is amended by adding the following section:

44.1 The affairs of the Compensation Fund shall be administered and managed by The Ontario Travel Industry Compensation Fund Corporation, a corporation without share capital incorporated under Part III of the *Corporations Act*.

7. (1) Subsection 45 (2) of the Regulation is revoked and the following substituted:

(2) The Compensation Fund is composed of,

- (a) payments made by participants in accordance with a predecessor to this Regulation or by registrants in accordance with this Regulation;
- (b) any money borrowed under a predecessor to this Regulation or by the Corporation under this Regulation;
- (c) recoveries made under a predecessor of this Regulation or by the Corporation under this Regulation.

(2) Section 45 of the Regulation is amended by adding the following subsection:

(4) All money in the Compensation Fund and any income on such money shall be held by the Corporation in trust for the benefit of claimants whose claims for compensation are approved by the Corporation in accordance with this Regulation.

8. Section 46 of the Regulation is amended by striking out "Compensation Fund" and substituting "Corporation".

9. (1) Section 47 of the Regulation is amended by striking out "Compensation Fund" wherever it appears and substituting in each case "Corporation".

(2) Subsection 47 (5) of the Regulation is amended by striking out "Minister" in the second line and substituting "Corporation".

10. Section 48 of the Regulation is revoked and the following substituted:

48. The Corporation may require that registrants make additional payments to the Corporation if the payments are necessary to pay or reduce a debt of the Corporation or its predecessor to a financial institution.

11. Section 49 of the Regulation is amended by striking out "board of trustees" in the first line and substituting "board of directors".

12. Subsection 50 (3) of the Regulation is amended by adding the following paragraph:

10. If the traveller received travel services pursuant to section 60 or 61.

13. Section 53 of the Regulation is revoked and the following substituted:

53. A customer or a registrant shall make a claim for reimbursement in writing to the board of directors within six months after the event that gave rise to the claim for reimbursement.

14. Subsection 54 (1) of the Regulation is amended by striking out "board of trustees" and substituting "board of directors".

15. Section 56 of the Regulation is amended by striking out "Compensation Fund" in the second line and substituting "Corporation".

16. Subsection 57 (2) of the Regulation is amended by striking out "Compensation Fund" in the fourth line and substituting "Corporation".

17. Subsection 60 (1) of the Regulation is amended by,

- (a) striking out "the board of trustees may direct the Corporation to make payments out of the fund" in the first and second lines and substituting "the board of directors may make payments out of the Compensation Fund"; and
- (b) striking out "Corporation" in clause (c) and substituting "Compensation Fund".

18. Subsection 61 (3) of the Regulation is amended by striking out "board of trustees" in the first line and substituting "board of directors".

19. Sections 62 to 70 of the Regulation are revoked and the following substituted:

HEARING BY TRIBUNAL

62. (1) If the board of directors of the Corporation determines that a claim, or any part thereof made under section 50, 51 or 52 is not eligible for reimbursement, the Corporation shall immediately serve notice of the decision on the claimant.

(2) A person who receives notice under subsection (1) is entitled to a hearing before the Tribunal if, within 15 days after notice is served, the person mails or delivers a written request for a hearing to the Registrar, the Corporation and the Tribunal.

(3) A notice of a decision under subsection (1) shall inform the claimant of his, her or its right to a hearing and of the manner and time within which to request the hearing.

(4) If a person who has been served with a notice under subsection (1) does not require a hearing, the decision of the board of directors becomes final.

(5) If a claimant requires a hearing before the Tribunal in accordance with subsection (2), the Tribunal shall appoint a time for and hold the hearing.

(6) The Tribunal may,

- (a) allow the claim, in whole or in part, and direct the Corporation to pay the amount allowed out of the Compensation Fund; or
- (b) refuse to allow the claim in whole or in part.

(7) The person who requested the hearing, the Corporation and any other person specified by the Tribunal are parties to the hearing.

(8) An order of the Tribunal allowing a claim is subject to the maximum amounts that may be paid out of the Fund under this Regulation.

(9) The provisions of this Part apply with necessary modifications to any disposition or decision of the Tribunal under this section.

ADMINISTRATION OF THE COMPENSATION FUND

63. (1) The Corporation may borrow money to supplement the Compensation Fund.

(2) The Corporation may, from time to time, invest any funds of the Compensation Fund which are surplus to the immediate requirements of

the Corporation in securities provided for under sections 26 and 27 of the *Trustee Act*.

64. (1) The Corporation may employ, retain or authorize the employment of any counsel, accountant or other expert or of advisors, staff or trade associations as it may reasonably require to administer and manage the Compensation Fund, to investigate claims and to maintain and protect the Compensation Fund.

(2) The Corporation may rely and act upon the opinion, advice or information provided by any person referred to in subsection (1).

65. (1) The Corporation shall file with the Minister within 90 days of the end of its fiscal period annual financial statements with an audit opinion from an accountant licensed under the *Public Accountancy Act*.

(2) A copy of annual financial statements shall be provided to any registrant who requests a copy.

66. Any information, books, records or documents respecting the affairs of the Corporation or of the Compensation Fund and kept by the Corporation shall be made available to the Director.

67. The Corporation shall notify the Registrar forthwith of any default of any registrant or of any claim made in respect of a registrant or of any failure by a registrant to perform any obligation or condition under the Act or its Regulations.

68. (1) The Director may require that the affairs of the Corporation or of the Compensation Fund be audited.

(2) The Corporation shall assist the auditors in performing the audit and provide any books, records or information that may be required.

69. (1) All assets, liabilities, rights and interests held by the trustee in its capacity as trustee of the Compensation Fund shall be deemed to be held by The Ontario Travel Industry Compensation Fund Corporation.

(2) A reference to the trustee in its capacity as trustee of the Compensation Fund in any document shall be deemed to be a reference to The Ontario Travel Industry Compensation Fund Corporation.

(3) In this section, "trustee" means the trustee appointed under section 63, as it read on the day immediately before Ontario Regulation 570/94 came into force.

ONTARIO REGULATION 571/94

made under the
INSURANCE ACT

Made: August 31, 1994
Filed: September 2, 1994

Amending O. Reg. 220/91
(Assessment of Commission Expenses and Expenditures)

Note: Ontario Regulation 220/91 has not been amended in 1994. For prior amendments, see the Table of Regulations in the Statutes of Ontario, 1993.

1. (1) Section 3 of Ontario Regulation 220/91 is amended by adding the following paragraph:

1.1 Calculate the expenses incurred and expenditures made by the Commission during the assessment period in respect of automobile insurance, according to the following formula:

$$F = \frac{BB + CC + DD}{2}$$

where,

F = the expenses incurred and expenditures made by the Commission during the assessment period in respect of automobile insurance,

BB = the expenses incurred and expenditures made by the Commission during the assessment period for automobile insurance dispute resolution activity and automobile insurance rates and classification activity,

CC = the expenses incurred and expenditures made by the Commission during the assessment period for the Commission's Accident Benefits Analysis Unit,

DD = the expenses incurred and expenditures made by the Commission during the assessment period for the Commission's Actuarial Services Branch and Market Conduct Branch.

(2) Paragraphs 2, 3 and 4 of section 3 of the Regulation are revoked and the following substituted:

2. Calculate the insurer's automobile insurance share of the assessment, according to the following formula:

$$D = E \times \frac{F - (G \times 1,000) - (EE \times 2,000) - ((H + I) \times 500)}{J}$$

where,

D = the insurer's automobile insurance share of the assessment,

E = the insurer's direct premiums for automobile insurance in Ontario in the year beginning on the 1st day of January immediately preceding the beginning of the assessment period,

F = the expenses incurred and expenditures made by the Commission during the assessment period in respect of automobile insurance, calculated under rule 1.1,

G = the total number of arbitrations commenced under section 282 of the Act during the assessment period and before October 1, 1994,

EE = the total number of arbitrations commenced under section 282 of the Act during the assessment period and after September 30, 1994,

H = the total number of appeals commenced under section 283 of the Act during the assessment period,

I = the total number of applications commenced under section 284 of the Act during the assessment period,

J = the total, for all insurers licensed for automobile insurance during the assessment period, of all direct premiums for automobile insurance in the year beginning on the 1st day of January immediately preceding the beginning of the assessment period.

3. Calculate the amount to be recovered with respect to activities other than automobile insurance, according to the following formula:

$$K = A - F - L$$

where,

K = the amount to be recovered with respect to activities other than automobile insurance,

A = the total amount to be recovered, calculated under rule 1,

F = the expenses incurred and expenditures made by the Commission during the assessment period in respect of automobile insurance, calculated under rule 1.1,

L = the total revenue collected during the assessment period by the Commission or the Treasurer of Ontario under the *Insurance Act*, the *Prepaid Hospital and Medical Services Act* and the *Investment Contracts Act*, other than revenue from an assessment under section 14 of the *Insurance Act* or taxes paid under section 391 of the *Insurance Act*.

4. If the insurer is licensed for property and casualty insurance during the assessment period, calculate the property and casualty insurer assessment rate for insurers incorporated or organized under the laws of foreign jurisdictions, according to the following formula:

$$M = \frac{(0.7 \times K) - (0.0004 \times N)}{N + P}$$

where,

M = the property and casualty insurer assessment rate for insurers incorporated or organized under the laws of foreign jurisdictions,

K = the amount to be recovered with respect to activities other than automobile insurance, calculated under rule 3,

N = the total, for all insurers incorporated or organized under the laws of Ontario, other than mutual benefit societies, that are licensed for property and casualty insurance during the assessment period, of all net premiums for property and casualty insurance in the year beginning on the 1st day of January immediately preceding the beginning of the assessment period,

P = the total, for all insurers incorporated or organized under the laws of foreign jurisdictions that are licensed for property and casualty insurance during the assessment period, of all net premiums for property and casualty insurance in the year beginning on the 1st day of January immediately preceding the beginning of the assessment period.

(3) Paragraph 7 of section 3 of the Regulation is revoked and the following substituted:

7. If the insurer is licensed for accident, sickness or life insurance during the assessment period, calculate the accident, sickness and life insurer assessment rate for insurers incorporated or organized under the laws of foreign jurisdictions, according to the following formula:

$$U = \frac{(0.3 \times K) - (0.0004 \times V)}{V + W}$$

where,

U = the accident, sickness and life insurer assessment rate for insurers incorporated or organized under the laws of foreign jurisdictions,

K = the amount to be recovered with respect to activities other than automobile insurance, calculated under rule 3,

V = the total, for all insurers incorporated or organized under the laws of Ontario, other than mutual benefit societies, that are licensed for accident, sickness or life insurance during the assessment period, of all net premiums for accident, sickness and life insurance in the year beginning on the 1st day of January immediately preceding the beginning of the assessment period,

W = the total, for all insurers incorporated or organized under the laws of foreign jurisdictions that are licensed for accident, sickness or life insurance during the assessment period, of all net premiums for accident, sickness and life insurance in the year beginning on the 1st day of January immediately preceding the beginning of the assessment period.

(4) Paragraph 10 of section 3 of the Regulation is revoked and the following substituted:

10. Calculate the sum of the following amounts that apply to the insurer:

- i. The insurer's automobile insurance share of the assessment, calculated under rule 2.
- ii. The insurer's property and casualty insurance share of the assessment, calculated under rule 5 or 6.
- iii. The insurer's accident, sickness and life insurance share of the assessment, calculated under rule 8 or 9.

2. Clause 4 (a) of the Regulation is revoked and the following substituted:

- (a) \$1,000 for each arbitration to which the insurer is a party that is commenced under section 282 of the Act during the assessment period and before October 1, 1994;
- (a.1) \$2,000 for each arbitration to which the insurer is a party that is commenced under section 282 of the Act during the assessment period and after September 30, 1994;

3. The amendments made to Ontario Regulation 220/91 by this Regulation apply in respect of all assessments made under section 14 of the Act with respect to periods of time that end after this Regulation comes into force.
